SUICIDE PREVENTION RESOURCE GUIDE FOR K-12 SCHOOLS 2025-26

This guide is developed through a collaborative effort between the **San Diego County Suicide Prevention Council** and the **San Diego County Office of Education**. It is designed to meet the needs of busy school administrators who need timely information and resources at their fingertips to support **suicide prevention, intervention, and postvention** efforts in school communities. We aim to provide a collection of high-quality local, state, and national resources to support schools in building comprehensive protocols and practices.

This guide is updated each school year to ensure the information is current and relevant.

STATE LEGISLATION

AB 2639 - Review of Pupil Suicide Prevention Policies

Effective September 17, 2018

- Requires LEAs to review and update, if necessary, their suicide prevention policies at least every five years.

AB 2246- Pupil Suicide Prevention Policies

Effective: July 1, 2017

- Requires LEAs to adopt suicide prevention policies before the beginning of the 2017–18 school year. Chaptered as California *Education Code (EC)* Section 215, AB 2246 mandates that the Governing Board of any LEA that serves pupils in grades 7-12, inclusive, adopt a policy on pupil suicide prevention, intervention, and postvention.
- The policy shall specifically address the needs of high-risk groups, include consideration of suicide awareness and prevention training for teachers, and ensure that a school employee acts only within the authorization and scope of the employee's credential or license.

AB 1767- Pupil Suicide Prevention Policies

Effective: January 1, 2020

- Requires the governing board or body of a LEA that serves pupils in kindergarten and grades 1 to 6, inclusive, before the beginning of the 2020–21 school year, to adopt, and update as prescribed, a policy on pupil suicide prevention that specifically addresses the needs of high-risk groups.
- The bill would require this policy to be age-appropriate and delivered and discussed in a manner that is sensitive to the needs of young pupils. It should address any training on suicide awareness and prevention to be provided to teachers of pupils in all of the grades served by the LEA.

SB 1063 - Pupil Safety: Identification Cards

- Requires any public or private school that issues student ID cards to pupils in grades 7-12 to include a QR code to their county's mental health resources website.
- The QR code below links to [San Diego County's Behavioral Health Services](https://www.sandiegocounty.gov/services/behavioralhealth/) website:

SB 972- Pupil and Student Health: Identification Cards: Suicide Prevention Hotline Telephone Numbers

Effective: January 1, 2019

- Requires any public or private school that issues student ID cards and serves pupils in grades 7-12 to print the phone number for the National Suicide Prevention Lifeline (988) on the ID cards.
- Schools may also print the [Crisis Text Line](https://www.sandiegocounty.gov/services/behavioralhealth/) (741741) and a local suicide prevention hotline phone number on either side of the ID cards.
- Please refer to the [Student Education](#) section to view opportunities that can increase students' mental health literacy and provide context and understanding as to why the hotline numbers are on the back of their ID cards and how they may use the hotlines.

SDCOE Suicide Prevention and Mental Health Legislation for K12 Local Education Agencies (LEAs): Quick Guide

[This guide](#) provides a summary of all current legislation related to suicide prevention and mental health in schools. It includes effective dates, requirements, best practices, and resources for all relevant legislation. It includes effective dates, best practices, and resources to support the requirements of relevant legislation.

SCHOOL SUPPORT FOR SUICIDE PREVENTION, INTERVENTION, AND POSTVENTION

Local/State

San Diego County Office of Education

The San Diego County Office of Education (SDCOE) provides [consultation, trainings, and technical assistance](#) to the 42 school districts and charters in San Diego County. For more information, call 858-298-2093 or contact the SDCOE Student Wellness and School Department at swsc@sdcoe.net.

Policy to Practice: Suicide Intervention Toolkit

This [award-winning toolkit](#) supports districts and charter schools in developing and/or enhancing their suicide risk screening procedures and protocols. The toolkit includes templates, tools, and resources that can be tailored to meet the needs of schools.

If your school is interested in receiving technical assistance to implement the toolkit, please email the SDCOE Student Wellness and School Culture department at swsc@sdcoe.net.

HERE Now and Anti-BIAS School-Based Suicide Prevention Program

[Helping, Engaging, Reconnecting and Educating \(HERE\) Now School-Based Suicide Prevention Program](#) is led by San Diego Youth Services. It is a five-year program funded through County of San Diego Behavioral Health in partnership with Lifeline and SBCS. The goal of the program is to prevent youth suicide and suicidal ideation, help foster safe schools, and create a safer place to learn in San Diego County with school-based suicide and bullying prevention education. The HERE Now Program uses the SOS Signs of Suicide Prevention Curriculum and focuses on preventing suicide by educating 7th-12th grade youth and their families on the risk factors of suicide as well as reducing the stigma around seeking help for themselves or others.

[Central/East County](#)- San Diego Youth Services 619-241-0608
[North County](#)- North County Lifeline 760-726-4900
[South County](#)- South Bay Community Services 619-420-3620

Target audience: Students in grades 7-12, TAY, teachers, staff, and parents

The Elizabeth Hospice

The [Elizabeth Hospice Children's Bereavement Program](#) offers postvention support to students, families, and schools free of charge. Their Children's Bereavement Centers are kid-friendly spaces where children can share their feelings, thoughts, and stories as they process their grief. They are located in Escondido and Mission Valley. For more information, contact 833-349-2054.

Target audience: Children and adults of all ages

National

K-12 Toolkit for Mental Health Promotion and Suicide Prevention

The [K-12 Toolkit for Mental Health Promotion and Suicide Prevention](#) has been created to help schools comply with and implement California Education Code (EC) Section 215(AB 2246), Pupil Suicide Prevention Policies. The toolkit includes resources for schools to promote youth mental wellness, intervene in a mental health crisis, and support members of a school community after the loss of someone to suicide, including messaging support.

After a Suicide: A Toolkit for Schools Grades 6-12

[After a Suicide: A Toolkit for Schools](#) is a comprehensive guide that will assist schools on what to do if a suicide death takes place in the school community and it includes guidelines for working with the media. See the Suicide Prevention Resource Center web page at <https://sprc.org/>.

Target audience: Middle and high school administrators and staff

Columbia-Suicide Severity Rating Scale*

The Columbia Lighthouse Project offers the Columbia-Suicide Risk Severity Rating Scale (C-SSRS) for [youth ages 6-11](#) and for those older than 11 in [English](#) and [Spanish](#). This is an evidence-based risk screening tool that is ideal for schools. Use of the scale redirects resources to where they are needed most, preventing unnecessary interventions that are often costly, traumatic, and can lead to disengagement from needed care. Please refer to the [Training](#) section for free online training on how to use the tool. To use this tool as a part of a comprehensive risk screening protocol, please see the [Policy to Practice: Suicide Intervention Toolkit](#).

Target audience: Identified K-12 support staff

image source www.shutterstock.com

TRAINING

For additional training options, see this [training catalog](#) from the CA Department of Public Health

Local/State

Youth Mental Health First Aid*

[Youth Mental Health First Aid \(YMHFA\)](#) is an evidence-based, seven-hour training created to parallel first aid training for physical health. Designed for adults who work with young people ages 6-18, it teaches participants to recognize risk factors, warning signs, and symptoms of mental health challenges; understand the most common mental health disorders and the impact they have on youth; and how to use a five-step action plan to provide initial help and support for a youth in need. Participants receive a manual and a three-year certification.

The following organizations provide training at no cost, based on availability:

- California Department of Education - ymhfa@cde.ca.gov
- Mental Health America San Diego - information@mhasd.org
- San Diego County Office of Education - swsc@sdcoc.net

Target audience: All certificated and classified district and school staff

LivingWorks Start Online Suicide Prevention Training (\$)

[LivingWorks Start](#) will prepare anyone 13+ to observe behaviors to help keep others safe. The 90-minute training is accessible from any computer, tablet or smartphone with the internet. It trains people to recognize when someone is having thoughts of suicide, engage with them, and intervene to connect them to further help. It is designed to develop meaningful skills through simulations and practice.

Target audience: Middle and high school staff and students ages 13+

San Diego County Suicide Prevention Council

The [Suicide Prevention Council \(SPC\)](#) is dedicated to providing access to evidence-based frontline and gatekeeper trainings in Question, Persuade, and Refer (QPR), Applied Suicide Intervention Skills Training (ASIST), and Gay, Lesbian, Straight Education Network (GLSEN). For more information, call 858-609-7960.

1. [Question, Persuade, Refer \(QPR\)](#)

QPR is a 1.5 hour evidence-based gatekeeper prevention training for adults and students ages 16+ (if prerequisites are met). Participants learn how to recognize the warning signs of a suicide crisis and how to question, persuade, and refer someone to help. The Suicide Prevention Council provides these trainings for [free](#).

2. [Applied Suicide Intervention Skills Training \(ASIST\)](#)

ASIST is a two-day interactive workshop in suicide first aid. ASIST teaches participants to recognize when someone may have thoughts of suicide and work with them to create a plan that will support their immediate safety. Locally, SPC provides these trainings for free. To request a training or attend one, visit www.spcsandiego.org and go to the training tab.

Target audience: School staff

**San Diego County
Suicide Prevention
Council**
Convened by Community Health Improvement Partners

Youth Creating Change (\$)

[Youth Creating Change](#) offers trainings to schools to build capacity in advancing suicide prevention practices. Trainings are available virtually and in-person and include half-day and full-day options as well as a train-the-trainer model and coaching and shadowing options.

YOUTH CREATING CHANGE

For training recommendations specific to grades K-6, please refer to the [AB1767 Resource Guide for Elementary Schools](#).

National

Kognito At-Risk Interactive Online Series (\$)

[Kognito At-Risk Interactive Online Series](#) is an evidence-based 60-minute training designed for use by individuals, schools, districts, and statewide agencies. It includes tools and templates to ensure that the program is easy to disseminate and measures success at the elementary, middle, and high school levels.

Target audience: K-12 student and school staff

SOS Signs of Suicide for School Staff (\$)

[SOS for School Staff](#) provides a one-hour, online, and self-paced training for K-12 staff on how to recognize the warning signs and risk factors for suicide, engage in appropriate conversations, and keep a student safe while connecting them with qualified school staff.

Target audience: K-12 school staff

Columbia-Suicide Severity Rating Scale Online Training

The Columbia Lighthouse Project offers numerous [free online training](#) options on how to use the Columbia-Suicide Severity Rating Scale (C-SSRS) in more than 20 languages. The trainings range from 20-60 minutes and provide a certificate of completion. Please refer to the [Schools](#) section to access the C-SSRS tool.

Target audience: K-12 district and school staff

Trevor Project CARE Training (\$)

The [Trevor Project's CARE Training](#) is an interactive and intensive training that provides adults with an overview of suicide among lesbian, gay, bisexual, transgender, queer & questioning (LGBTQ) youth and the different environmental stressors that contribute to their heightened risk for suicide.

SafeTALK Training

[SafeTALK](#) is a half-day alertness training that prepares anyone over the age of 15, regardless of prior experience or training, to become a suicide-alert helper.

Target audience: Anyone ages 15 and over

Safety Planning for Youth Suicide Prevention Course

This [SPRC Safety Planning Course](#) is a one-hour, self-paced course to develop knowledge and skills for using the Stanley-Brown Safety Planning Intervention, including a review of the core elements, strategies for collaborating with students and their families, and ways to overcome common intervention challenges.

Target audience: Licensed health and behavioral health professionals and students in clinical training programs

image source www.shutterstock.com

STUDENT EDUCATION

Local/State

LivingWorks Start Online Suicide Prevention Training

Students learn a powerful [four-step model](#) to keep themselves and peers safe from suicide and have a chance to practice through meaningful simulations. Safety resources and support are available throughout the program.

Target audience: Middle and high school students

National Alliance on Mental Illness San Diego-Ending The Silence*

[National Alliance on Mental Illness \(NAMI\) San Diego](#), a non-profit organization, provides education, support, and advocacy to improve the lives of everyone affected by mental illness. [Ending the Silence \(ETS\)](#) is a classroom program presented by two volunteers, including a young adult with lived experience of a mental health condition. Through ETS, students learn indicators of mental illness as well as how to help themselves, friends, and family members who might need support.

Target audience: Middle and high school students (13+)

The Directing Change Program

The [Directing Change Program and Film Contest](#) is a youth engagement program that educates students about the warning signs for suicide and mental health challenges through the creation of short films. Educational resources and lesson plans are available.

Target audience: Middle and high school students and young adults up to age 25

Never a Bother Campaign

The [Never a Bother](#) campaign is a marketing, education, and outreach campaign developed in collaboration with youth-serving CBOs and tribal partners. It aims to increase knowledge and awareness of suicide warning signs and sources of support, influence beliefs, and support young people's abilities to reach out for help. The campaign includes a website, social channels, advertising, marketing, and educator toolkits.

Target audience: Middle and high school students and their parents, caregivers, friends, and allies

National

Break Free from Depression

[Break Free from Depression \(BFFD\)](#) is a four-module curriculum from Boston Children's Hospital focused on increasing awareness about adolescent depression for high school students.

Target audience: High school students

Coping and Support Training (\$)

[Coping and Support Training by Reconnecting Youth Inc.](#) is an evidence-based life-skills training and social support program to help at-risk youth.

Target audience: Middle and high school students

SOS Signs of Suicide (\$)

[SOS Signs of Suicide](#) is an evidence-based youth prevention program that teaches students how to identify signs of depression and suicide in themselves and their peers, while training school professionals, parents, and community members to recognize students at risk and take appropriate action.

Target audience: Middle and high school students

Erika's Lighthouse

[Erika's Lighthouse](#) provides evidence-informed mental health, depression education, and suicide prevention curriculum for grades 4-12. They also offer mental health empowerment clubs, programs and resources for family engagement, and policy and staff training.

Target audience: Students in grades 4-12, staff, and families

Sources of Strength-Elementary (\$)

[Sources of Strength Elementary](#) moves the work of prevention and health promotion even further upstream. As a universal classroom curriculum, Sources of Strength Elementary not only incorporates solid social emotional learning content, but also includes a robust focus on mental health, resiliency, and strengths-based prevention. The K-6 curriculum is comprised of 12 units containing several lessons that build upon each unit topic. Lessons are designed to be approximately 30 minutes in length and are typically facilitated one to two times per week.

Target audience: Elementary students

teen Mental Health First Aid (tmHFA) (\$)

[teen Mental Health First Aid \(tmHFA\)](#) is an in-person, evidence-based training that teaches high school students about common mental health challenges and what they can do to support their own mental health and help a friend who is struggling. Schools with at least 10% of staff trained in Youth Mental Health First Aid can send identified school advisors to a Training of Trainers (TOT) who then train student leads to provide the classroom presentations to their peers.

Target audience: High school students

Now Matters Now

[Now Matters Now](#) provides virtual group meetings and research-based skills, tools, and training for anyone considering suicide.

Target audience: Students ages 13+

PEER-TO-PEER EDUCATION

Local/State

NAMI On Campus High School

[NAMI On Campus High School Club](#) is a peer-led mental health awareness club for high school students. A trained adult advisor oversees all club activities while the mission and goals of the club are driven by students. Please call 916-567-0163 or email namion-campus@namica.org for more information.

Target audience: High school students and at least two trained staff advisors

National

Bring Change to Mind (\$)

[Bring Change to Mind](#) is an evidence-based program that supports student-led clubs to decrease stigma surrounding mental illness through advocacy, education, and activities that create lasting change on campus. Clubs have access to a regional advisor, meeting agendas, suggested activities, an annual youth summit, and money for club activities.

Target audience: High school students

bring change to mind
let's talk mental health

Hope Squad (\$)

[Hope Squad](#) is an evidence-based, peer-peer suicide prevention program built around the power of connection. Hope Squad members are nominated by their peers and meet regularly with trained advisors to learn about mental health, signs of distress, and how to connect their peers to help. They also host schoolwide activities to reduce stigma and improve their school culture.

Target audience: 4th-12th grade students

More Than Sad (\$)*

[More Than Sad](#) is an evidence-based training developed by the American Foundation for Suicide Prevention (AFSP). More Than Sad is designed to help educators better understand suicidal behavior in adolescents. The program is built around two 25-minute videos: *More Than Sad: Preventing Teen Suicide* and *More Than Sad: Teen Depression*.

Target audience: Middle and high school students, parents, and teachers

PeerHelpers PLUS (\$)

[PeerHelpers PLUS](#) is a comprehensive, peer-to-peer prevention and support program for students in grades K-12 that offers curriculum and a peer support model. The program addresses suicide prevention, bullying, abuse, and substance use through a multi-tiered approach.

Target audience: Students in grades K-12

Sources of Strength - Secondary (\$)

[Sources of Strength](#) is a best practice, strength-based, upstream suicide prevention and mental health promotion program that has shown effectiveness in both preventative upstream and intervention outcomes. The elementary school program offers a K-5 curriculum and resources for staff wellness while the secondary program offers students the opportunity to become peer leaders and influence positive school culture change through strategic messaging campaigns.

Target audience: Students in grades K-12

Sandy Hook Promise

Sandy Hook Promise offers the following free programs:

1. [Start With Hello](#) - This program teaches students to be more socially inclusive and connected to each other to end social isolation.

Target audience: K-12 schools

2. [Say Something](#) – This program teaches youth how to recognize signs and signals, especially within social media, from individuals who may be a threat to themselves or others and Say Something to a trusted adult or report it through the Anonymous Reporting System BEFORE it is too late.

Target audience: Middle and high school students

image source www.bigstockphoto.com

***Please note:** Schools that participate in either Start with Hello or Say Something are eligible to start a Save Promise club. The California Department of Education (CDE), in partnership with Sandy Hook Promise, is excited to offer these two programs for free to schools as part of Project Cal-STOP, funded by the STOP School Violence Act. To sign up, please contact CDE Project Cal-STOP lead Hilva Chan at hchan@cde.ca.gov.

PARENT EDUCATION/SUPPORT

Local/State

SOSL San Diego Chapter*

[Survivors of Suicide Loss \(SOSL\)](#) reaches out to and supports people who have lost a loved one to suicide. Their goal is to give survivors a place where they can be comfortable expressing themselves and find support, comfort, resources, and hope in a judgment-free environment.

Youth Mental Health First Aid*

Youth Mental Health First Aid (YMHFA) is an evidence-based, seven-hour training created to parallel first aid training for physical health. Designed for adults who work with young people ages 6-18, it teaches participants to recognize risk factors, warning signs, and symptoms of mental health challenges; understand the most common mental health disorders and the impact they have on youth; and how to use a five-step action plan to provide initial help and support for a youth in need. Participants receive a manual and a three-year certification.

The following organizations provide training at no cost, based on availability:

- California Department of Education: ymhfa@cde.ca.gov
- Mental Health America San Diego: information@mhasd.org
- San Diego County Office of Education: swsc@sdcoe.net

Target audience: All certificated and classified district and school staff

National Alliance on Mental Illness San Diego-Children, Youth, and Family Liaison

National Alliance on Mental Illness (NAMI) San Diego serves as the Mental Health Services Act (MHSA) Resolution point-of contact for issues within the Children, Youth, and Family (CYF) Behavioral Health System of Care. For families who experience an issue or problem within the CYF Behavioral Health System of Care, email CYFLiaison@namisd.org or call Issue Resolution 858-987-2980.

Suicide Prevention: A Resource for Parents

This website offers resources and information for parents and caregivers, including [downloadable resources](#), an activity guide to plan a parent engagement event, and tips to recognize and respond to emotional distress a child might be experiencing. It includes a suicide prevention brochure for parents in English and Spanish. This [brochure](#) from Know the Signs teaches parents about warning signs of suicide, offers questions to ask their child, and outlines steps to take if their child is thinking about suicide.

Know the Signs

[Know the Signs](#) is part of the Take Action for Mental Health Campaign and aims to prevent suicide by increasing knowledge of warning signs, teaching others how to offer help and providing local resources. It also aims to provide hope and reassurance that help is available.

BeSMART for Kids*

Each year in the US, almost 600 children aged 17 and under die by suicide with a gun. The BeSmart campaign focuses on education and awareness about secure gun storage and child safety. [BeSMART for Kids](#) offers a free 20-minute presentation by trained volunteers in English or Spanish to parent groups. This program is for gun owners and non-gun owners and is non-political and non-partisan. Contact besmartsd1@gmail.com to schedule your presentation.

Means Safety: Striving to Keep a Loved one Safe from Suicide*

This [website](#) provides support to increase safety when suicide risk is elevated. It includes information about a range of strategies to promote safety in times of crisis or in anticipation of crisis.

Never a Bother Campaign

The [Never a Bother](#) campaign is a marketing, education, and outreach campaign developed in collaboration with youth-serving CBOs and tribal partners. It aims to increase knowledge and awareness of suicide warning signs and sources of support, influence beliefs, and support young people's abilities to reach out for help. The campaign includes a website, social channels, advertising, marketing, and educator toolkits.

Target audience: Middle and high school students and their parents, caregivers, friends, and allies

National

Help & Hope for Survivors of Suicide Loss

The Suicide Prevention Resource Center offers a list of national survivor [resources](#) for those bereaved by suicide loss.

Zero Suicide: Resources for Parents

[This website](#) offers parents a variety of suicide prevention resources, including a film, book recommendations, and articles that address speaking about suicide with young children, how to help children who are thinking about suicide or who have made an attempt, how to develop a safety plan, and more.
