Barksdale Middle School #8

High School #4

Hicks Early Childhood Center

Romer Elementary School

Byron Nelson HS – Phase 1

V. R. Eaton HS – Phase 1

An aerial photograph of a large-scale construction project for a school building. The building is a complex of several interconnected rectangular structures. Some parts of the building have dark grey exterior walls, while others are still under construction, showing steel framing and blue roof panels. A large red crane is positioned on the left side of the building. The construction site is surrounded by dirt roads, parking lots filled with cars and trucks, and various construction materials like steel beams and concrete blocks. In the background, there are other school buildings, a baseball field, and a residential area under a clear blue sky.
