

WHAT IS A FAMILY-SCHOOL COMPACT?

A Family-School Compact is an action plan to enhance schools and promote student success. The Family-School Compact describes how Schultz Jr. High and families can work together to help students achieve the state's high standards. It outlines how parents, the school staff, and students will share responsibility for improved student academic achievement. Our compact describes what the school will provide to students and parents, how communication will take place, and how teachers will help students develop necessary skills. It outlines what strategies families can use at home to support their child's learning. These components are linked to our schoolwide Campus Improvement Plan.

Jointly Developed

Parents, staff, and students of Schultz Jr. High contributed to the development of this compact. Feedback from surveys, input at meetings, and evaluation of current parent involvement practices are all considered. Teachers suggest activities that will be supported and provided that can take place at home, and parents contribute ideas to make these activities possible. Students offer feedback on what would help them learn. Meetings are held each year to review the compact, and to make necessary changes. The compact ensures that students are provided with the best opportunity for academic achievement by the school and family working together. Parents are welcome to contribute comments at any time as the compact will be referenced throughout the year.
