

Library Book
Special Consideration Form

The District recognizes the importance of reading in the lives of its students. Through Board Policy EFB Instructional Resources – Library Materials, the District sets out the important role school libraries play in students becoming lifelong readers and learners. This policy also explains how library selections are made and recognizes that parental involvement is a vital part of every child's education.

Parents who would like to restrict their child's access to specific library materials may do so by completing this form and returning it to the campus principal via email.

Initial and complete the applicable selections:

_____ I wish to restrict my child from the following book titles/authors. (please attach list)

*All parents/guardians receive a daily email notification of books that are checked out to their student.

By signing this form, I understand that these titles will be blocked from my child's Destiny account. The selections on the attached list will remain in place indefinitely. If you would like to request changes to your selections, please reach out to your campus principal.
