September 2025

On behalf of the Office of Student Services, I am excited to welcome you to the 2025–2026 school year! I hope your family enjoyed the summer months and had time to relax and connect. Over the past two months, our office has been busy coordinating the Extended School Year Program and preparing for a strong start this September. We are excited to greet our students and families as we begin another year together.

Last year, the Office of Student Services and the Special Education Department successfully transitioned to the new IEP format. This accomplishment was made possible by the dedication of our staff and the close partnership, trust, and collaboration we share with families. Building on that success, this year we remain committed to strengthening those relationships while enhancing our processes and continually improving the services and supports to meet the evolving needs of our students.

Across the district, Student Services staff will be working in alignment with the newly adopted Strategic Plan and supporting district-wide initiatives and goals. Together, we are reflecting on the guiding question: *“What does high-quality teaching and learning look like in Cohasset?”* This theme will also shape the continued work of the SPED Strategies Task Force as we analyze, refine, and improve how we deliver special education and related services to support the success and improved outcomes for all students.

As Director of Student Services, I am committed to remaining engaged, present, and transparent in my work with students, families, and staff throughout the year ahead. The Office of Student Services website will continue to serve as a central resource for updates, guides, and department information. Please do not hesitate to reach out to me with questions, concerns, or news as we work together on behalf of Cohasset students.

Below, you will find the 2025–2026 list of department staff.

To a great school year,

Michael Stapleton, M.Ed., CAGS
Director of Student Services
