Campus Middle School
Parent Tech Night 2025

Online Resources:

This is the portal through which you will access: Parent Forms, PowerSchool, and Schoology.

This is where you will check your child's grades and attendance, as well as notes and comments from teachers. PowerSchool is also used to set up email preferences and see the Campus daily bulletins. You can switch between your multiple children's information from one login.

This is a digital or online classroom environment. Teachers use Schoology to post digital, interactive assignments, online class discussions, provide links that help with learning, and even give online tests and quizzes. You can switch between your multiple children's information from one login.

For more information about these resources, go to this site:

https://bit.ly/CCSDParentTech
