1. Narrative description of the Prop 28 arts education program(s) funded. (2500 character limit).

Lynwood USD did not expend any Proposition 28/Arts and Music in Schools (AMS) funds during the 2024-25 school year. However, this past school year did mark the first year of implementation of our new board-approved Arts Strategic Plan.

As part of this strategic implementation, our Visual and Performing Arts Coordinator conducted comprehensive surveys of students, parents, teachers, and principals to assess the arts education needs across the district. The VAPA Coordinator then met individually with each principal to review their school's Proposition 28/AMS allocation and discuss the survey results, enabling us to determine the specific needs of each school site.

Additionally, the district recently applied for a Proposition 28/AMS waiver, which was granted on June 19, 2025. This waiver provides flexibility by allowing us to reallocate funds towards foundational needs that will help build our infrastructure for sustainable, high-quality arts programs.

This comprehensive needs assessment and strategic planning approach positions us to utilize Proposition 28/AMS funds effectively in future years, ensuring that arts education programming meets the identified needs of our students and schools while advancing our board-approved Arts Strategic Plan objectives.
