

WORLD LANGUAGES

FRENCH / GERMAN / SPANISH

Each course stresses verbal proficiency and includes the following areas:

- Pronunciation and recitation
- Comprehension
- Vocabulary
- Grammar
- Related cultures and basic geography of respective countries
-

Students who complete the full year of a language will have the course credit appear on their high school transcript, but the grade does not count toward high school GPA. Students who successfully complete the A and B courses of the same language may move to the second level of the course at the high school.

Students may also choose to explore languages by taking a half-year course (French A, German A, or Spanish A) to fulfill their exploratory course requirements. Students who take only the A course will enter the first level of the class at the high school.

Business, Computer, and Information Technology

Computer Applications A*

- Introduction to business marketing
- Design concepts
- Microsoft Office 365
- Personal Financial Literacy
- Video podcast project

Introduction to Business B

- Microsoft Office 365
- Mobile App design skills
- Marketing projects and presentations
