

2025/26 Student Life Events

What is a Meadowridge Theme Day?

Throughout the year there are several special days connected to a particular theme. On these 'Theme Days', students are invited to dress according to the day's theme. Students choosing not to dress according to the theme will wear their regular uniform for that day. On theme days that occur on full school assembly days, we ask that students dress more formally. For example, avoiding jean shorts and ripped jeans.

Please note: if a student does not dress according to the theme day, they are to wear their school uniform. Additional theme days may be added and will be communications through the eGryphon.
