FRENCH EXCHANGE

Spend three days in Paris exploring how cities can become more livable, equitable and inspiring through creative, sustainable use of space. From community gardens to urban farms and cultural hubs, discover the future of city life in one of the world's most iconic capitals. Then, take a scenic train ride to Clermont-Ferrand to participate in an exchange program with our partner school, Fénelon. Nestled in the heart of the Auvergne region, Clermont-Ferrand offers a unique glimpse into everyday French life beyond the big cities – with its volcanic landscapes, Gothic architecture, bustling markets and thriving arts scene. Students in Grades 9–11 who want to dive into global topics like sustainability, equity and urban innovation through hands-on experiences in France are encouraged to apply. No French language skills needed – just bring your curiosity, an open mind for cultural exchange and excitement to live with a host family.
