Date	Activity and Description	Hours of Service	Adult Supervisor Name	Adult Supervisor initials	Contact for Adult Supervisor	Initials of Person entering House Points.

Total Hours _____

ECCA Community Service Log

The Effingham Board of Education recently published a revised strategic plan. Within this plan, various stakeholders contributed in developing the new Learner Profile. The 4 Cs explicitly define the skills of an Effingham County Graduate in which all planned instruction K-12 strives to cultivate and support.

Connect through effective collaboration and communication.

Create innovation solutions to problems through critical thinking.

Contribute to the world through ethical and responsible actions.

Care about myself and others while exhibiting strong character and empathy.

The ability to find value in sacrificing one's own time and providing unique skills and service to others in contributing to the success of the community is perhaps an attribute that could fall among all 4 of the Cs. The ECCA Community Service Log is an opportunity for you to contribute to the community around you as well as represent the Knights as a positive leader.

Please make sure that you get an adult sponsor to sign off on the hours that you work. Each hour may be turned in to Ms. Nave, an Administrator, or your Club Sponsor in order to turn your hours into points for your House!

Volunteer Hours

- Be sure that you understand what counts as volunteerism and what does not.
 - For example, Big Brothers/Big Sisters, the Humane Society, Habitat for Humanity, local fire departments, Treutlen House, etc. would qualify.
 - In almost all cases, it should be for a non-profit. Volunteering through your church, your scouting group, or some other community organization is acceptable.
 - What does not count:
 - Any activity for which you are paid
 - Any activity that takes place during the school day or as part of a class
 - Any activity that you perform for a family member (You're supposed to rake your grandmother's leaves. She is your grandmother. You should do that anyway!)
 - Volunteer hours for other ECCA extracurricular groups (NHS, sports team, etc.) can count toward your hours.
