

Pursuant to the direction given by the School Board to the Superintendent at the October 8, 2024 School Board Workshop, and the October 15, 2024 Regular School Board Meeting, a School Boundary Committee was convened to consider the proposals listed below for the 2024-2025 Redefining Our Schools process. The School Boundary Committee, consisting of the Chairs of North, Central, and South Regional Advisories, District Advisory, Facilities Task Force, and the Diversity Committee, the Student Advisor and Alternate Student Advisor, as well as two representatives each from impacted schools, held their deliberation meeting at 6:00 pm, Monday, December 2, 2024, at Nova Middle School.

Twenty-three of the twenty-six members were present, with the two representatives for Broward Estates Elementary and one representative for Silver Shores Elementary being the only members not present. The table below summarizes the vote tallies, with proposals being listed in voting order.

In addition to voting on its recommendations for the proposals presented, the School Boundary Committee also elected member Natalie Allen, representing Silver Palms Elementary, to present the recommendations to the School Board at the December 10, 2024 School Board Workshop.

Proposal	Yes	No	Recommended?
Reconfigure Pines Middle as a 6th – 12th grade Collegiate Academy	22	1	Yes
Combine Silver Lakes Elementary and Silver Shores Elementary so that all in-boundary students attend Silver Lakes Elementary ; Move the portion of the current Silver Shores Elementary north of Pembroke Road into Silver Palms Elementary; Create a full choice K-5 or K-8 School at Silver Shores Elementary with a specialized theme of study based on community input; Reserve a defined number of choice seats for students who reside in the current Silver Shores Elementary boundary; Consider availability of space to maintain current programs for students with special needs at all three schools	18	5	Yes
Reconfigure Hollywood Central Elementary as a K-8 school	21	2	Yes
Reconfigure Coral Cove Elementary as a K-8 school	21	2	Yes
