Muroc Joint Unified Detailed Budget Assumptions 2020-2021 Budget

COVID-19

This budget uses the most current information available as of the time of the preparation and adoption. This budget uses May Revise estimates for LCFF funding. Enrollment and ADA trends are as presented at 19-20 second interim due to lack of useful trend data.

Just as the state budget is a best-guess placeholder, so too is this budget, as more is unknown now than potentially in the history of school districts.

The district has been aggressively working to reduce deficit spending prior to the current situation. The district's current financial position is based on those efforts, additional cuts, and one-time savings from reduced end of year costs due to remote operations. Many of these are only one-time savings measures and do not impact to the overall ongoing increased deficit.

If a state budget is passed with no cuts, the downside risk dramatically increases. If the financial recover is slow or if federal funding does not increase. Those would likely include even more dramatic cuts in future years than we would have seen under the May Revise scenario.

Currently it is critical that expenditures are limited to required only for operations and reserves are maintained as much as possible to weather the recovery.

2020-2021

Unrestricted Revenues

LCFF funding calculated based on the FCMAT LCFF calculator with most current budget estimates. The most current version of FCMAT LCFF calculator is used with the most current known numbers and enrollment/ADA estimates.

With the risk of sequestration and reduced impact aid LOT payments remaining low, impact aid is budgeted at 80% LOT with the assumption the district population of military and other impacted students does not change. Reduction of Federal Impact Aid based on reduced military connected remains static. So far no adjustment is expected, if enrollment decline continues we expect impact aid will soon be impacted.

Necessary Small School Allocations is maintained.

All one-time monies backed out from prior years.

Due to actual P1 enrollment, attendance is now being projected as moderate decline, the decline is reduced from first interim expectations. Most current enrollment and ADA figured used in projections. This year's enrollment has been volatile but current still is tracking close to original budget adoption. The district will monitor enrollment and P2 ADA to determine if adjustments are needed to the trend.

The may revise 10% reduction is included.

Muroc Joint Unified Detailed Budget Assumptions 2020-2021 Budget

Unrestricted Expenditures

Reductions to staffing based on enrollment and cost-cutting measures have been budgeted in this year and ongoing. Several teaching positions that were to be cut were maintained and moved into supplemental monies to maintain reduced class sizes. Additional teaching positions were reduced while vacant. Discretionary and technology upgrade budgets have been reduced, as well as sports funding. All actual positions filled or needed to be filled are included. No contingency is budgeted.

All unit contracts are unsettled, no budget has been included for that.

All LCAP expenditures have been budgeted under the appropriate objects with a T4 code of 0100 where possible. The LCAP guides the expenditures and actions. Known 20-21 staff are budgeted at actual cost with step/column. For unknown hires historic new hire rates were used to project expected salary costs of vacant positions.

Known STRS and PERS increases are budgeted for current year.

Unrestricted Fund Balance

The reserve is critical to ensuring fiscal health and ensuring the district can move unhindered with the federal project. This reserve is key to ensuring the district's ability to cover ongoing STRS and PERS costs and survival in the Covid-19 and post environment. This money is also critical to our ability to move forward in a timely manner with the Edwards AFB construction projects. The district is showing a significant structural deficit that is beginning to be addressed, however, much more must be done to ensure long-term solvency in light of the most recent cuts.

Restricted Revenues.

The district is focusing on depleting any short term restricted monies and is focused on spending monies completely within the year they are received unless they are for specific multi-year programs such as prop 39 which the final amounts are being depleted. The two new categoricals for low performing students and classified professional development are shown as revenues. All restricted sources are budgeted at the expected costs.

Restricted Expenditures

Expenditures are adjusted to match expected revenues. Some placeholders are used as Covid-19 has dramatically changed what is core and supplemental, however it is planned that all restricted funds will be expended in the year earned.

Restricted Fund Balance

The district will continue to focus on spending categorical monies in a timely fashion except for defined future needs. The intent of the district is to fully expend categoricals such as Title I, Title II, and Title VI in the year they are received.

Muroc Joint Unified
Detailed Budget Assumptions
2020-2021 Budget

2022-2023 & 2023-2024

Unrestricted Revenues

LCFF Funding calculations made with the most current FCMAT LCFF calculator.

Federal impact aid is budgeted at 80% LOT with the assumption the district population of military and other impacted students does not change. 19-20 military connected numbers may trigger reduction to budget for ongoing impact aid at budget adoption. The district has seen a trend above ADA decline of reduced military connected. Due to prior year backfill of impact aid no need to reduce impact aid is seen yet, but if 19-20 numbers are lower than there will be a need to reduce outyear funding.

Ongoing enrollment decline is now being projected at a lower rate than at first interim. For budget adoption final P2 will be used to determine if the reduced decline is accurate. No one time monies are projected.

Lottery revenues are adjusted based on expected ADA.

Other local revenues unlikely to recur reduced/removed.

The district is currently negotiating the impact of minimum wage with CSEA. At first interim either the negotiated plan or the minimum cost of minimum wage will be included.

The LCFF cuts from the May Revise are included.

Unrestricted Expenditures

LCAP expenditures are budgeted fully. However, there is a serious and urgent need to identify additional cuts to ensure we remain a going concern without emergency state aid in out years

All STRS and PERS known increases are budgeted

Step/Column is projected at higher rates than before based on a re-evaluation of the ongoing costs. Due to less turnover, more step and column costs have been seen in both units in the last couple of years.

Unrestricted Fund Balance

The current reserve is very important as the district moves forward. The district is at a more serious risk than larger districts and even similarly sized districts due to the unique nature of Muroc's funding. Both the reliance in Federal Impact Aid and the Necessary Small High School, which provide significant funding to the district, creates far greater risk for volatile revenues which can be seen even in the current year. It is important for the district to maintain a strong reserve to ensure it can weather sudden changes in funding.

The reserve will also play a role as the district continues to see STRS and PERS increases along with minimum wage adjustments towards \$15 an hour.

The district has also experience unstable enrollment. With a significant drop between the 13-14 and 14-15 school year which has continued to a lesser extent into the current years.

Muroc Joint Unified
Detailed Budget Assumptions
2020-2021 Budget

With all of the above reasons, plus the basic premise of fiscal stability-which leads to educational stability, it integral for the district to maintain current reserve levels to ensure ongoing effectiveness as a district.

Restricted Revenue

Categoricals that are known are budgeted at most current known estimates.

Restricted Expenditures

Current year revenues are expended in year earned. Step/Column is projected at 1% based on historical rates.

Restricted Fund Balance

The district will be working to ensure restricted ending balances match special programs and that current year monies are spent in the current year. With some of the larger one-time fund spend downs expected in the next couple years we expect the restricted balance to drop significantly and will put added pressure on fund 01 reserves and cash flow. It is expected that most restricted reserves will be depleted by the second out-year.

Deviations from the standards must be explained and may affect the approval of the budget.

CRITERIA AND STANDARDS

1. CRITERION: Average Daily Attendance

STANDARD: Funded average daily attendance (ADA) has not been overestimated in 1) the first prior fiscal year OR in 2) two or more of the previous three fiscal years by more than the following percentage levels:

Percentage Level	District ADA		
3.0%	0	to	300
2.0%	301	to	1,000
1.0%	1,001	and	over

District ADA (Form A, Estimated P-2 ADA column, lines A4 and C4):

District's ADA Standard Percentage Level:

1A. Calculating the District's ADA Variances

DATA ENTRY: For the Third, Second, and First Prior Years, enter Estimated Funded ADA in the Original Budget Funded ADA column; enter district regular ADA and charter school ADA corresponding to financial data reported in the General Fund, only, for the Third, Second, and First Prior Years. All other data are extracted.

4. CRITERION: LCFF Revenue

STANDARD: Projected local control funding formula (LCFF) revenue for any of the budget year or two subsequent fiscal years has not changed from the prior fiscal year by more than the change in population, plus the district's gap funding or cost-of-living adjustment (COLA)¹ and its economic recovery target payment, plus or minus one percent.

For basic aid districts, projected LCFF revenue has not changed from the prior fiscal year by more than the percent change in property tax revenues plus or minus one percent.

For districts funded by necessary small school formulas, projected LCFF revenue has not changed from the prior fiscal year amount by more than the district's gap funding or COLA¹ and its economic recovery target payment, plus or minus one percent.

¹ Districts that are already at or above their LCFF target funding as described in Education Code Section 42238.03(d) receive no gap funding. These districts have a COLA applied to their LCFF target, but their year-over-year revenue increase might be less than the statutory COLA due to certain local factors and components of the funding formula.
