

SCHOOL INFORMATION

Gordon Odyssey Academy's Alternative Program provides a nurturing, student-centered environment designed to support the academic, behavioral, and social growth of students facing challenges in traditional settings. Through project-based learning, real-world applications, and a focus on the ABCs—attendance, behavior, and classroom performance—we ensure learning remains relevant and impactful. Our team uses data-driven instruction, individualized support, and structured interventions like the Behavior Modification Program to help students develop both academically and personally. By equipping staff with professional learning and fostering collaboration, we create a space where every student is empowered to overcome obstacles, build essential life skills, and transition successfully to their next phase.

PROGRESS AND ACTIONS PLANNED

- During the 2024-2025 academic year, Gordon Odyssey Academy continued with its implementation of the FCSD Virtual Academy for students in grades 6-12. We will continue to implement the program for the 2025-2026 academic year.
- During the 2024-2025 academic year, we totally revamped the behavior modification program at Gordon Odyssey Academy, placing emphasis on entry and transition, a stronger focus on innovative instructional practices, and increased parental involvement.
- During the 2024-2025 academic year, we focused on goal setting in our Adult Education program. We have increased the number of students participating in courses; as well as, our GED Program. We will focus on increasing our measurable skills gains, and we will continue to remain focused on academic growth
