Be Ready by 5

Find the Resources Your Family Needs

Be Ready by 5 connects you to resources in Montgomery County, Ohio that help prepare your children age 0-5 for success in Kindergarten and beyond. We help you understand what it means to be ready for Kindergarten and provide an eligibility screener for programs in the following 5 areas:

Pregnancy Support

Whether you've been pregnant before or this is your first time, we help you find extra support to prepare you for your baby and plan for their first 5 years.

Parent & Family Connections

We connect you to programs and home visitors that can help provide the support you need along with parent groups to share information with families like yours!

Developmental Milestones

We help you understand these age-appropriate milestones and provide you with resources for support if your child gets off track.

Health, Wellness & Safety

The first 5 years are important for overall health and wellness. We help you understand how to find a pediatrician, why well-visits are important and how you can stay on track.

High-Quality Child Care & Preschool

The first 5 years help prepare your child for success even beyond Kindergarten. We help you navigate childcare, preschool and how to prepare your child for Kindergarten and life beyond school.

How Does The Eligibility Screener Work?

We know it's overwhelming trying to understand every possible program available to you. That's why we created Be Ready by 5, so you can easily find the resources you're eligible for just by filling out an eligibility screener.

When you fill out the eligibility screener you will receive an individualized list of programs and services that you qualify for, based on your needs.

Scan the QR code to fill out our eligibility screener.
