

CISD Choir Music Enrichment Program

PURPOSE

The CISD Choir Music Enrichment Program is intended to provide students with individualized instruction with highly qualified instructors via one-on-one private lessons. Objectives of the private lessons will focus on the individual musical growth of the student through the development of the fundamentals of tone, tuning, technique, range, rhythm/pulse, reading/literacy, sight reading, etudes, and solos.

SCHEDULING

Students may choose to enroll in lessons either during their choir class time, lunch time (with choir director approval), or before/after school. A full lesson is defined as lasting half of the class period or 30 minutes before or after school. A double lesson is defined as lasting the entire class period or 1 hour before or after school. In some cases, before/after school lessons may take place on a different campus or at a different location altogether.

COST and PAYMENT

The minimum rate set by CISD Choir Staff for a full lesson is \$20 per lesson, and the double rate is \$40 per lesson. Instructors may set a higher rate at their discretion. Payment is due as specified by the instructor.
