Dear Yoncalla Families,

Coming Together for Our Students

A representative from the Yoncalla School District attended a two-day safety training. The ["I Love U Guys" Foundation](#) led this effort. The training covered important safety steps and included an exercise for reuniting students with families at a designated location after an event. Working together helps us make better safety plans that focus on students. The Yoncalla School District is dedicated to keeping schools safe through learning, planning, and teamwork.

The mission of "I Love U Guys" is to restore and protect the joy of youth through educational programs and positive actions in collaboration with families, schools, communities, organizations, and government entities.

Respectfully,

Brian Berry

Brian Berry, Superintendent
Yoncalla School District
