Program Description

Event Details

Do you love books? We are hosting a monthly reading together program for kids ages 3-14. Older kid **readers**, who are in grades 3-8, will be paired with younger kid **listeners**, who are in preschool - 2nd grade to read books together. We'll gather in the Children's Department's Story Room and match **readers** and **listeners** based on who joins us each time.

Please register your child so we know how many people may be attending and let us know whether your child will be a **reader (grades 3-8)** or a **listener (age 3-8).**
