VII. Progress Report: Indicate any additional wellness practices and/or future goals and describe progress made in attaining the goals of the local wellness policy

Trained campus nurse may implement the delivery of remote healthcare technology to assist students with common acute health conditions that include, but are not limited to, respiratory complaints: asthma, nasal congestion, fever, ear pain, sore throat, skin irritations, and eye irritations. Health Services staff will collaborate with other student services and local community partners to support health and academic readiness. Campus nurse will conduct student health screenings in compliance with state requirements, provide follow-up for screenings, and provide referral resources to families if indicated. Farm-to-School Initiatives: We've expanded our partnerships with local growers to incorporate more fresh, seasonal produce into school meals, supporting both student health and local agriculture. Nutrition Education Events: Our team has hosted taste tests, cooking demos, and interactive nutrition booths during school health fairs to engage students in healthy eating habits. Incorporate movement-based learning or brain breaks in all pk-8th classrooms for at least 5-10 min. Increase awareness and participation +
