

2025 -2026 Dismissal Traffic Pattern, Pick Up

The Green Township School District is committed to ensuring the safety and well-being of all students, staff, and members of our school community. To that end, the pick up procedures for parents and guardians who are parking behind the school at dismissal are noted below.

There will be cones blocking the waiting area off from vehicle traffic. All parents and guardians are requested to wait inside of the coned off area. We will not permit vehicles to pull all the way around the lot through the waiting area where parents and students are standing.

When leaving the lot, all vehicles will be required to exit the lot in the same way they entered the lot. Vehicles will be required to go the opposite direction away from the library doors towards the basketball hoops, loop around the back of the lot, and then exit the lot by pulling down the lane farther from the school. In this way, we will avoid having vehicles moving through the most crowded area of the back lot pick up zone. Additionally, all parents and students are requested to remain alert while walking in the parking lot. Parents of younger students are requested to hold their hands while moving through the parking lot. All vehicles should move slowly through the lot.

Our school security officer will be available to ensure that everyone understands the traffic pattern to leave the back lot. The safety and well-being of our students is our top priority. We appreciate everyone's assistance with this traffic pattern.
