

IYT Mesa Verde High School

IYT Staff

Marie Williams Program Manager

My why: This work is important to me because it aligns with my life motto, which is to be the person I wish I had when I was younger. Drawing from my personal experiences, I find strength in guiding my thoughts and decisions. My commitment to the community is paramount, driving me to the forefront of this work. I believe in the power of transformative work as the only means to effect real change. For me, community and transformative leadership are inseparable; we must unite, learn, and evolve together to make a meaningful impact.

Office Hours: Tuesday, Thursdays, and every other Friday 9-5:30pm

Study Hall: Tuesdays 3:30-5:30 and Thursday 2:15-3:45

Santiago Bermudez

My why:

I mostly just wanted to be part of a community that emphasizes the sense of belonging and accountability that IYT provides. As much as I enjoy helping others, I have found that being a part of IYT has helped me indirectly. I also hope to be able to impact some of our brothers along the way.
