# WORK BASED LEARNING

MRS. MARCIANO

Welcome Back! As we continue to grow our Work Based Learning program, we are going to focus on the “soft skills” that will help individuals get and keep a job. Focusing on these skills early in the program allows our students greater success throughout the experience.

Some of the topics include, but are not limited to: Work ethics, workplace manners and boundaries, learning and doing the job, integrity at work, break room behavior and appropriate workplace conversations.

Please feel free to contact me throughout the school year with any question, comments or concerns.  
585-268-7900  
kmarciano@genvalley.org

The Life Skills Team, Genesee Valley and the community all work together and do our best to make this the best experience possible.
