

The Promises and Perils of AI in Education

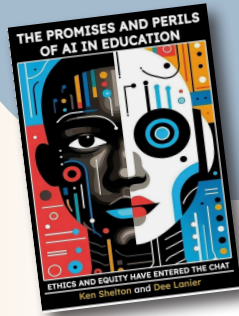

A WORKSHOP FOR SYSTEMS LEADERS

presented by the
Santa Barbara County Education Office

Join Santa Barbara County educational leaders to learn, explore, and lead with intention around artificial intelligence for K-12 in education. Together, we will consider the systems, culture, and communication strategies needed to navigate this rapidly evolving landscape. Through hands-on experiences and shared learning, participants will leave equipped to take thoughtful next steps in their local context.

The session will delve into:

- AI literacy
- Equity and access
- Positive, productive partnerships with families
- The local, state and national AI landscape

featuring

ken shelton

Ken Shelton is an award-winning educator and speaker with over 20 years of experience in instructional technology, equity, and leadership. A former middle school teacher and bestselling author, he has advised education systems globally and served on California's Education Technology Task Force.
