FOREWORD

The purpose of this student handbook is to acquaint students, parents and teachers with general information necessary to a successful school year. However, this handbook is not the school policy manual. If you have questions concerning any subject, please seek further information from your principal or the sources referenced throughout.

This handbook is dedicated to giving students, parents and teachers a better understanding and appreciation of our education program.

EDUCATIONAL PHILOSOPHY

The primary purpose of the Grenada School District shall be to produce an environment in which students will become independent, self-motivated and can function effectively in society. The schools furnish materials and guidance that will incite the student's curiosity; for the school launches the student on a lifetime journey of exploring, probing and learning about himself and the world. To help prepare the student for this journey, the school provides a wide, solid base of knowledge and skills, which will feed and sustain him as he searches for knowledge about himself and the community in which he lives.

Our school offers two unique services to the community. First, it offers a broad range of concentrated academic instruction and guidance to all the youth of the community. Second, it offers a practical learning environment for students who wish to acquire immediate vocational skills.

The faculty shares responsibility with the community and home for producing young adults who possess poise, grace and moral integrity. Therefore, the school helps provide an environment and opportunities that will enable every student to develop and mature physically. The administration and staff encourage classroom and extracurricular activities that promote student interaction. Also, students are encouraged to take an active part in events both in and out of the classroom. Finally, through this continuous physical, social and academic interaction, the school encourages each student to develop a sound moral philosophy that will promote his building a useful life.

SUPERINTENDENT'S MESSAGE

Dear Students:

It is my hope that each Grenada Middle School student will have a pleasant and successful school year. Your middle school years are among the most important years of your life. Your success in school and in your adult life will be directly proportional to your daily efforts. I would like to challenge each of you to strive to become a student and citizen of whom your parents, community, and school can be proud.

Sincerely,
Dr. David Daigneault
Superintendent

RIGHTS AND RESPONSIBILITIES

DISTRICT RESPONSIBILITIES

The District accepts its responsibility for insuring certain rights upon which there can be no compromise:

1. The student's right to quality education, differentiated, individualized and free from disruption.
2. The educator's right to teach or administer free from verbal intimidation and physical assault.
3. The parents' right to expect quality education and the protection of students, educators and their investment in school property.

STUDENTS' RIGHTS

All students have basic rights and responsibilities as afforded by the U.S. Constitution, the Constitution of the State of Mississippi and Mississippi law.

1. Right to Learn: Students have a right to a public education and to a non-disruptive education environment in which to learn.
2. Equal Opportunity: Students have a right to an equal opportunity to participate in school programs and activities. However, participation in extracurricular activities is a privilege, which may be lost by misconduct, academic standing or other reason provided by policy and/or law.
3. Freedom of Expression: Students have the right to express their opinions verbally or written as long as it does not disrupt the educational environment. This right includes student publications to the extent provided by law.
4. Privacy: Students' academic and other personal school records are confidential and can be inspected only by eligible students, parents/guardians, school officials and others as permitted by law.
5. Due Process: Students have a right to due process as outlined by District policy and provided by law.
6. Search and Seizure: Students have the right to be free from an unreasonable search and/or seizure, but anything on school property is subject to search if reasonable suspicion exists.

STUDENTS' RESPONSIBILITIES

A student attends school so that his/her individual capacities can be developed to the fullest. Student conduct is expected to reflect respect and consideration of personal property and rights of others, as well as, an understanding of the need for cooperation with all members of the school community. Students are expected to fulfill certain responsibilities including, but are not limited to:

1. Respect for authority, including obedience to school rules and regulations and to the law.
2. Respect for the rights of other persons and for school and community property.
3. Regular attendance and meeting of school obligations.
4. Develop standards of personal conduct, which are reflected in socially approved behavior.
5. Accept responsibility for his/her own work and behavior.

PARENTS' RESPONSIBILITIES

In addition to general encouragement and support of the student, teachers and school, a parent/guardian/custodian's responsibilities include, but are not limited to:

1. Ensure the attendance of his/her child.
2. Encourage his/her child to succeed by interest and involvement in the child's school, work and activities.
3. Cooperate with the teachers and administration with regard to school requested conferences. Failure to attend a disciplinary conference may result in a misdemeanor fine of up to \$3,000. Failure to attend other school conferences when requested to do so may result in a misdemeanor fine of up to \$250.
4. Encourage his/her child's good behavior and compliance with school rules and the law. A parent/guardian/ custodian may be liable for payment of damages resulting from his/her minor child's destructive acts against school property or person and of criminal fines brought against his/her child for unlawful activity upon school grounds.
5. Encourage proper nutrition by refraining from bringing fast-food to the school.
6. **Current telephone numbers and addresses are essential for emergency purposes. Whenever there is a change of address or phone number, PLEASE notify the office with the new information.**

GENERAL INFORMATION

ACCESS TO STUDENT RECORDS

A parent of a child enrolled in the district has access to school records and information pertaining to the child, whether or not the parent is the custodial parent. The non-custodial parent may demonstrate that he/she is the parent of the child and have access to the child's records, including any forwarding information. The district will follow this policy unless a court orders the District not to provide access to such records.

Under Mississippi law, the parent having legal custody of the child is responsible for making educational decisions for the child. Under state law, if parents are awarded joint legal custody, the parents are obligated to exchange information concerning the health, education, and welfare of a minor child and to confer with one another in the exercise of decision-making rights, responsibilities and authority. If parents have been awarded joint custody and they have differences in opinion as to the education of their child, parents are required by statute to confer with one another and make a decision. The District cannot serve as an arbiter between parents of a child enrolled in the District.

As to notices, report cards, and other school-related information, the school will send all of this information to the address listed for proof of residency when the child is enrolled in school. Some information is sent home with the child and some information may be mailed to the residence. Custody agreements may require the parent receiving the information to communicate it to the non-resident parent. The District is not responsible under state law for providing both parents with copies of this information, but will make any of the child's records available for review, pursuant to paragraph 1 of this policy.

Policy JR-1 Adopted 2/15/2000

ACTIVITIES

The Board of Trustees of the Grenada School District recognizes that for the development of a well-rounded individual, academics and extracurricular activities are very important. However, activities related to academic achievement take precedence over all other activities in the District.

In the event of **two (2)** activities taking place at the same time, (only after all scheduling attempts have failed), then:

- (a) National takes precedence over regional
- (b) Regional takes precedence over state
- (c) State takes precedence over district
- (d) District takes precedence over conference
- (e) All of the above take precedence over practice/rehearsal.

The Board of Trustees of the Grenada School District feels very strongly that parental involvement is important to the educational development of a child. The precedence established in the above statements (a-e) gives clear guidelines for the scheduling and arrangement of extracurricular activities in the Grenada School District. After all attempts by District personnel in charge of extracurricular activities to schedule and avoid conflicts, and conflicts do indeed exist (whether it be the fault of the District or some unavoidable circumstance) then the precedence rule as stated in (a-e) above will be in effect. However, if a parent/guardian feels strongly that the conflict that was created by the District concerning the two scheduled events is not in the best interest of his/her child, then the parent/guardian may do the following:

The parent/guardian, upon personally contacting the Superintendent of the Grenada School District may indicate to the superintendent that parent/guardian(s) choice regarding his/her child's participation in the scheduled events. That request by the parent/guardian will be honored by the superintendent and all District personnel involved in these particular activities with the child. If the parent/guardian has ambivalent feelings regarding the conflict that the District has created, or does not choose to personally contact the superintendent of the School District, then the precedence rule as established in (a-e) above remains in effect.

An extracurricular activity in the Grenada School District that has historically had available certain dates in the past for participation will have precedence in scheduling over a new activity that is formed or that is beginning its involvement in the Grenada School District when scheduling conflicts arise regarding the dates in question.

****If a student DOES NOT attend 63% of their school day, they MAY NOT attend ANY after school activities.**

- d. The superintendent of schools of this school district has determined that the child was making satisfactory educational progress in the previous state. 37-15-9

7. When any child applies for admission or enrollment in any public school in the state, the parent, guardian or child, in the absence of an accompanying parent or guardian, shall indicate on the school registration form if the enrolling child has been expelled from any public or private school or is currently a party to an expulsion proceeding. If it is determined from the child's cumulative record or application for admission or enrollment that the child has been expelled, the school district may deny the student admission and enrollment until the superintendent of the school or his designee has reviewed the child's cumulative record and determined that the child has participated in successful rehabilitative efforts including, but not limited to, progress in an Grenada Enrichment & Transition Center or similar program. If the child is a party to an expulsion proceeding, the child may be admitted to a public school pending final disposition of the expulsion proceeding. If the expulsion proceeding results in the expulsion of the child, the public school may revoke such admission to school. If the child was expelled or is a party to an expulsion proceeding for an act involving violence, weapons, alcohol, illegal drugs or other activity that may result in expulsion, the school district shall not be required to grant admission or enrollment to the child before one (1) calendar year after the date of the expulsion. 37-15-9 (3)

8. No child in grades PreK through 12 shall be allowed to enroll in or attend any school without a valid immunization certificate. 37-15-1

Valid certificates include:

1. Form 121 -- Certificate of Compliance
2. Form 121-A -- Medical Exemption Certificate
3. Form 121-T -- Temporary Compliance Certificate

The Temporary Compliance Certificate, Form 121-T, is not valid after the date shown. After that date, the principal shall deny school attendance by such child unless or until the principal is furnished another Temporary Compliance Certificate, Form 121-T, or a Certificate of Compliance, Form 121, or a Medical Exemption Certificate, Form 121-A.

3. Legal Guardians

A Mississippi law that will go into effect during the middle of the 2023-2025 school year, specifically January 1, 2025 is Senate Bill (#2828, Article 2, Section 201) states that persons with temporary guardianship will **no longer be allowed** to enroll minor children in a school district.

****This law requires that a guardian of a minor child be declared by appointment of the court.****

Be advised, this law will end our ability to enroll students using temporary guardianship documentation. Due to the new state law, the school district has no flexibility and cannot register a child who does not have court appointed guardianship documents. Please make sure to acquire the necessary court documents **by January 1, 2025**, if you have not done so already.

4. Students Living with Adults Other Than Parents or Legal Guardians

A student residing with a non-parent must meet the same requirements stated above for residency verification. The non-parent resident must provide the District with an affidavit stating his or her relationship to the student and that the student will be living at his/her abode full-time, and providing documentation fully explaining the reason(s) (other than school attendance zone or district preference) for this arrangement. The Board of Trustees or its designee will make the factual findings necessary to determine whether the residency of a student with a non-parent is appropriate for school attendance purposes.

5. Transfer Students/TUITION

The Grenada School District Board of Trustees shall charge an annual tuition at the rate of \$900 per student. If however, a family has two or more students transferring into the Grenada School District, the tuition charged shall be \$600 for the second child and \$400 for each child in excess of two.

- 2. Students suspended or expelled from another school or school district may not be allowed to enroll. 37-15-9 (3)

3. No pupil shall be permanently enrolled in a school in this school district who formerly was enrolled in another school within the state or outside the state until the cumulative record of said pupil shall have been received from the school from which he transferred. Should such record have become lost or destroyed, then it shall be the duty of the superintendent or principal of the school where the pupil last attended school to initiate a new record. 37-15-9 (1)

4. Unless a transfer student is tested in the manner provided in paragraph 5 below, the student will be permanently enrolled and placed in a grade or class on the basis of an official transcript of credits from the last school attended. 37-15-33

5. All students seeking to transfer from any school, public or private, within or outside of the boundaries of the State of Mississippi, to this school district shall be required to take a standardized test to determine the grade and class to which the pupil shall be assigned at the time of pupil transfer. The administrative head of the school shall administer the test or tests to such pupil or pupils as shall apply for transfer to such public school. Such test or tests shall be administered within thirty days after the filing of each such application for transfer. No pupil shall be assigned to a grade and class more than three (3) grades above or below the grade or class that the pupil would have been assigned to had the pupil remained in the school from which the transfer is being made. Pending the administration of the test herein provided for and its grading and an assignment based thereon the superintendent of this school district or the attendance center principal to which the pupil seeks admission may assign the pupil temporarily to a grade and class comparable to that in which the pupil would have been had the pupil continued in the school from which the transfer was being made.

If any student is transferred or reassigned within this school district by an order of the board of trustees of this school district as designated by law of the State of Mississippi and not at his own request, the requirement of that pupil's taking the standardized test shall be waived. Likewise, if a pupil shall transfer from one school district to another school district in the manner provided and required by the laws of the State of Mississippi, the requirement of such pupil taking the standardized test shall be waived. 37-15-33

ATTENDANCE (GRADES Pre K-12)

The District Administration recognizes school attendance as one of the most important responsibilities of the students, parents/guardian/custodian and staff. Students who attend school regularly have fewer discipline problems and a better opportunity to achieve. Additionally, school attendance affects the District's receipt of state funding and the teachers' ability to effectively control make-up work. **The student database shall be used to record daily or class period student absentees depending on grade level.

Students who maintain perfect attendance during the school year will be recognized and rewarded. Students who do not comply with the attendance policy will be subject to disciplinary action. **The student database shall be used to record daily or class period student absentees depending on grade level.

PERFECT ATTENDANCE DEFINITION: Students with no absences and no unexcused checkouts (including lunch) are considered to have perfect attendance for that grading period. For the purpose of defining perfect attendance, the term "absence" refers to both excused and unexcused unless such absence is for attendance at an authorized school activity with the prior approval of the principal.

*Students in grades 6-12 do not have to attend school during the testing period for an exam from which they are exempt. Such absences will be excused.

A. Absences

Absences

Prompt and regular student attendance is necessary for a student to obtain the greatest benefit from his/her educational experiences; therefore, a student should be **in attendance every day!!** Absences must be substantiated by a written excuse from the parent/guardian preferably on the day the student returns or within 2 days. After **5 unexcused absences and the following 10, 12, 15, 20 unexcused absences**, the student has failed to comply with this policy and as a result, the child will be referred to the Compulsory School Attendance Officer. (The absences being unexcused and the student being truant.)

Note: Any student absent for **15 consecutive days will be dropped from the roll unless the legal guardian advises the school administrator that the student has a legitimate reason for the extended absence. The principal will determine the course of action to be followed concerning a student's progress and placement following an extended absence.

9-12 Only:

The attendance clerk will review the excuses/notes from parents and give the child an admittance slip to class. Students must have an admit slip the day following an absence to return to class. Absences are recorded daily and/or by period. Period absences are recorded for exemption and make-up work purposes. The principal may grant exceptions for extended absences or special circumstances.

Up to 6 parental notes for each individual day missed will be accepted, or the student will be considered truant. Medical excuses may be excused with principal approval.

Excused Absences

Each of the following shall constitute a valid excuse for temporary non-attendance of a compulsory school-age child enrolled in public school, provided satisfactory evidence of the excuse is given to the superintendent of the school district or his designee within 2 days of returning to school. An absence is excused ONLY if it results from:

- Attendance at an authorized school activity with the prior approval of the principal
- Illness or injury that prevents the child from being physically able to attend

- Isolation of the student is ordered by the County Health Officer or the State Board of Health (i.e. communicable diseases)
- Death or serious illness of an immediate family member, which would include child, spouse, grandparent, parent, brother, sister, stepbrother, or stepsister
- Medical or dental appointment where approval is gained prior to absence, except in case of emergency. (Students are encouraged to attend orthodontist and doctor appointments during non-academic classes. Non-academic classes include band, physical education, music, art, and athletics.)
- Attendance at court or administrative proceedings if the student is required to attend or under subpoena as a witness
- Attendance at the observation of a religious event with the prior approval of the superintendent or his designee unless the observance is of such duration as to interfere with the education of the child
- Out of town travel to take advantage of a valid educational opportunity provided the approval for the absence is gained from the superintendent or his designee prior to the absence.
- Demonstrated conditions sufficient to warrant nonattendance, at the discretion of the principal or his/her designee
(Absences above are defined according to the Mississippi Compulsory School Attendance Law 37-13-91)

Absences from school may be excused for any of the above reasons provided the parent or legal guardian provides the school with a written note or Doctor's excuse within two (2) school days of returning to school. If a note is not received within two (2) school days of returning to school, the absence will be considered unexcused.

The Parent/Guardian excuse should contain:

- Student's name**
- Date of the absence**
- Reason for absence**
- Parent signature**

The Medical excuse should contain:

- Student's name**
- Date of the absence**

(Does **NOT** require a parent signature, but random verifications of medical excuses will be left to the discretion of the principals.)

*****Grenada School District Nurse excuses are considered an excused absence that day only and do not need a parent signature.**

*Upon reaching five (5) unexcused absences the student will be immediately referred to the school attendance officer. Each day attendance personnel will email the school district attendance officer a current list of all students who have accumulated 5 unexcused absences (including out of school suspensions). Out of school suspensions will be reported to the school attendance officer as they occur.

Tardies and checkouts will be excused for the same reasons mentioned above. Parents must come to the principal's office and complete a tardy/check-out form on each occurrence for the tardy and/or checkout to be considered excused.

(A note for the tardy or early checkout must be received within 2 days of the tardy or early checkout to be excused.)

B. Official Absences – School Activities

An official absence is an absence by a student participating in events and activities authorized by a principal and placed on the school calendar when grades are affected by participation or performance.

- Students must attend school for 63% of the school day to participate in school activities.
- Students suspended from school (OSS) may not participate in school-related activities throughout the day or days of the suspension.
- Students serving in school suspension (ISS) will be allowed to participate in activities occurring after the school day.
- Students who have been assigned to the Grenada Enrichment & Transition Center may not participate in school related activities until they return to their respective school.

C. Homebound

A student may enroll in the homebound instruction program for the following reasons:

- Chronic illness
- Accident
- Surgery

o The parent/guardian provides a written Physician's/Nurse Practitioner's note to school prior to returning to school or within 2 days after returning to school,

OR

o The Physician's/Nurse Practitioner's note may verify a recurring or ongoing illness, which will allow the student to be placed on homebound as needed.

- The principal or the superintendent's designee must approve the homebound instruction request. The principal or the district superintendent's designee may or may not approve the student's participation in a program for homebound instruction based on the documentation provided.
- The amount of instructional and supportive services provided through the homebound program will be determined in relation to each student's educational needs and the student's physical and mental health.
- To re-enter school, a homebound student must report to the principal, superintendent's designee, or counselor for readmission.
- Homebound students will not be exempt from tests.
- Homebound assignments must be turned in each week.
- Homebound students MUST be present at school to participate in school activities.

G. STUDENT ATTENDANCE, REPORTING OF STUDENT ATTENDANCE, TARDINESS & EXCUSES

The school board believes that good attendance, with a minimum of tardiness and absenteeism, is essential if students are to gain maximum benefit from the school district’s instructional program. The superintendent has developed administrative regulations governing tardiness and absences (excused and non-excused).

The administrative regulations shall be based on all applicable state laws governing absenteeism and tardiness and shall include (but not limited to) the counting and reporting of students to the Mississippi Department of Education for attendance purposes, expectations for good student attendance, parent responsibility, excused and unexcused absences, and tardiness. Initial administration regulations and any future changes to such administrative regulations shall be approved by the school board before implementation.

Make-up Assignments: The administrative regulations shall specify that no absence will be excused when it is due to suspension, expulsion or other disciplinary action. However, to avoid adopting a policy or administrative rule that would ensure a student’s failure, the district may adopt a provision that permits or requires suspended students who are not immediately placed in an Grenada Enrichment & Transition Center program to make up work within specified deadlines.

Attendance Reporting: In order for a student to be considered as having attended school for a full day, the school board specifies that each student must be present for 63% of his or her individual instructional day as fixed by the local school board for each individual school. For purposes of reporting absenteeism, a student who has an absence that is more than thirty-seven percent (37%) of the student’s instructional day, as fixed by the school board for the school at which the student is enrolled, shall be considered absent the entire school day.

The superintendent has developed the following policy which includes:

- a definition of the instructional day for each individual school so that the 63% of the instructional day can be computed for each student within the school district’s individual schools, and
- a process for computing 63% of the instructional day for each student within the school district’s individual schools.

CODE OF CONDUCT

Positive Behavioral Interventions and Supports (PBIS)

PBIS is a proven, research and evidence-based discipline program that emphasizes school-wide systems of support that include strategies for defining, teaching, modeling and supporting appropriate student behaviors to create positive school environments.

PBIS emphasizes teaching students to behave in ways that contribute to academic achievement and school success and that support a school environment where students and school staff are responsible and respectful. PBIS also emphasizes the need for school staff to promote appropriate behaviors by teaching, modeling, reinforcing, and monitoring appropriate behaviors and by treating much minor misbehavior as “teaching moments” rather than punishment opportunities. PBIS recognizes that effective school discipline is anchored to meaningful corrective instruction and guidance that offers students an opportunity to learn from their mistakes and contribute to the school community. PBIS also involves ongoing monitoring of discipline data to ensure equitable school-based discipline practices are implemented in a fair and non-discriminatory manner.

The Grenada School District has implemented the *PBIS* program across the entire district. The Student Code of Conduct compliments and supports the district-wide implementation of *PBIS* to foster student academic and behavioral success. The program is a three stage model focusing on prevention, early intervention, and intensive services to address the behavioral or academic problems of students:

I. Primary prevention – school-wide strategies designed to reduce the development and occurrences of problem behavior by teaching and encouraging expected pro-social behavior among all students, across all school settings and by all staff members. Rather than assuming that all students enter school with the knowledge and skills necessary to meet expectations for behavioral decorum, educators must directly teach and acknowledge those behavioral expectations that lead to social success in classrooms and all other school settings.

II. Secondary prevention - targets students who are considered at risk for problem behavior skill deficits who are not responding to primary level prevention efforts. Strategies are implemented to reduce repeated episodes of problem behavior through the use of more intensive interventions, especially for the relatively small proportion of for whom primary prevention strategies are not sufficient to support their behavioral success. The purpose of the secondary level is to reduce current cases of problem behavior and academic failure by using specialized group interventions that provide more support. Some common secondary prevention practices include: 1) behavioral contracts, 2) conflict resolution training, 3) pre-correction strategies, and 4) self-management strategies.

III. Tertiary prevention - the most individualized and intense level. Interventions are developed specifically to address the behavior support needs of the smallest proportion of students who display chronic academic and/or behavioral difficulties. These behaviors impede learning, are dangerous or disruptive behavior, and/or result in social or educational exclusion.

PURPOSE OF THE STUDENT CODE OF CONDUCT

- Create a consistent set of expectations for student behavior in the Grenada Public Schools that reinforce positive behavior and provide students with opportunities to develop appropriate social skills
- Outline the interventions and consequences for students who engage in inappropriate behavior
- Explain the rights of students with disabilities including procedural protections when disciplinary action is taken
- Describe the rights and responsibilities of all members of the school community
- Engage students in a safe, positive, and supportive learning environment

DEFINITION OF DISCIPLINE

“*Discipline*” is defined as actions that teachers, administrators, support staff, and parents employ to teach students the essential skills necessary for academic and social success.

SCOPE OF THE STUDENT CODE OF CONDUCT

The Student Code of Conduct is intended to outline a range of appropriate responses for inappropriate behaviors:

- Poor academic achievement is not an act of misconduct. Therefore, the Student Code of Conduct must not be used to discipline students for poor academic achievement or failure to complete assignments.
- A parent’s refusal to appropriately support their child’s education cannot be considered misconduct on the part of the child.
- The Student Code of Conduct applies to all students. However, discipline for students with disabilities shall be administered in accordance with federal and state law.
- **The Student Code of Conduct applies to actions of students at school, at school-sponsored and school-related activities, including school-sponsored travel, and for school-related misconduct.**

BEHAVIORAL EXPECTATIONS AND RESPONSIBILITIES

Responsibilities of Grenada School District:

- Genuine Admiration for Rules and Consequences
- Show Respect for Self and Others
- Duty to practice Self-control

Responsibilities of District Administrators

- Provide appropriate training and resources to implement positive behavioral interventions and supports at each school

CLASSIFYING INFRACTIONS

Violations of the Code of Conduct are grouped into five levels. Before determining a classification, the principal or designee will conference with the involved students and school personnel. Once the classification of the violation is determined, the principal or designee will implement the disciplinary procedure according to the written policy.

Each teacher will deal with general classroom disruption through effective classroom management and involvement of parents, and/or school counselors. Only when the action taken by the teacher is ineffective, or the disruption is severe, should the student be referred to the principal or designee.

Level 1 Infractions –

Misbehaviors that are low in intensity, passive, and/or non-threatening in nature shall be classified as Level 1 infractions. Teachers shall manage Level 1 infractions by using a range of corrective strategies. Students shall not receive exclusionary discipline for Level 1 infractions.

Level 2 Infractions –

Misbehaviors that are moderate in intensity and non-threatening in nature shall be classified as Level 2 infractions. Teachers, in collaboration with the school discipline administrative team as appropriate, shall manage Level 2 infractions by using a range of corrective strategies. Students shall not receive exclusionary discipline for Level 2 infractions.

Misbehaviors that are more serious in intensity and non-threatening in nature shall be classified as Level 3 infractions. The principal (or designee) in conjunction with counseling staff shall manage Level 3 infractions by using a range of intensive in-school corrective strategies. The principal or designee may assign in-school suspension (ISS) for a Level 3 infraction.

The District may, but is not required to, assign an out-of-school suspension for a Level 4 infraction. The principal shall ensure that a behavior plans are developed for students after a Level 5 infraction, if appropriate.

CORRECTIVE STRATEGIES: ALTERNATIVES TO SUSPENSION AND EXPULSION

Academic success is directly correlated with instructional time received by the student.

In the effort to fully implement *School-Wide Positive Behavioral Interventions and Supports, R.T.I.(Response to Intervention)* and reduce the loss of instructional time due to out-of-school suspensions and expulsions, each school within the Grenada Public School System will utilize a wide variety of corrective strategies that do not remove children from valuable instructional time. These strategies are designed to prevent the occurrence of student infractions, teach alternative or replacement behaviors, or motivate students to demonstrate compliance with established school expectations outlined in the Code of Conduct. Corrective Strategies must be implemented by educational personnel with appropriate amounts of integrity for Level 1 and Level 2 Infractions prior to administration utilizing out-of-school consequences. As such, these strategies serve as a first line of remediation in the successful management of student behaviors.

Corrective Strategies, also known as alternatives to suspension and expulsion, include but are not limited to:

- After-school detention in conjunction with instruction designed to teach replacement behaviors when appropriate
- Behavioral contracts and/or Behavior Support Plans

CORPORAL PUNISHMENT

The Board of Education of the Grenada School District views corporal punishment as a form of discipline. However, if a parent chooses not to participate in corporal punishment, the enclosed form must be signed, and an alternative means of discipline will be enforced by the principal.

Corporal punishment must be administered in accordance with the following guidelines:

1. School personnel and administrators are **prohibited** from using corporal punishment on any student with a disability. This includes any student with an **IEP, Section 504, or is in the Child Find Process.**
2. Corporal punishment shall be administered only after less stringent measures such as counseling, parental conferences, and other forms of discipline have failed to produce the desired results.

3. Corporal punishment shall be reasonable and moderate and may not be administered maliciously, in anger, or for the purpose of revenge.
4. Corporal punishment may be administered only by the school principal, assistant principal, or principal designee with the approval and in the presence of the principal or assistant principal.
5. When corporal punishment is administered, it shall be done only in the presence of another certified employee and never in the presence of another student.
6. The student should be informed in the presence of the principal or another teacher of the reason for the punishment.
7. All corporal punishment must be administered to the buttocks only and must not be excessive.
8. All paddles used in the District must be approved by the principal.
9. When corporal punishment is administered, the administering personnel must complete a discipline form. The original discipline form must be filed in the principal's office, a copy sent to the parent and a copy retained by the teacher by teacher.

CORPORAL PUNISHMENT PROCEDURES When corporal punishment is being considered as a disciplinary measure, the following steps must be taken:

- a. Check SAMS for a SPED indicator, a 504 indicator or a DO NOT PADDLE indicator.
- b. Should a child NOT have one of the indicators listed above, a call must be made to: • the SPED office: (Aletha Simpson - 226-3045) • and/or the 504 Coordinator (Dr. Lyle Williams - 226-1606 or Dr. Carla Rogers, 226-8900) to ensure that the student is not a child with a disability or is being referred as a child with a possible disability.
- c. If the child is not a SPED student or 504 student and is not being referred for either, the parent must be called.
- d. If steps a, b, and c have been followed, then corporal punishment may be considered as a disciplinary option.
- e. No parent should be given the option of coming to the school to administer corporal punishment to any child.

SUSPENSION AND EXPULSION

Suspension

When unacceptable behavior cannot be corrected by the resources of the teacher or school administration, the board hereby authorizes the school principal or his designee to suspend any student for levels 4 and 5 misbehaviors described in the district's code of contact.

Definitions

"Suspension" is the denial of the privilege of attending school in the district imposed after due process upon any student of the district at the direction of the principal of the school in which the student is enrolled. A suspended student may return to school following the expiration of the suspension period without application for readmission but may be required to be accompanied, on return to school, by a parent, legal guardian or custodian.

A "suspension" includes the denial of the privilege of participating in or attending any school-related activity for the period of the suspension. Furthermore, suspended students shall not trespass upon any other school campus or enter into any other school building except for a pre-arranged conference with a principal.

Students suspended during an examination period shall be afforded an opportunity to take any examinations missed as a result of such suspension at such time and under such conditions as may be determined by the principal and teacher(s).

NOTICE: The student handbook provides specific grounds for disciplinary action and procedures to be followed for acts requiring discipline. Students and legal guardians shall be required to provide the school with a written statement verifying that they have received notice of the discipline plan, in accordance with Policy JDA. If a student is to be sent home during normal school hours, a parent or guardian shall be notified before the student is dismissed. No student shall be sent home during normal school hours unless a parent, guardian, or custodian has first been notified. (Except for extreme situations or safety concerns.)

Authority To Suspend

MS Code 37-9-71 – As provided by the statute, the superintendent has the power, authority, and duty to delegate student disciplinary matters to appropriate school personnel. There are two levels of allowed suspensions:

1. The superintendent, principal, or his/her designee may immediately suspend a student for misconduct for no longer than 10 consecutive school days.
2. The superintendent, principal, or his/her designee may recommend suspensions for eleven days or more or expulsion for more serious disciplinary offenses. In such cases, the superintendent, principal, or his/her designee may immediately suspend the student for no longer than 10 consecutive school days and recommend a long-term suspension (Alternative Placement) or expulsion, subject to an informal hearing and pending the conclusion of formal due process proceedings.

The superintendent of schools and the principal of a school shall have the power to suspend or expel a pupil for good cause, including misconduct in the school or on school property, as defined in Section 37-11-29, on the road to and from school, or at any school-related activity or event when such conduct by a pupil, in the determination of the superintendent or principal, renders that pupil's presence in the classroom a disruption to the educational environment of the school or a detriment to the best interest and welfare of the pupils and teacher of such class as a whole, or for any reason for which such pupil might be suspended, dismissed or expelled by the school board under state or federal law or any rule, regulation or policy of the local school district. For any suspension of more than ten (10) days or expulsions, a student shall have the right to a due process hearing, be represented by legal counsel, to present evidence and cross-examine witnesses presented by the district. The student and the student's parent, legal guardian or person in custody of the student may appeal suspension of more than ten (10) days and expulsions to the school board. The standard of proof in all disciplinary proceedings shall be substantial evidence. The parent or guardian of the child shall be advised of this right to a hearing by the appropriate superintendent or principal and the proper form shall be provided for requesting such a hearing.

Reports

The superintendent, or his designee, shall report any student suspensions or student expulsions to the school attendance officer

when they occur. ' 37-13-91 (6)

Principals shall make a written report of each suspension to the superintendent or designee to include:

1. Name of student, grade and school.
2. Statement of the reasons for the suspension including the date, time and place.

Return To School

NOTE: According to a 1998 Attorney General Opinion, automatic fail provision of an absences policy may not apply against legal, excused absences. Such absences policies may not be applied against absences resulting from disciplinary suspensions if absences policies are applied to truant children who are otherwise passing, the district must afford the child procedural due process. (Attorney General Opinion, Carter, 1-9-98) (#183) (97-0817)

IDEA Students (§ 300.520 Authority of School Personnel)

1. *Case-by-case determination.* School personnel may consider any unique circumstances on a case-by-case basis when determining whether a change in placement, consistent with the other requirements of this section, is appropriate for a child with a disability who violates a code of student conduct.
2. School personnel under this section, may remove a child with a disability who violates a code of student conduct from his or her current placement to an appropriate interim alternative educational setting, another setting, or suspension. for not more than *ten* (10) consecutive school days (to the extent those alternatives are applied to children without disabilities), and for additional removals of not more than *ten* (10) consecutive school days in that same school year for separate incidents of misconduct (as long as those removals do not constitute a change of placement under § 300.536).
 - (1) School personnel may order the removal of a student for not more than ten (10) consecutive school days to the extent that such removals would be applied to children without a disability for the same offense or when the student's behavior is deemed to be dangerous behavior.
 - (2) After a child with a disability has been removed from his or her current placement for ten (10) school days in the same school year, during any subsequent days of removal, the public agency must provide services to the extent required under paragraph (d) below.
3. *Additional authority for disciplinary changes of placement.* For disciplinary changes in placement that would exceed *ten* (10) consecutive school days, if the behavior that gave rise to the violation of the school code is determined not to be a manifestation of the child's disability pursuant to paragraph (e) *below*, school personnel may apply the relevant disciplinary procedures to children with disabilities in the same manner and for the same duration as the procedures would be applied to children without disabilities, except as provided in paragraph (d) *below*.
4. *Services.*
 - (1) A child with a disability who is removed from the child's current placement, pursuant to paragraphs (c) *above* or (g) *below* must—
 - i. Continue to receive educational services, as provided in §300.101(a), so as to enable the child to continue to participate in the general education curriculum, although in another setting, and to progress toward meeting the goals set out in the child's Individualized Education Plan; and
 - ii. Receive, as appropriate, a functional behavioral assessment (*FBA*), and behavioral intervention services, and modifications that are designed to address the behavior violation *to prevent said behavior from recurring*.

DUE PROCESS

A student who is suspended out-of-school (“OSS”), expelled, or otherwise denied admission to attend school has the right to due process as set out in this policy.

A student who is given in-school detention (“ISD”) has due process rights to the Initial Informal Hearing (Step One) but shall have no further due process or appeal.

As used in this policy, “principal” includes any school administrator, central office administrator, or any designee of the school principal. “Superintendent” includes any designee of the superintendent. “Student” includes both male and female students. A student’s “parent” includes his legal guardian or legal custodian. In calculating “school days” for purposes of this policy, Saturdays, Sundays, and school district holidays shall not be counted as school days. In calculating days, the date of a written notice shall not be counted.

All circumstances and records of a student’s case shall be confidential and available only to authorized school employees and school district officials and attorneys dealing with the student and his case, and to the student’s parents, legal guardian, legal custodian, and attorneys.

STEP ONE: INITIAL INFORMAL HEARING

Applies to: Suspensions of 10 school days or less
Suspensions of 11 school days or more
Recommendations of expulsions
Denials of admission

A. The principal shall conduct an informal hearing in each case where disciplinary action may be taken against a student or where a previously expelled student makes application for readmission following conclusion of his expulsion period.

After an initial informal investigation appropriate under the circumstances of each case, the principal shall:

1. Inform the student orally of the charges against him or the reasons for non-admission:
2. Give the student an opportunity to respond by explaining his side and his actions; and
3. If the student denies the charges or contests the reasons for non-admission, the principal shall orally summarize to the student the evidence in support of the charges or reasons.

B. After the informal hearing, the principal may take the following actions:

1. **SUSPENSION OF 10 SCHOOL DAYS OR LESS (SHORT TERM SUSPENSION):** The principal may suspend a student for 10 consecutive school days or less. The suspension is effective immediately, and the principal may immediately remove the student from class and school activities and dismiss the student from school. The principal shall give the student a copy of his school discipline referral form. The principal shall attempt to contact the student’s parent to arrange for the student to be removed from school and tell the parent of the suspension. If the principal is not able to contact the parent, the principal shall orally instruct the student to give his parent the copy of the discipline referral form and to have the parent call the principal.

No further due process is required unless the student’s parent appeals the suspension to the superintendent by giving written notice of such appeal to the superintendent within two school days from the date the student was suspended. See Step Three below.

2. **IMMEDIATE SUSPENSION AND RECOMMENDATION OF EITHER SUSPENSION OF 11 SCHOOL DAYS OR MORE (LONG TERM SUSPENSION) OR EXPULSION:** In addition to a short term suspension, the principal may also recommend a suspension of 11 school days or more or recommend expulsion, as the principal deems appropriate under the circumstances.

The principal may immediately suspend a student pending an investigation while the principal determines whether or not to recommend a long term suspension or expulsion. The suspension is effective immediately, and the principal may immediately remove the student from class and school activities and dismiss the student from school. The principal shall give the student a copy of his school discipline referral form. The principal shall attempt to contact the student’s parent to arrange for the student to be removed from school and tell the parent of the suspension and pending investigation for further disciplinary action. If the principal is not able to contact the parent, the principal shall orally instruct the student to give his parent the copy of the discipline referral form and to have the parent call the principal.

The principal shall immediately suspend and dismiss a student and recommend expulsion when there is reason to believe the student committed an unlawful or violent act as defined or otherwise provided by Mississippi statute or by District policy or school code of conduct.

The student subject to a recommendation of a suspension of 11 school days or more or expulsions shall be afforded due process regarding such recommendation.

3. **DENIAL OF ADMISSION:** The principal may recommend a denial of admission which shall be effective immediately but subject to due process for the applicant for admission.

STEP TWO: HEARING BEFORE DISCIPLINARY HEARING COMMITTEE (“DHC”)

Applies to: Recommendation of Suspension of 11 school days or more
Recommendation of Expulsion
Recommendation of Denial of Admission

After the initial informal hearing (Step One) and after completing his investigation, if the principal recommends suspension for 11 school days or more, expulsion, or denial of admission, then the principal shall take the following actions:

1. The principal shall give the student a written notice of suspension, expulsion, or non-admission, as the case may be. A copy of the notice will be hand-delivered or mailed to the student, and the original notice will be hand-delivered or mailed to the student’s parent.
2. The notice shall state the date, time, and place for the hearing. The notice shall contain a statement of the charges/reasons, advise the student of his right to legal counsel at his expense, and his right to present witnesses and evidence at the hearing. The principal is under no obligation to give to the student or his parent a list of witnesses who may testify at the hearing or copies of any written statements, documents, or other evidence that may be presented at the hearing.
3. A hearing before the DHC shall be scheduled no later than the tenth school day following the date of the written notice of the principal’s recommendation.
4. Pending a hearing before the DHC:
 - a. The student may be offered temporary placement in the Grenada Enrichment & Transition Center program if his/her school counselor verifies the student’s suitability for such program; in such case, the hearing before the DHC may be held at any appropriate time without application of the 10-school-day limitation period. The principal may not offer temporary placement at the Grenada Enrichment & Transition Center when the offense upon which the recommendation is based is gang- or group-related fighting, a violation of a prohibition against weapons or controlled substances, assault of a school district employee, or other unlawful or violent act as defined by Mississippi statute or District policy.
 - b. The student may be allowed to remain in his home school if the principal determines that the student’s continued presence is not detrimental to order or to the safety of the student, other students, or any employee of the school district, or will not cause disruption of the learning environment of any class or the school; in such case, the hearing before the DHC may be held at any appropriate time without application of the 10-school-day limitation.
 - c. The hearing will be before the DHC.
 - i. If practicable, the DHC may be composed of three school administrators, central office administrators, or school counselors, none of whom may be on the faculty or staff of the student’s school in which he is enrolled. One of the administrators on the DHC shall be the superintendent’s designee who will serve as the investigator, convener, and administrative officer of the DHC.
 - ii. Formal rules of evidence do not apply to the procedures of the hearing. Hearsay is admissible. The DHC does not have the authority to issue subpoenas. The student’s parent or his attorney may question the principal and any witness who appears before the DHC. Likewise, the principal may question any other witness, including the student. The DHC may question the principal, the student, and all witnesses. If the student’s parent or attorney wishes to call witnesses, it is their responsibility to arrange for such witnesses to voluntarily attend the hearing. The school district is under no obligation to make students available for hearings unless in advance of the hearing the student’s parent has contacted the principal or superintendent to state that the parent has approved of the student testifying at the hearing and to state if the parent wishes to be present when the student testifies.
 - d. The DHC shall hear all cases presented and is authorized to:
 - i. Concur with the recommendation of the principal for suspension, expulsion, or non-admission;

- ii. Not concur with the principal's recommendation by deciding against suspension or expulsion, by increasing or decreasing the duration of the suspension, by recommending expulsion, or by recommending admission with or without conditions; and
 - iii. The DHC shall prepare a written summary of each case with its decision and the reasons in support of its decision.
- e. Within three school days after the conclusion of its hearing, the DHC shall notify the student's parent or attorney by mailing a written copy of its decision.
 - f. After the conclusion of Step Two, any student's parent aggrieved by a decision of the DHC may submit a written request for review to the superintendent with four school days after the date of the written decision of the DHC. If the student's parent does not submit a written request for appeal to the superintendent within the deadline period, the decision of the DHC shall be final.

STEP THREE: APPEAL TO THE SUPERINTENDENT

Applies to: Appeals of suspensions of 10 school days or less
 Appeals of suspensions of 11 school days or more
 Appeals of expulsions
 Appeals of denials of admission

The superintendent shall review decisions of the DHC that are timely appealed. The superintendent shall conduct his review of the DHC decision and notify the student's parent within five school days or as soon as possible from his receipt of the parent's written notice of appeal. Student will receive OSS OR Alternative ISS until appeal process is concluded.

With respect to suspensions of more than 10 school days, expulsions, and denials of admission:

- 1. If the superintendent concurs in the decision of the DHC, he shall notify the student's parent in writing of his affirmance of the DHC's decision and mail a copy of his decision to the student's parent.
- 2. If the superintendent does not concur with the decision of the DHC, he may modify the decision by either reducing the severity of the DHC's disciplinary recommendation or increasing its severity, assign an appropriate duration of suspension, recommend expulsion or, in the case of denial of admission, recommend admission or admission upon conditions. If the superintendent modifies the DHC's recommendation, he shall submit a copy of his written decision to the student's parent.

With respect to suspensions of ten school days or less, the superintendent shall review the oral recommendation of the principal. The superintendent may talk with the principal and with the student before making his decision, and he may conduct any further investigation he believes reasonable under the circumstances. The superintendent may modify the suspension in any way he determines, including reducing or increasing its severity and duration or recommending a long term suspension or expulsion.

If a student's parent is aggrieved by the decision of the superintendent, the parent shall submit a written notice of appeal to the school board within three (3) school days of the date of the superintendent's decision. If no written notice of appeal is received by the superintendent within the time deadline, the superintendent's decision is final.

The superintendent shall report in executive session to the school board on all expulsions which are final and not appealed to the school board.

STEP FOUR: APPEAL TO SCHOOL BOARD

Applies to: Appeals of Suspensions
 Appeals of Expulsions
 Appeals of Denials of Admission

The school board shall, at its next regular or special meeting following submission of a written notice of appeal by a student's parent of a suspension, expulsion or denial of admission, hear the appeal. The school board may determine to go into executive session to hear all such appeals. The school board will make its final decision based upon the evidence presented at the DHC hearing or the evidence considered by the principal and superintendent (in the case of short term suspensions of 10 school days or less). The school board may establish the procedures for presentation of appeals to the school board. The student's parent or representative should be prepared to explain to the board the reasons the disciplinary decision should not be affirmed or should be modified. The school board shall also hear from the principal or superintendent as to the reasons the disciplinary action should be affirmed.

The school board may affirm the decision below, modify it by either increasing or reducing the severity of the disciplinary action, or overturn the decision. The school board shall communicate its written decision to the student's parent within three school days of its hearing of the appeal.

Wavier

At any point in the process described in this policy, the student's parent may waive any further due process to the DHC and appeal to the superintendent or school board by signing a written waiver of such rights and agreeing to a disciplinary recommendation.

SEARCHES

The Fourth Amendment to the United States Constitution and Article 3, §23 of the Mississippi Constitution provides all people with the right to be secure in their persons, houses, papers, and effects against unreasonable searches. However, circumstances will arise where searches of students' persons, possessions, lockers, desks and vehicles will be necessary. Administrators have the authority and obligation to exercise discretion in the implementation of this policy, balancing the District's responsibility to maintain discipline, order, and a safe environment conducive to education with the students' legitimate expectations of privacy.

1. REQUIREMENTS

Except as to searches expressly permitted by this policy, all searches must be approved by the superintendent, principal, assistant principal, superintendent’s designee or principal’s designee. No other District employee may authorize a search except where an emergency situation exists.

At least two District employees must be present while a search is conducted. If, in the discretion of the administrator or employee conducting the search, the search is particularly intrusive, the person conducting the search and the witnesses, or at least one of them, should be the same sex as the student.

No student other than the student who is the subject of the search may be present during the search. All searches must be reasonable in scope.

2. SEARCHES PERMITTED

Searches are permitted as follows:

- a. **PERSON, POSSESSIONS, LOCKERS:** Except as authorized in 2(d) of this Policy, searches of a student's person, possessions or lockers may be conducted if a District employee has prior individualized reasonable suspicion that a student has violated or is violating a District policy, school rules or regulations or the law and that the search will result in discovery of evidence of such violation. Exceptions to an individualized search conducted pursuant to reasonable suspicion are identified in section 3 of this policy.
- b. **DESKS, OTHER SCHOOL PROPERTY:** Searches of desks and other school property (except lockers) may be conducted at any time, with or without reasonable suspicion of a violation.
- c. **VEHICLES:** Searches of vehicles driven to school by or for students may be searched by visual inspection with or without reasonable suspicion of a violation. If a visual search results in individualized reasonable suspicion of a violation, a more intrusive search of the vehicle may be conducted at the direction of the principal.
- d. **CANINE SEARCHES:** The District may at any time use dogs to search vehicles, possessions not on the student's

person, desks, lockers and other school property, with or without reasonable suspicion of a violation. A canine response indicating the presence of contraband constitutes reasonable suspicion and a more intrusive search may be conducted at the direction of the principal or the principal's designee.

e. **GROUP SEARCHES:** Caution shall be exercised when a search involving a number of students is conducted. In most instances, in order to justify a search, the District's reasonable suspicion must be particularized to an individual student. Exceptions to this requirement are appropriate only where the intrusiveness of the search is minimal, such as canine searches of lockers, desks, bookbags, or automobiles, etc. Further exceptions to an individualized search conducted pursuant to reasonable suspicion are identified in section 3 of this policy.

f. **STRIP SEARCHES:** No student shall be subjected to a strip search except where an emergency situation exists and with pre-approval by the principal or the principal's designee. Only the rarest of incidents, such as the potential for the student's immediate use of a weapon concealed in the student's clothing, would be an exception to this requirement for pre-approval. No student shall be asked to remove any article of clothing in the presence of a member of the opposite sex or of other students. Because of the legal issues surrounding a strip search, the Board recommends contacting the police once the need for a full strip search becomes apparent, though the Board recognizes that there may be circumstances that necessitate continuing the strip search under this Policy.

3. The District authorizes the use of metal detectors, both hand-held and walk-through units. Each school in the District may utilize metal detection devices. The purpose of the metal detectors is to conduct random, suspicionless searches of students, though the metal detection devices may also be utilized when District personnel have a reasonable suspicion that a student is violating a District policy, school rules or regulations, or the law and the use of the metal detector may aid in discovery of evidence of a violation. This Board directs District personnel to develop guidelines/procedures to conduct these searches in accordance with law.

4. DEFINITIONS

a. "Reasonable in scope" means that the degree of the intrusion must be consistent with the objective of the search. Factors to be considered in whether the scope of a search is reasonable include, but are not limited to, the following:

- i. The student's age, maturity, and sex;
- ii. The nature or level of seriousness of the suspected violation; and
- iii. The intrusiveness of the search, e.g. a canine search is less intrusive than a locker search; a locker search is less intrusive than a "pat down;" etc.

b. "Reasonable suspicion" refers to a flexible concept requiring the application of experience and common sense. Determinations of whether reasonable suspicion to support a search exists shall be made on a case-by-case basis with due consideration of all circumstances. In all cases, "reasonable suspicion" must be supported by articulable facts.

Factors to be considered in making this determination include, but are not limited to, the following:

- i. The reliability of the information indicating that evidence of a violation may be discovered;
- ii. The existence of reasonable suspicion that such evidence will be discovered;
- iii. The individualization of the suspicion toward the person to be the subject of the search;
- iv. The prevalence or seriousness of the problem to which the search is directed;
- v. The exigency of the circumstances; and
- vi. In some circumstances, the student's history and record in school.

c. An "emergency situation" exists if destruction of evidence, use of contraband, or use of a weapon is an immediate possibility. When District personnel have had to conduct a search due to the immediate possibility of the destruction of evidence, use of contraband, or use of a weapon and did not have time to obtain approval prior to conducting the search, an administrator must be notified immediately. Only in very rare instances, such as indicated in 2(f) above, should a strip search be undertaken without the principal or the principal's designee's approval. However, if an emergency situation does not exist, employees should take steps to prevent the possible destruction of evidence, use of contraband, or use of a weapon while securing approval for a search.

5. **DISCIPLINARY ACTION** If a search reveals grounds for a reasonable belief that a violation of a District policy, school rules or regulations or the law, the student will be subject to disciplinary action as provided by District policy.

6. **POLICE SEARCHES** School officials are obligated to cooperate with law enforcement authorities who are validly carrying out their official duties. In such cases involving a student, the District shall make an immediate attempt to notify the student's parent, guardian, or custodian. The principal or principal's designee shall attend the search if conducted on or about the school premises and shall take any disciplinary action necessary as a result of the search.

Metal Detectors- Procedures

The Grenada School District's goal is to maintain a safe environment that encourages learning. Unless expressly allowed by state law, the possession, use, or sale of weapons on school grounds is illegal, dangerous, and disrupts an orderly learning environment. The reasonable use of metal detectors by school officials to keep weapons off school grounds is not a violation of Fourth Amendment rights. These procedures are designed to provide a safe learning environment. Though the District cannot anticipate every scenario under which searches utilizing metal detectors may be implemented, the District guidelines to conduct these searches in accordance with law are below.

1. Each school in the Grenada School District may use hand-held and/or walk-through units metal detection devices.
2. Each person operating an electronic search device shall be trained in the proper use of the device and the detection of any malfunction in the operation of the instrument. Adjustments in the settings of the device shall only be made by personnel trained in adjusting the settings and shall be overseen and approved by designated members of the administration or the superintendent or principal's designee.
3. All students, staff members, and/or visitors entering the school or school-related function are subject to search. All visitors may be searched utilizing the metal detectors, including those visitors attending extracurricular functions. Random, suspicionless searches may be conducted of students and staff, in addition to individualized searches based on reasonable suspicion.
4. A "random" search is one which utilizes a specific methodology. One example of a random search is previously determining that every 10th (or 15th or 20th) student to enter the building will be searched. There are many types of random searches. No person will be selected for a random search on the basis of race, color, national origin, sex, disability, or age.
5. The search is directed to search for weapons; however, other contraband discovered in the search shall be removed from any student other person.
6. All property removed from the student as a result of the above procedures which may be legitimately brought on school premises or to a school function will be returned to the student. All other property or contraband that may not be legitimately brought on to school premises or a to a school function will not be returned to the student. The District will follow procedures already in place with regard to students' possession of cell phones.
7. If property or contraband (including a weapon) is removed from the student or the student's bags or parcels, possession of which is a violation of school rules, District policy, and/or administrative guidelines, and/or the law, the student shall be disciplined in accordance with the discipline procedures of the District. Students may be subject to criminal prosecution and/or juvenile proceedings for violations of law.
8. Only designated school personnel and security personnel will conduct hand-held metal detector searches. These personnel will be trained to ensure that the scanning is done correctly.
9. Persons entering through the walk-through metal detection device will be asked to remove all metal objects from his/her person and to place the metal objects on a table. Purses, briefcases, bags, or parcels must go through the device.
10. When a student's, staff member's, and/or visitor's bag or parcel activates the scanning device, the security personnel/administrator is to request him/her to open the container in question so that they can look for weapons.
11. The person will then be asked to walk through the metal detector. If the metal detector activates, he/she will be asked a second time to remove metal objects from his/her person and to walk through a second time.
12. If the walk-through metal detector activates a second time, the Security Personnel/Administrator is to approach the person and explain the hand-held scanning device process, and then conduct a scanning beginning at the toes and continuing up to the head without intentionally touching the body. The bags and parcels will also be scanned.
13. Should the subsequent hand-held scan activate the device, a further search should be conducted. District personnel conducting the scan will notify a school administrator and a school resource officer (SRO) or security officer so that they

may escort the individual to a separate and private area, such as an office, to conduct a search in accordance with the following procedure:

- a. The search must be conducted in the presence and under the supervision of the principal or designee.
 - b. The search must be conducted by a person of the same sex as the individual being searched.
 - c. Prior to conducting the search, the principal or designee will once again ask the individual to remove any remaining metal objects from his/her person. If the individual declines to remove the objects, the individual will be searched as follows:
 - 1) The search will be conducted only in the area of the body which activated the metal detector.
 - 2) The search shall commence with the patting of the individual's external clothing in the vicinity of the pockets, belts, shoulders, or other specific areas, for the limited purpose of discovering items which may have activated the metal detector.
 - 3) If the school official conducting the search feels an object which may have activated the metal detecting device, the school official shall ask the individual to remove the object. If the individual declines to remove the object, it may then be removed by the school official or appropriate law enforcement may be called.
 - 4) (d.) If the object voluntarily provided by the individual or removed from the individual could have activated the detector, the administrator and security personnel must cease performing the search.
 - 5) The administrator/security personnel will then again scan the person and the search will continue only if the metal detector is activated again during this scan of the individual.
 - 6) Students who fail to cooperate with school personnel performing their duties under these guidelines may be subject to discipline for insubordination.
 - 7) Visitors who fail to cooperate with school personnel performing their duties under these guidelines will be escorted from the school.
 - 8) A weapon or any other illegal material that is discovered shall be turned over to the proper authorities for ultimate disposition.
14. Nothing in the procedures set forth above shall limit the authority of the District and District staff to remove other contraband from a student, and to otherwise search a student when there is reasonable suspicion to believe that a particular student is in possession of an article or thing, the possession of which constitutes inappropriate behavior under the School Discipline Policy.
 15. A copy of the Metal Detector Search Procedures shall be available to each person and staff member who will in any way be involved with the conduction and/or monitoring of searches. The District will conduct training for those personnel who are responsible for conducting searches utilizing metal detectors.
 16. Signs notifying students and visitors that they are subject to search utilizing a metal detector shall be posted in prominent locations where searches take place.

USE OF ELECTRONIC DEVICES

The Grenada County School District Board of Trustees has determined that student use of cell phones or other electronic/communication devices is disruptive to the educational process limiting disruptive behavior, including disruptions caused by students' cell phones/electronic devices, maximizes the ability of the District to follow curriculum educational objectives and to maintain an environment conducive to learning.

The Grenada School District reserves the right to define the educational value of any new electronic wireless devices and cell phones that may become available to the general public in the future and to prohibit their use if they have little or no educational value or if such use creates learner distraction or disruption. Cell phones in the Grenada School District are subject to the following rules and regulations; each school in the Grenada School District prohibits the use of all personal communication devices during the school day including two-way radios, pagers, PDA's, laptops, and cell phones except within the rules of the BYOD (Bring your own Device) Policy.

A student may possess a cellular telephone, on school property, at after school activities, on the bus, and at school-related functions, provided that during school hours (7:00am-3:20pm) the cell phone remains off, not on vibrate, and is concealed. Students at GETC with repeated electronic devices referrals, may be asked to leave their device in the office during school hours. **Students who receive ISS or ISD for disciplinary actions must turn in phone to teacher upon entering the ISS or ISD room.**

A parent/guardian will have to pick up the device between the hours of 3:20 pm – 4:00 pm. On the 4th offense, the device is taken for the remainder of the year, and must be picked up by the parent within 30 days after the end of the year. The District is not responsible for the cell phones/communication devices lost or misplaced while in its possession due to confiscation from a student.

If the device is not picked up in a timely manner, i.e., after the expiration of the days that the school will be in possession of the device, or, in the case of the device being confiscated for the remainder of the year, within 30 days after the last day of school, the

school will donate the device to charity.

BULLYING/CYBER BULLYING

The Grenada School District does not condone and will not tolerate bullying or harassing behavior. Bullying or harassing behavior is any pattern of gestures or written, electronic or verbal communications, or any physical act or any threatening communication, or any act reasonably perceived as being motivated by any actual or perceived differentiating characteristic that (1) places a student or school employee in actual and reasonable fear of harm to his or her person or damage to his or her property, or (b) creates or is certain to create a hostile environment by substantially interfering with or impairing a student's educational performance, opportunities or benefits. A "hostile environment" means that the victim subjectively views the conduct as bullying or harassing behavior, and the conduct is objectively severe or pervasive enough that a reasonable person would agree that it is bullying or harassing behavior. Bullying or harassing behavior will not be condoned or tolerated when it takes place on school property, at any school-sponsored function, or on a school bus, or when it takes place off school property when such conduct, in the determination of the school superintendent or principal, renders the offending person's presence in the classroom a disruption to the educational environment of the school or a detriment to the best interest and welfare of the pupils and teacher of such class as a whole.

The Grenada School District will make every reasonable effort to ensure that no student or school employee is subjected to bullying or harassing behavior by other school employees or students. Likewise, the District will make every reasonable effort to ensure that no person engages in any act of reprisal or retaliation against a victim, witness or a person with reliable information about an act of bullying or harassing behavior. The District encourages anyone who has witnessed or has reliable information that a student or school employee has been subject to any act of bullying or harassing behavior to report the incident to the appropriate school official.

Cyber-Bullying

"Cyber-bullying" includes, but is not limited to the following misuses of technology; harassing, teasing, intimidating, threatening, or terrorizing another person by sending or posting inappropriate and hurtful e-mail messages, instant messages, text messages, digital pictures / images, or Web site postings, including blogs through the District's computer network and the Internet, whether access on campus or off campus, during or after school hours. In the situation that cyber-bullying originated from a non-school computer, but brought to the attention of school officials, any disciplinary actions shall be based on whether the conduct is determined to be disruptive of the educational environment or a detriment to students and staff. Administration may, in its discretion, contact law enforcement or other appropriate authorities.

Such acts could include, but are not limited to, a felony or an act that would be considered a felony if committed by an adult, an assault or battery, drug law violations, or sexual misconduct. Any disciplinary action pursued by the District shall be in accordance with the student's appropriate due process rights.

The School Board directs the superintendent or designee to design and implement procedures for reporting, investigating, and addressing bullying and harassing behaviors.

The following actions will be taken when bullying is reported:

1. Investigation

Upon receipt of any report of bullying, schools will direct an immediate investigation of the incident. The initiation of an investigation will begin no later than the next business day in which the school is in session after the report is received by the school official. The investigation will be completed no later than ten school days after the date the written report of the incident is submitted to the school official.

2. Notification

Parents or legal guardians of the victim and accused student will be notified of the investigation procedure.

3. Discipline

Upon confirming that bullying has occurred, the accused student will be charged with bullying and will receive age-appropriate consequences which shall include, at minimum, disciplinary action or counseling.

4. Follow Up

Complainants will be promptly notified of the findings of the investigation.

5. Documentation

Written documentation containing the findings of the investigation, including input from the students' parents or legal guardian, and the decision by the school official, will be prepared and placed in the school records of the alleged victim and alleged perpetrator.

All reports received shall be properly and adequately investigated.

SEXUAL HARASSMENT

Title IX prohibits sex discrimination, including sexual harassment, against students in academic institutions. It is the intent of the Board of Trustees to maintain an environment free from sexual harassment of any kind.

Sexual Harassment is defined as "unwelcome sexual advances, requests for sexual favors and other verbal or physical conduct of a sexual nature amounting to or constituting harassment are prohibited. Examples of this type of conduct include:

- Requiring submission to sexual conduct, either implicitly or explicitly, as a term or condition for grades, promotion, or other benefit.
- Using submission to or rejection of sexual conduct as the basis for decisions affecting the student.
- Using, whether intentionally or not, sexual conduct to unreasonably interfere with the student's work performance or create an intimidating, hostile, or offensive teaching or learning environment.

Complaints: Complaints may be made to the appropriate administrator or directly to the Title IX Coordinator without fear of reprisal. If a complaint is substantiated, the offending employee/student shall be subject to disciplinary action. The District specifically prohibits inappropriate relationships between staff and students. The administration will investigate any such relationship when it becomes aware that a situation might exist between one of its employees and a student and will document the investigation. Evidence supporting that an inappropriate relationship exists include, but is not limited to, the presence of personal emails, telephone calls, instant messages, and text messages between an employee and a student, particularly when such exchanges are not school-related or are only tangentially school related. Personal emails, telephone calls, instant messages, and text messages are not appropriate and are grounds for discipline or employee dismissal. A student must report inappropriate behavior by a staff member or harassing behavior by another student.

INTERNET USE APPROPRIATE POLICES

Children's Internet Protection Act (CIPA)

The following measures are in place in the Grenada School District to comply with the Children's Internet Protection Act (CIPA).

- Filtering - Supplied by the Mississippi State Department of Education via the Office of Educational Technology.

- Internet Safety Policy - Appropriate Use Policy which follows
- Teacher Supervision - Teachers currently monitor Internet surfing in their classrooms

Grenada School District will adhere to the Child Internet Protection Act, the Children’s Online Privacy Protection Act and to No Child Left Behind Legislation.

Overview of CIPA <http://www.sl.universalservice.org/whatsnew/MISC/CIPA051801.asp>

The Children's Internet Protection Act (CIPA) was signed into law on December 21, 2000. Under CIPA, no school or library may receive discounts unless it certifies that it is enforcing a policy of Internet safety that includes the use of filtering or blocking technology (see below). This Internet Safety Policy must protect against access, through computers with Internet access, to visual depictions that are obscene, child pornography, or (in the case of use by minors) harmful to minors. The school or library must also certify that it is enforcing the operation of such filtering or blocking technology during any use of such computers by minors. The law is effective for Funding Year 4 (07/01/2001 to 06/30/2002) and for all future years. Schools and libraries receiving only Telecommunications Services are excluded from the requirements of CIPA.

<http://www.ftc.gov/ogc/coppa1.htm>

The Grenada School District will revise the current AUP to incorporate the following wording/phrases:

- The education of minors about appropriate online behavior, including interacting with other individuals on social networking sites and in chat rooms
- Cyberbullying awareness and response

Overview of COPPA

Children's Online Privacy Protection Act (COPPA), enforced by the Federal Trade Commission, requires commercial website operators to get parental consent before collecting any personal information from kids under 13. COPPA allows teachers to act on behalf of a parent during school activities online, but does not require them to do so.

Technology Plan Implementation

- Provide greater access to digital content in a variety of formats and modes.

Internet Acceptable Use Policy (IAUP)

Grenada School District is pleased to bring access to the Internet to students and teachers. Internet access is coordinated through a complex association of government agencies, and regional and state networks. The smooth operation of the network relies upon the proper conduct of the users, who must adhere to strict guidelines. These guidelines are outlined here so that you are aware of the responsibilities you acquire with usage of the Internet. In general, an Internet user accepts responsibility for efficient, ethical,

and legal utilization of all network resources. If a user violates the provisions, Grenada School District will terminate or suspend access to the network and disciplinary action may be taken.

Transmission of any material in violation of any United States or state regulation is prohibited. This includes copyrighted material, threatening or obscene material, or material protected by trade secret.

Use for product advertisement, commercial activities, illegal action, or political lobbying is prohibited.

Appropriate use reflects academic honesty, ethical behavior, and demonstrates consideration of the consumption of shared resources. It shows respect for intellectual property, ownership of data, system security mechanisms, and the rights of others to privacy and to freedom from intimidation, harassment, and unwarranted annoyance.

Use of the Internet is a privilege, not a right, and inappropriate use will result in cancellation of those privileges. The principal or his designee may deny, revoke, or suspend user privilege to any user determined to be using the system in an inappropriate manner and their decision is final.

Users are expected to abide by the generally accepted rules of network etiquette. These include (but are not limited to):

- Use appropriate language. Do not swear, use vulgarities, or any other inappropriate language. Illegal activities are strictly forbidden.
- Do not reveal your personal address or phone number or the address or phone number of students or colleagues.
- Note that electronic mail (email) is not guaranteed to be private. Administrators who operate the system have access to all mail. Messages relating to or in support of illegal activities may be reported to the authorities.
- Do not use the network in such a way that you would disrupt the use of the network by other users.
- All communications and information accessible via the network should be assumed to be private property.

Reliability:

- Grenada School District makes no warranties of any kind, whether expressed or implied, for the service it is providing.
- Grenada School District will not be responsible for any damages suffered by the user, including loss of data resulting from delays, non-deliveries, missed deliveries, or service interruptions.
- Use of any information obtained via the Internet is at the risk of the user. Grenada School District denies responsibility for the accuracy or quality of information obtained through Internet services.
- Grenada School District is not responsible for student access to what may be deemed as inappropriate material available on the Internet.

Security:

- Security on any computer system is a high priority, especially when the system involves many users. If a user feels he/she has identified a security problem, the principal must be notified immediately. The problem is not to be demonstrated to any other users.

Vandalism:

- Vandalism will result in cancellation of privilege and disciplinary action in accordance with district policy. Vandalism is defined as any malicious attempt to harm or destroy data to another user, the Internet, or any of the networks that are connected to the GSD Internet backbone. - Students will tell their teacher or other school employee about any message they receive that is inappropriate or makes them feel uncomfortable.
- Students are responsible for the use of their individual accounts and should take all reasonable precautions to prevent others from being able to use their account. Under no conditions should a user provide his or her password to another person.

Google Apps for Education Parental Permission

Google Apps for Education (GAFE) is an important tool utilized by teachers and students. GAFE includes Google applications for creating, sharing, and storing documents, assignments, videos, and may include the use of a district student email account. The use of GAFE is at the discretion of the classroom teacher and will only be used when appropriate for the student's learning objectives. GSD encourages all parents to share in the GAFE experience by logging in with your child. School staff will monitor the use of technology while at school. Parents are responsible for monitoring their child's use of technology from home. Students are responsible for their behavior at all times. For students under the age of 18, GSD requires parental permission for the use of Google Apps for Education. Signature required in the Student/Parent/Guardian Technology Agreement.

- Access to Google Apps for Education is considered a privilege accorded at the discretion of Grenada School District. The District maintains the right to immediately withdraw access and use of Apps when there is reason to believe that violations of law or District policies have occurred. In such cases, the alleged violation will be referred to the Principal for further investigation and account restoration, suspension, or termination.

ACCEPTABLE USE POLICY PROCEDURES

Grenada School District is pleased to bring access to the Internet to students and teachers. Internet access is coordinated through a complex association of government agencies, and regional and state networks. The smooth operation of the network relies upon the proper conduct of the users, who must adhere to strict guidelines. These guidelines are outlined here so that you are aware of the responsibilities you acquire with usage of the Internet. Student Population Served

The Grenada Enrichment & Transition Center provides comprehensive educational, behavioral, and emotional support services for all middle and high school students enrolled in the Grenada School District who are found to be at risk and in need for a highly structured and supportive alternative educational environment. All students are afforded an opportunity to earn Mississippi Department of Education (MDE) units required for obtaining a standard high school diploma. In addition, comprehensive services will be provided for students who are pursuing other educational curricula.

A. Instructional Programs

1. Academic

All students enrolled in Grenada Enrichment & Transition Center are provided academic supports based on their identified level of need and current academic functioning levels. Specifically, students are offered academic supports across several tiers (i.e., core programs, supplemental programs, intensive programs). When appropriate, students are provided with special education and vocational programming as required by federal and state guidelines. In addition, all academic programs are periodically reviewed to ensure that instruction and supports are being provided with adequate levels of treatment fidelity.

2. Core Programs

All students enrolled in Grenada Enrichment & Transition Center are afforded traditional classroom instructional experiences in an effort to meet all students' individual learning needs. Student to teacher ratio is based on 15 students for each certified staff member.

3. Supplemental Programs (Tier II)

All students attending Grenada Enrichment & Transition Center will participate in an academic screening (e.g., curriculum-based measurement – Aimsweb) upon enrollment to determine their current functioning levels in Reading and Mathematics (unless the student has been recently screened at their home school prior to placement). Students who exhibit skill deficits shall be provided with scientifically-based remedial academic supports daily. These supports may include small group instruction and/or individualized instruction (e.g., computer-based instruction).

4. Intensive Programs (Tier III)

All students who are found to be significantly at-risk academically are provided with intensive scientifically-based academic intervention(s) (i.e., one-on-one supports) in addition to supplemental supports (e.g., small group instruction, computer-based instruction) to address specific academic skill deficits.

5. Special Education Programs

All students who meet criteria for special education eligibility shall receive special education services as outlined on the Individualized Education Plan as determined by the Individualized Education Plan Committee.

6. Social/Behavioral/Emotional Programs and Supports

All students attending Grenada Enrichment & Transition Center are provided with behavioral supports based on their level of need and current functioning levels. When appropriate, students with disabilities will be provided with specific supports (i.e. related services) as outlined in their Individualized Education Plan as required by federal and state guidelines. In addition, all behavioral programs will be periodically reviewed to ensure that instruction and supports are being provided with adequate levels of treatment fidelity.

B. Universal Primary Prevention Program

1. Positive Behavioral Interventions and Supports (PBIS)

School-wide PBIS implementation at Grenada Enrichment & Transition Center involves the active teaching of school wide expectations along with ongoing pre-corrections and coaching, direct adult supervision, and positive acknowledgement of students who are successful at performing these expectations on a daily basis. Grenada Enrichment & Transition Center school-wide behavioral expectations include the following:

Be Safe · Be Respectful · Be Responsible

These school wide behavioral expectations provide the basis for character development and daily student conduct and are tied to day-to-day student activities, including positive, as well as, corrective feedback.

2. Student Monitoring

All students enrolled in Grenada Enrichment & Transition Center have their demonstration of compliance with school-wide expectations monitored each class period using a Daily Behavior Progress Report (DBPR) form. Students are required to have parent(s) review and sign their DBPR form daily and return the form to their first period teacher each morning. This daily monitoring of school wide behavioral expectations is done to provide students with feedback regarding their behavioral performance and to allow for ongoing progress monitoring. In addition, student performance on their DBPR is used to determine when a student has successfully met criterion for exit from Grenada Enrichment & Transition Center (See exit criterion section of this document).

3. Supplemental Programs

All students attending Grenada Enrichment & Transition Center who continue to demonstrate behavioral and/or emotional concerns are provided with group-based social skills instruction and remediation (i.e., anger management, conflict resolution, coping skills, etc.) on a daily basis using a scientifically-based or evidence-based curriculum.

4. Intensive Programs

Students experiencing more significant emotional or behavioral concerns are provided with counseling services by a licensed social worker, counselor, and/or school psychologist. In addition, when not developed at the students' home school, a function-based behavior intervention plan (BIP) based on a comprehensive functional behavior assessment (FBA) will also be developed for students in need of intensive behavioral support programming. If the student already has a function-based BIP, the existing BIP will be reviewed and modified to meet the current emotional and behavioral needs of the student(s). The BIP shall include preventative strategies, direct teaching strategies, and appropriate consequent strategies (e.g., reinforcement and corrective teaching strategies) that meet MDE requirements.

5. Special Education Programs

All students who meet criteria for special education eligibility shall receive special education services to address behavioral concerns as outlined on the Individualized Education Program as determined by the Individualized Education Plan committee.

6. Student Discipline and Grenada School District Student Code of Conduct

All Grenada Enrichment & Transition Center personnel will strictly adhere to the current Grenada School District Code of Conduct. In order to support the academic and behavioral programming being offered to each student, corrective strategies aimed at teaching replacement skills shall be utilized by all Grenada Enrichment & Transition Center personnel. As such, disciplinary strategies designed to remove students from the instructional environment will only be utilized once remedial strategies have been exhausted. In addition, all federal and state requirements will be followed with regard to the discipline of students meeting criteria for special education eligibility and services.

C. Grenada Enrichment & Transition Center **Referral and Placement Procedures**

Grenada Enrichment & Transition Center operates through written board-approved policies and procedures that define and mandate appropriate educational opportunities for the categories of at-risk students to be served. Further, Grenada Enrichment & Transition Center meets the requirements of Section 37-13-92 of the Mississippi Code, which delineates the required components of alternative education programs. The Grenada School District maintains and operates Grenada Enrichment & Transition Center in connection with the regular programs of the school district for, but not limited to, the following categories of at-risk compulsory-school-aged students:

- Any compulsory-school-age child who has been suspended for more than ten (10) days or expelled from school, except for any student expelled for possession of a weapon or other felonious conduct, who has failed to respond to documented empirically-based tiered behavioral supports were implemented with adequate fidelity;
- Any compulsory-school-age child referred to Grenada Enrichment & Transition Center based upon a documented need for placement in the Grenada Enrichment & Transition Center program by the parent, legal guardian or custodian of such child due to disciplinary problems;
- Any compulsory-school-age child referred to the Grenada Enrichment & Transition Center by the dispositive order of a chancellor or youth court judge, with the consent of the Superintendent of Education of the child's school district.
- Any compulsory-school-age child whose presence in the classroom, in the determination of the school superintendent or principal, is a disruption to the educational environment of the school or a detriment to the best interest and welfare of the students and teacher of such class as a whole. These "habitually disruptive" youth must have demonstrated a failure to respond to documented empirically-based tiered behavioral supports that were implemented with adequate fidelity.
- Students returning to the district from juvenile detention, residential treatment facilities or out of home placement. Note: Student placement in this category will be recommended only after a complete review of student information and other assessment data indicates that placement in Grenada Enrichment & Transition Center is appropriate.

1. **Interim Student Placement Prior to Due Process Hearing**

Students with Habitually Disruptive Patterns of Misconduct

Students who are considered for alternative placement as the result of non-threatening, habitually disruptive patterns of behavior shall remain in their home school environment to the fullest extent possible until such time a formal hearing is conducted and a decision has been rendered to determine whether placement in Grenada Enrichment & Transition Center is appropriate. If deemed necessary by the lead school administrator, students falling into this "habitually disruptive" category may be assigned to the school's In School Suspension (ISS) program until a Due Process Hearing is conducted and a formal decision is made regarding possible placement in Tie Plant Grenada Enrichment & Transition Center. Students assigned to the schools ISS program shall be afforded with instructional opportunities in keeping with the curriculum to the fullest extent possible.

Students with Serious/Threatening Patterns of Misconduct

In cases when a student commits a serious and threatening behavioral offense (i.e. Level 4 and 5 Infraction), the lead school administrator may suspend the student pending a Due Process Hearing. In cases when a serious and threatening behavioral concern is the primary reason for considering alternative placement students/parents are given the option of placement in the In-School Suspension (ISS) program located in Grenada Enrichment & Transition Center until such time a Due Process Hearing is held and a formal decision regarding Grenada Enrichment & Transition Center placement has been rendered. However, in cases when students/parents formally waive the right to a Due Process Hearing, students may begin the formal enrollment process at Grenada

Enrichment & Transition Center (see Grenada Enrichment & Transition Center Enrollment Procedures later in this document).

2. School-Level Committee Review

When a student enrolled in the Grenada School District is considered for possible admittance to Grenada Enrichment & Transition Center a school-level committee shall meet to review numerous sources of data collected to evaluate whether a referral to Grenada Enrichment & Transition Center is warranted. This committee, at a minimum, shall be comprised of a school administrator, counselor, and staff who have directly taught and witnessed the student's behavioral concerns. When the student being considered for placement in Grenada Enrichment & Transition Center has a disability, the school-level committee shall be comprised, at a minimum, of the student's Individualized Education Plan committee, along with a school administrator and school counselor/behavior therapist/school psychologist.

A wide range of student data must be compiled before formally referring a student for possible Grenada Enrichment & Transition Center placement as the result of serious and threatening offenses (i.e. Level 4 and 5 Behavioral Infractions) and/or habitual violations of the current Grenada School District Code of Conduct. Regardless of the infraction prompting a referral for possible alternative placement, please note that students who demonstrate a pattern of habitual misconduct must have been afforded with and failed to respond to quality supplemental and/or intensive behavioral and/or academic supports that were implemented with adequate fidelity prior to being considered.

The following data shall be compiled and reviewed by the referring school site's Grenada Enrichment & Transition Center Review Committee:

- a. Completed Referral Form
- b. Completed Counselor Referral Form
- c. Academic Assessments (universal screening, progress monitoring, district assessments)
- d. Documentation of student's current course schedule
- e. Documentation of student's current grades
- f. Documentation of student's current attendance and tardies
- g. Documentation of student's behavioral Offenses and Dispositions for previous three (3) years, when applicable
- h. Detailed description of previous corrective strategies to address academic and/or behavioral concerns (students referred as the result of non-threatening/habitual disruptions). Note: This shall include all scientifically-based or evidence-based intervention attempts previously implemented to address the student's concerns including (a) Tier 1 corrective strategies to address academic/behavioral concerns, (b) written Tier 2 behavioral and/or academic intervention plans, (c) functional behavior assessment(s), (d) function-based behavioral intervention plan(s),

(e) graphic display of ongoing behavioral progress monitoring for academic and/or behavioral targets, and (f) documentation to validate that all intervention strategies were implemented with acceptable fidelity (i.e., appropriate duration of time to evaluate change, appropriate student attendance rates, acceptable intervention compliance and treatment integrity).
- i. Current Functional Behavior Assessment (if applicable)
- j. Current Behavior Intervention Plan (BIP) (if applicable)
- k. Manifestation Determination Review (MDR) meeting minutes and required Individualized Education Plan Committee documentation for students who are eligible for special education services.

NOTE: In cases when the school-level alternative committee decides that an Grenada Enrichment & Transition Center placement is not warranted the committee should document the rationale for the decision and indicate specific recommendations to address the student's behavioral needs. These recommended strategies and supports should be discussed with the student's parents and school staff and a formal plan of intervention should be initiated.

3. District-Wide Hearing Committee

In cases when the school-based Grenada Enrichment & Transition Center review committee makes the determination to recommend student placement in Grenada Enrichment & Transition Center, the lead school administrator shall forward all

documentation to the Grenada Superintendent's Office to request a Due Process Hearing. All referral documentation will be reviewed by the Superintendent's staff to ensure that all required documentation has been accurately completed, including a verification that data validates that intervention efforts for students referred for less than a felony act(s) (i.e. habitual patterns of disruption) have been implemented with acceptable fidelity and have failed to lead to appreciable improvements in student academic or behavioral performance. In addition, all federal and state requirements are followed for students who meet criteria for special education eligibility and who are receiving special education services with regard to documentation of changes in placement (see Students with Disabilities section later in this document).

Once all data have been reviewed and determined to be consistent with Grenada School District and MDE policies, the Superintendent's Office will schedule a Due Process Hearing with all parties. In cases when there is insufficient evidence to warrant a Due Process Hearing the school-level review committee will be informed in writing of the reason(s) for denial, along with specific recommendations to address the student's behavioral or other concerns.

D. Non-Traditional Grenada Enrichment & Transition Center Placements

1. Court-Ordered Placements to The Grenada Enrichment & Transition Center

In some instances students may be ordered by a chancellor or youth court judge to attend Grenada Enrichment & Transition Center. In such cases, the following procedures shall be followed:

- a. Parents are required to present the official court order disposition for Grenada Enrichment & Transition Center placement to the Director of Grenada School District Student Assessment and Appeals for review.
- b. Once a review is conducted and the court ordered placement in Grenada Enrichment & Transition Center is approved by the Grenada School District Superintendent of Education parents must contact the lead administrator at Grenada Enrichment & Transition Center to schedule an appointment to begin the orientation and enrollment process.
- c. The student needs to enroll in their "home school" prior to enrollment at the Grenada Enrichment & Transition Center.
- d. Previous school records will be obtained from the last school attended and maintained at the student's home school. Copies will be made upon request.
- e. If a student has an Individualized Education Plan, the Individualized Education Plan will be implemented at the Grenada Enrichment & Transition Center.

2. Students Transferring from Other Grenada Enrichment & Transition Center Settings, Group Homes or Residential Treatment Facilities

There is no MDE requirement that a student transferring to Grenada School District from another Grenada Enrichment & Transition Center program (including state operated reform schools), group home/foster care placement and/or residential treatment facility be placed in an interim alternative setting prior to enrolling in a traditional school setting. However, based on these previous placements, some students may continue to be at-risk for having potential difficulties in school and may likely require continued supports. As such, in an effort to prevent a negative transition and to ensure that students are afforded appropriate supports, all students transferring to the Grenada School District from another Grenada Enrichment & Transition Center, group home, or a residential treatment facility will undergo a formal case review to determine their most appropriate school placement and the specific academic, social and behavioral support needs required for a successful transition from their previous placement.

The following procedures shall be followed when making a determination for placement at the Grenada Enrichment & Transition Center or students transferring to Grenada School District from another Grenada Enrichment & Transition Center program, group home, residential treatment facility and/or students previously expelled from Grenada Enrichment & Transition Center,:

- a. The parent(s) of students transferring to the Grenada School District from another Grenada Enrichment & Transition Center program, out of home setting, residential treatment facility and/or students who were previously expelled from Grenada Enrichment & Transition Center are required to contact the Grenada School District Superintendent's Office, arrange for an appointment to discuss the student's case, and to request records from the previous placement setting.

- b. Once all student information is secured the student and his/her parents will meet with a Transition Team to review all available information and discuss transition needs. This team is comprised of the school administrator, school psychologist (or counselor), behavior specialist, and instructional support staff assigned to the school where the student is scheduled to enroll.
 - c. Based on the transition team's review, a recommendation will be made to the Grenada School District Superintendent of Education, or his designee, to allow regular school enrollment with specified supports in place or to recommend placement of the student in Grenada Enrichment & Transition Center only after staff at the student's home school and Grenada Enrichment & Transition Center staff have collaborated to develop an Individualized Instruction Plan or revised Individualized Education Plan and to complete a detailed plan of transition back to the student's home school from Grenada Enrichment & Transition Center,.
 - d. Parents who disagree with the recommendation for placement in Grenada Enrichment & Transition Center may contact the Grenada School District Superintendent's Office and request a formal hearing to appeal the Transition Team's recommendation.
3. Automatic 15 day alternative placement for students entering GSD from a long-term facility such as Cares, Youth Detention Center, Mill Creek etc (especially those are court ordered). This may also apply to students who leave these facilities against doctor's orders. This does not apply to students that were in a short-term facility such as Parkwood (for those parents that send their children voluntarily because of eating disorders, drug/alcohol addiction, minor behavioral issues etc - issues that may not be seen as an immediate threat to anyone else). Principal's' discretion may be used.
 4. Students placed in Grenada Enrichment & Transition Center cannot be on GSD campuses unless authorized by principal. (This does not apply to those that enter at parent request).

E. Transition to Grenada Enrichment & Transition Center,

1. Students Failing to Enroll in Grenada Enrichment & Transition Center,

Students may be assigned to Grenada Enrichment & Transition Center as an alternative to traditional school expulsion. As such, compulsory school-aged students are required by Mississippi Compulsory School Attendance Act to attend their district-assigned school. Unless transferring to another school system, students failing to enroll within 2 school days after being assigned to Grenada Enrichment & Transition Center will be referred to truancy officer to begin an investigation.

2. Development of an Individual Instruction Plan

All students recommended for Grenada Enrichment & Transition Center placement are required to have a detailed Individual Instructional Program while at the Grenada Enrichment & Transition Center,. They will collaborate with the staff at each student's Grenada Enrichment & Transition Center home school to develop an individually-tailored instructional plan, including specific academic/behavioral goals and objectives, teaching strategies, and academic/behavioral supports necessary for ensuring student success while enrolled in Grenada Enrichment & Transition Center,. Similarly, for students with disabilities, the Grenada Enrichment & Transition Center Exceptional Education staff will collaborate with the students Individualized Education Plan committee prior to placement in Grenada Enrichment & Transition Center to review and revise the student's Individualized Educational Program to include appropriate and meaningful goals/objectives and any accommodations and supports necessary for student success.

3. Transitioning to Grenada Enrichment & Transition Center,

Prior to official enrollment in Grenada Enrichment & Transition Center, staff in the student's home school must provide copies all of the documentation listed below:

- a. Updated Discipline summary history from previous and current school years
- b. Current class schedule, report cards, progress report and current course grades
- c. Attendance report for current school year

- d. Complete Teacher Support Team (TST) folder, including documented empirically-based tiered academic and/or behavioral supports, progress monitoring data (graphs) and results of assessments to evaluate the fidelity of intervention (s) implementation.
- e. Updated/revised Individualized Educational Program, if applicable
- f. Copy of Grenada Enrichment & Transition Center Referral Form, including the parent's waiver of due process (if applicable), discipline hearing letter(s), Individualized Education Plan committee recommendations for LRE, etc.

Note: The formal enrollment process in Grenada Enrichment & Transition Center will begin once all required documentation for placement has been verified by Grenada Enrichment & Transition Center staff.

4. Grenada Enrichment & Transition Center Registration and Enrollment Procedures

Once the District Hearing Committee recommends alternative placement and all pre-placement documentation is secured, parents will be contacted by Grenada Enrichment & Transition Center to arrange for an appointment with the lead administrator to schedule an orientation and to complete enrollment procedures.

a. Student Orientation

Parents and students will attend an orientation session upon student's assignment to the Grenada Enrichment & Transition Center.

b. Students with Disabilities

Intake Process for Students with Disabilities

Once the Individualized Education Plan committee determines that Grenada Enrichment & Transition Center will be the Interim Alternative Education Setting (IAES) for a student with a disability, the following procedures shall be followed:

1. Within 2 days after the Individualized Education Plan Committee makes the recommendation for placement in Grenada Enrichment & Transition Center, the student's Individualized Education Plan team will meet with Grenada Enrichment & Transition Center exceptional student staff to hold an Individualized Education Plan meeting to make revisions necessary for addressing student academic, behavioral and/or related service needs. Relevant members shall include, but are not limited to the following individuals: administrator, the student's home school exceptional education teacher, at least one (1) general education teacher from the student's home school, Grenada Enrichment & Transition Center exceptional education teacher(s), Grenada Enrichment & Transition Center general education staff members, Grenada Enrichment & Transition Center counselor, and the Grenada School District school psychologist.
2. The following information, at a minimum, must be available to make a determination about appropriate services for students with disabilities:
 - a. Written Prior Notice of Individualized Education Plan Committee Meeting (WPN)
 - b. Procedural Safeguards
 - c. Current Individualized Education Plan from the home school
 - d. Documentation of empirically-based tiered behavioral interventions, including progress monitoring data (graphs) and documented evaluations to assess fidelity of intervention implementation
 - e. Manifestation Determination Results and Minutes
 - f. MSIS information which includes: schedule, attendance (including sign-in/out), discipline infractions and grades
 - g. Updated behavioral/disciplinary reports
 - h. Current Behavior Intervention Plan (BIP) (if applicable)
 - i. Current Functional Behavior Assessment (FBA) (if applicable)
 - j. Documentation of Parental Input
 - k. Progress Monitoring for academics

3. The Individualized Education Plan team shall develop a written plan which includes academic courses, academic and behavioral goals/objectives, academic and behavioral support (including related services), criteria for exit from Grenada Enrichment & Transition Center and procedures for transitioning the student back to his/her home school and/or to another appropriate setting, and a timeline for periodic review of the student's progress.

Transitioning Students to Traditional (Home) School Setting

A student's exit from Grenada Enrichment & Transition Center should be contingent upon regular attendance, achieving and exhibiting appropriate behavior, and academic progress during Grenada Enrichment & Transition Center assignment. An evaluation of student behavior, attendance, and academic progress will be conducted by Grenada Enrichment & Transition Center administration and staff prior to recommending that a student begin the transition to return to their home school. When students fail to meet behavior, academic, or attendance expectations, they will continue placement in Grenada Enrichment & Transition Center until such time all expectations are successfully achieved.

Once a student demonstrates an acceptable pattern of attendance, academic progress, and an appropriate pattern of behavioral conduct, a Transition Team comprised of staff from the traditional setting and Grenada Enrichment & Transition Center will meet to begin the transition process. At this time, school personnel from the home school environment (i.e., school administrator, school counselor, and other appropriate administrative or instructional personnel) shall visit Grenada Enrichment & Transition Center (administrator and academic teacher) to thoroughly review the academic and behavioral programming being offered to the student that has led to successful educational and behavioral outcomes. Plans and procedures for replicating the required academic and behavioral supports with adequate levels of treatment fidelity should then be established prior to the students return to the home school environment. Some students may be able to transition completely back to the home school environment once their required placement time has been fulfilled a Grenada Enrichment & Transition Center t. It is also important to note that some students require a high level of academic and behavioral supports during their academic career that can only be provided in an Grenada Enrichment & Transition Center environment. As such, these students may complete their educational career in the Grenada Enrichment & Transition Center environment. Given the unique and individual educational needs of students being educated in an Grenada Enrichment & Transition Center environment, plans for transition shall be made on a student-by-student basis using documentation designed to address the exit criteria outlined above.

1. Student Exit Criteria

As noted previously, the purpose and mission of Grenada Enrichment & Transition Center is to afford students with the academic, social and behavioral/emotional supports necessary for leading to a successful and sustained transition back to their home school setting. As such, it is imperative that students are recommended for transition only when they have developed a stable pattern of pro-social behaviors that will predictably lead to a successful transition. Students must satisfy each of the following exit criteria before being recommended by the Grenada Enrichment & Transition Center lead administrator to begin transitioning back to their home school setting:

- a. Maintain passing grades in all subject areas with an average GPA of 1.5 while attending Grenada Enrichment & Transition Center,. (Note: This does not include grades from home school)
- b. Receive no major (i.e. level 3 infractions or higher) Office Discipline Referrals (ODR's) and/or suspensions (i.e., ISS and/or OSS) with principal's discretion (up to 15 days at GETC).
- c. Maintain an acceptable pattern of conduct as evidenced by an average cumulative rating of 85% on Daily Behavior Progress Report (DBPR).
- d. Students will maintain a satisfactory attendance record while enrolled at the Grenada Enrichment & Transition Center, as evidenced by adhering to the district's attendance policy.

2. Early Exit Criteria

Students who have successfully achieved the above mentioned exit criterion after attending 75% of their assigned stay at Grenada Enrichment & Transition Center will be recommended for early transition back to their home school. The District's Hearing Committee will determine, on an individual basis, if students committing Level V offenses qualify for Early Exit.

3. Transitioning Students from Grenada Enrichment & Transition Center to the General Education Setting

Once Grenada Enrichment & Transition Center exit criterion is achieved the student will begin the transition process to return to his/her home school. Approximately two-weeks prior to transitioning, the Grenada Enrichment & Transition Center Director will meet and collaborate with the staff, including Individualized Education Plan teams, as applicable, in the student's home school to review data to support student exit and to develop an individual transition plan to include strategies and supports necessary to lead to positive and acceptable behavior for the student when he/she returns to their home school. The Director will maintain the lines of Grenada Enrichment & Transition Center communication with the home school during the student's transition period.

When recommending exit, Grenada Enrichment & Transition Center staff must provide data, with copies available to present to the student's home school transition team:

- a. Written Prior Notice of Committee Meeting (Students with Disabilities)
- b. Current Individualized Education Plan Folder (Students with Disabilities)
- c. Current class schedule
- d. Student discipline history, including OSS/ISS suspensions;
- e. Academic and/or behavior progress monitoring data (graphs)
- f. Current assessment data, if applicable
- g. Student attendance, including Sign in/out documentation
- h. Current grades
- i. Medical Reports, if applicable;
- j. FBA/BIP or Interventions if applicable, that supports if the student's was successful
- k. Information provided by the parent(s)
- l. Other relevant data to assist with transition planning

To maximize continued success, upon return to their home school, approximately one week before beginning the transition process, the Grenada Enrichment & Transition Center Director or designee will meet with the home school/LRE agency to review all data with the administrator (agency representative) or their designee to review the prescribed transition strategies.

Once the transition from Grenada Enrichment & Transition Center to the home school begins, students must be provided with a continuum of supports, including academic and behavioral supports, including related services (when applicable), to address student's adaptation back to the traditional school setting. Data to allow for academic and behavior progress monitoring must also be gathered and maintained at the student's home school and revised, as needed, during the period of transition.

4. Probationary Period

Prior to exiting from Grenada Enrichment & Transition Center, students and parents will be informed that a 90-day probationary period must be satisfied before exit from Grenada Enrichment & Transition Center is considered to be final. Upon return to their home school, students are required to demonstrate the following:

- a. Students will maintain a satisfactory attendance record while enrolled at the home school, as evidenced by adhering to the district's attendance policy.
- b. Demonstrate appropriate behavioral conduct as evidenced by receiving **NO** Office Discipline Referrals (ODRs) as the result of committing any major behavioral infraction (i.e. level 3 Infractions or higher).
- c. Demonstrate no misconduct outside of school setting that results in an arrest that will, upon the student's return to his/her home school, likely result in a situation where the safety of the student and/or others be compromised.
- d. Maintain an acceptable pattern of conduct as evidenced by an average cumulative rating of 90% on Daily Behavior Progress Report (DBPR).

*****Students Failing to Comply with Terms and Conditions of Probation Agreement**

Students who fail to maintain acceptable patterns of attendance and conduct during the probationary period shall be referred by the student's principal to the Grenada School District Superintendent's Office to discuss transferring the student back to Grenada Enrichment & Transition Center. If the student's parent/guardian does not wish to exercise their due process rights, a waiver of placement may be signed.

For students who fail to maintain acceptable patterns of attendance and conduct during the probationary period, school officials must present the following documentation when recommending a student's return to Grenada Enrichment & Transition Center:

- a. Updated Discipline summary since returning from Grenada Enrichment & Transition Center
- b. Current class schedule, report cards, progress report and current course grades
- c. Attendance report since returning from Grenada Enrichment & Transition Center
- d. Complete Teacher Support Team (TST) folder, including documented empirically-based tiered academic and/or behavioral supports, progress monitoring data (graphs) and the results of assessments to evaluate the fidelity of intervention (s) implementation that are prescribed in the student's transition plan and/or Individualized Education Plan.

In the event the Grenada School District Superintendent's Office renders a decision failing to confirm the student has failed to comply with the terms of his/her probation agreement the student will return to the home school where academic and behavioral supports must be implemented as prescribed in the transition plan and/or Individualized Education Plan.

However, in cases when a review of data indicates the student has failed to comply with the terms of his/her probation, the Discipline Hearing Committee will inform the student and his/her parents of this decision in writing. All due process procedures will be afforded to the parent/guardian.

Note: Students returning to Grenada Enrichment & Transition Center as the result of the failure to comply with the probation guidelines will remain at Grenada Enrichment & Transition Center until such time exit criteria are satisfied.

5. Student Expulsion from Grenada Enrichment & Transition Center

As mentioned previously, Grenada Enrichment & Transition Center serves as an alternative to expulsion for students who significantly violate the Grenada School District Code of Student Conduct. Unfortunately, in rare situations, some students enrolled in Grenada Enrichment & Transition Center fail to respond successfully to the interventions and supports provided in Grenada Enrichment & Transition Center and continue to disrupt the school environment. In such cases, only after verifying that all prescribed interventions and supports have been implemented with measured and adequate fidelity, the Grenada Enrichment & Transition Center Director may recommend the student be expelled from to the student's home school administrator. In such cases, students will be afforded with Due Process as described above for initial referrals to Grenada Enrichment & Transition Center, including all procedural safeguards and federal and state mandates required for students with disabilities. Note: Students returning to Grenada School District after an expulsion are required to complete their original assignment to Grenada Enrichment & Transition Center, and successfully complete exit criterion before being recommended for transition back to their home school.

Waiver: At any point in the process described in this policy, the student's parent/guardian may waive any further due process to the DHC and any appeal to the superintendent or school board by signing a written waiver of such rights and agreeing to a disciplinary recommendation. If a parent/guardian signs a waiver then the student may start placement immediately.

CHANGING CLASSES

The bell is a reminder to the teacher that it is time to change classes. However, no class is dismissed until the teacher gives the students permission to leave the classroom. Adequate time is permitted for students to change classes. Students must maintain orderly behavior and always move to the right in the corridors.

CHANGING SCHEDULES

During registration, students are carefully counseled on their schedules for each year. In order to prevent conflicts and to assure that the needs of each student are met, all students are encouraged to discuss course selection with their parents before making final selections. Therefore, schedule changes will be determined and made by the principal.

DISPLAY OF U.S. FLAG/ Pledge of Allegiance MS Code, Section 37-13-6 requires that the U.S. flag shall be displayed in each classroom and in each principal room of the school building at all times while school is in session. Each school district shall provide student instruction in the proper etiquette toward, correct display of, and respect for the flag, and in patriotic exercises. The instruction shall be a part of each fifth grade social studies curriculum or history curriculum. Teachers are required to have all pupils repeat the oath of allegiance to the U.S. flag at the beginning of the first hour of class each day school is in session. School may begin at 10:00am during severe weather. Parents and students will be notified by AIMS (phone call), TV and radio announcements. Assigned teachers will be on duty at regular morning times for students who are early arrivals.

Severe Thunderstorms and Tornadoes are common in Mississippi and will normally have accompanying high winds, rain, lightning, and occasionally hail. In most cases the National Weather Service will issue a Severe Storm Watch or a Tornado Watch or Warning. When such watches or warnings are issued, or if conditions indicate the presence or potential for high winds and/or damaging conditions, the following actions should be taken – **AS LONG AS IT IS SAFE TO DO SO!**

- Secure items/furnishings that can become hazards in high winds.
- Close all open doors and windows.
- Advise all employees, students, and visitors to remain indoors until the storm passes.

STUDENT ACTIVITIES

The Board of Trustees of the Grenada School District recognizes that for the development of a well-rounded individual, academics and extracurricular activities are very important. However, activities related to academic achievement take precedence over all other activities in the District.

1. It is the responsibility of the Athletic Director, Director of Bands, and/or leader of organizations within the District to solve conflicts that may arise due to scheduling. A written or verbal agreement as how to resolve the conflict will be necessary to avoid any misunderstanding due to communication problems.
2. If it is not possible for the coordinator or the director of these activities to agree on a decision, the building administrator responsible for the students involved will make the decision based on the following guidelines:
3. In the event of two (2) activities taking place at the same time, (only after all scheduling attempts have failed), then:
 - (a) National takes precedence over regional
 - (b) Regional takes precedence over state
 - (c) State takes precedence over district
 - (d) District takes precedence over conference
 - (e) All of the above take precedence over practice/rehearsal.

The Board of Trustees of the Grenada School District feels very strongly that parental involvement is important to the educational development of a child. The precedence established in the above statements (a-e) gives clear guidelines for the

scheduling and arrangement of extracurricular activities in the Grenada School District. After all attempts by District personnel in charge of extracurricular activities to schedule and avoid conflicts, and conflicts do indeed exist (whether it be the fault of the District or some unavoidable circumstance) then the precedence rule as stated in (a-e) above will be in effect. However, if a parent/guardian feels strongly that the conflict that was created by the District concerning the two scheduled events is not in the best interest of his/her child, then the parent/guardian may do the following:

The parent/guardian, upon personally contacting the Superintendent of the Grenada School District may indicate to the superintendent that parent/guardian(s) choice regarding his/her child's participation in the scheduled events. That request by the parent/guardian will be honored by the superintendent and all District personnel involved in these particular activities with the child. If the parent/guardian has ambivalent feelings regarding the conflict that the District has created, or does not choose to personally contact the superintendent of the School District, then the precedence rule as established in (a-e) above remains in effect.

An extracurricular activity in the Grenada School District that has historically had available certain dates in the past for participation will have precedence in scheduling over a new activity that is formed or that is beginning its involvement in the Grenada School District when scheduling conflicts arise regarding the dates in question.

4. A sporting event/performance placed on the calendar takes precedence over a practice/rehearsal. However, all attempts shall be made by the Athletic Director, Director of Bands, or leader of other organizations to avoid scheduling performances on top of practices, rehearsals, or other performances.
5. In the event of conflict in scheduling simultaneous practices or rehearsals, all attempts shall be made to avoid practice/rehearsal conflicts by organizing a schedule, which permits students to participate in different activities.
6. ALL activities shall be placed on the master calendar at Central Office so as to avoid scheduling over another previously scheduled activity. Approved calendar dates by the Superintendent will take precedence over those events, which are not on the master calendar. Principals of the schools involved with the scheduled events will be notified concerning the scheduling of such events. An exception would be MHSAA or state sponsored events, which may be qualified for later. The master calendar is located in Central Office.
7. The Athletic Director, Director of Bands, or coordinator of each activity is responsible to insist that students follow the outlined regulations without an attempt to force, punish, penalize, or have the student's parents make the choice of participation in a practice/rehearsal/performance/game over another activity. Decisions will be made by the Athletic Director, Director of Bands, or leader of other organizations within the School District in a spirit of cooperativeness. Failure to follow the outlined regulations would result in disciplinary action by the Superintendent and/or School Board.
8. Rescheduling or rain dates shall not conflict with the sporting events or performances already on the calendar. If conflicts occur and no agreement can be reached follow number three (3) above.
9. Because of scheduling conflicts, a student participating in a variety of activities is not necessarily required to devote an equal amount of time to each activity as compared to a student who is involved only in one individual activity. All District personnel in charge of programs in which multi-talented students are involved will make this accommodation for these students.
10. ****If a student DOES NOT attend 63% of their school day, they MAY NOT attend ANY after school activities.**

FEE POLICY

1. The District has no enrollment fee or registration fee for students to attend any school in the District.

Supplemental instructional materials and supplies include subject workbooks, readers and magazines used in course work, computer laboratory and science laboratory materials and supplies, additional books used for course study, and materials for vocational classes. These items are optional and not required. They include but are not limited to notebook paper, compositions books, binders, file folders, dividers, pencils, pens, crayons, markers, erasers, book bags, planners and organizers, construction paper, paper cups and plates, index cards, and nap pads or towels.

7. In compliance with Miss. Code Ann. Section 37-7-335, this policy shall be published in student handbooks for all schools in the District so that all students whose families qualify for the National School Lunch Program, 42 U.S.C. Section 1751 *et seq.* shall know that it is the District's intention not to charge fees for which a waiver must be granted under the statute. If however, any student seeks a hardship waiver, any information provided by the student will be maintained in strict confidence with all files and personal disclosures restricted from review by the general public and used solely for determining a student's eligibility for any such financial hardship waivers.

GRADES/CURRICULUM

The MS/Grenada K-12 Curriculum Framework is the basic curriculum of the district. This plan includes minimum objectives, instructional processes and methods of evaluation. As a minimum, each student will be taught the basic, functional literacy and core battery skills at each grade level.

Teachers are to keep accurate and up-to-date records of student grades and/or levels of achievement. The parents/legal guardian, upon written request, will be permitted to review their own child's grades only. The review must be in the presence of the teacher or principal and will at no time include access to other students' grades or other records.

HEALTH SERVICES-STUDENT

A. Communicable Diseases

A student with a communicable disease is required to remain out of school until a physician certifies that he/she is able to return. Listed below is a guide to common illnesses which children are most susceptible. This material is presented for your general information only and not as medical advice. If you suspect any illness, please consult a physician as soon as possible.

- Chicken Pox: Gradual onset with general run-down feeling followed by a red rash (usually beginning on trunk) that turns into white water blisters. Exposed children may attend school. Child may return to school after lesions are crusted and dry with NO new lesions forming.
- Measles/Rubella/Roseola: Ill feeling and low grade temperature. Exposed children may attend school. Child may return to school when fever free and rash is fading. (Usually 5-7 days)
- Mumps: Pain in chewing or swallowing followed by chills and headache. Sick child may not attend school until all swelling has disappeared, usually 12 days from onset.
- Conjunctivitis: Matting of the eye, inflammation and discharge from the eye. The child may return to school after a doctor is seen, or when redness/discharge is improving.
- Skin Lesions: A child suspected of having ringworm may return to school as soon as treatment (which usually lasts several weeks) has been started. www.msda.state.us/msdhsite
- Fever/Flu: The Center for Disease Control and Prevention recommends that people (Administrators, Teachers, Staff, & Students) with flu-like illness remain at home until at least 24 hours after the child is free of fever (100 degrees F/37.8 degrees C) or signs of a fever without the use of fever-reducing medications even if they are on antiviral medications.
- Impetigo: Child may return to class after 24 hours and treatment has been started. Any lesions that are draining or oozing should be covered.

B. Medication

When medication is to be given at school, the following guidelines must be followed:

- A permission note signed by parent/guardian should accompany any medication along with a **doctor's order** each school year.

- Medication (prescription and over the counter) is to be labeled with child's name and in the original container.

- For late start days, students who normally receive morning and afternoon meds at school should take the morning dose at home.

These guidelines promote safety for all students in the school system. Students may be given medication only upon written authorization from the parent/legal guardian and doctor. Any medication must be prescribed to the student by a physician each school year. of the rights granted by federal law to students with disabilities. The intent of the law is to keep you fully informed concerning decisions about your child and to inform you of your rights if you disagree with any of these decisions.

If your child is determined to be a child with a disability, he/she has the following rights:

1. Your child has the right to a free appropriate public education designed to meet his/her individual needs as adequately as the needs of nondisabled students are met.
2. Your child must be provided an equal opportunity to participate in non-academic and extracurricular services and activities offered by the district to the same extent as nondisabled.
3. Your child has the right to free educational services except for those fees that are imposed on nondisabled students or their parents.

4. Your child has a right to placement in the least restrictive environment.
5. Your child has a right to an educational evaluation prior to an initial placement and any subsequent significant change in placement.
6. Testing and other evaluation procedures must conform to the requirements of Section 504 regarding test validity, proper method of administration and appropriate test selection. The district will consider information from a variety of sources in making its determinations, including, for example: aptitude and achievement tests, teacher recommendations, reports of physical condition, social and cultural background, adaptive behavior, student grades, progress reports, state wide testing results, and parent input.
7. Placement decisions regarding your child must be made by a group of persons knowledgeable about your child, the meaning of the evaluation data, the placement options, the requirement that to the maximum extent appropriate, disabled children should be educated with nondisabled children, and comparable facilities.
8. If your child is eligible for services under Section 504, periodic reevaluations will be conducted to determine if there has been a change in educational needs. Generally, a reevaluation will take place every three years.
9. You have the right to be notified by the district prior to any action regarding the identification, evaluation, or placement of your child.

If the school district refuses to amend the record, you will be notified of that decision within a reasonable time and you then have a right to request a hearing.
12. You have the right to an impartial hearing if you disagree with the district's actions regarding your child's identification, evaluation, or educational placement. However, if any portion of your complaint is also part of a due process hearing pursuant to the Individuals with Disabilities Education Act (IDEA), that part of the complaint will be set aside until the conclusion of the due process hearing.
13. If an issue is raised in a 504 complaint that has previously been decided in a due process hearing pursuant to the IDEA involving the same parties, the due process hearing decision is binding on that issue.

SEXUAL HARRASSMENT

Title IX prohibits sex discrimination, including sexual harassment, against students in academic institutions. It is the intent of the Board of Trustees to maintain an environment free from sexual harassment of any kind.

1. Definition of Sexual Harassment

Unwelcome sexual advances, requests for sexual favors and other verbal or physical conduct of a sexual nature amounting to or constituting harassment are prohibited. Examples of this type of conduct include:

- * Requiring submission to sexual conduct, either implicitly or explicitly, as a term or condition for grades, promotion or other benefit.
- * Using submission to or rejection of sexual conduct as the basis for decisions affecting the student.
- * Using, whether intentionally or not, sexual conduct to unreasonably interfere with the student's work performance or create an intimidating, hostile or offensive teaching or learning environment.

2. Complaints

Complaints may be made to the appropriate administrator or directly to the Title IX Coordinator without fear of reprisal. If a complaint is substantiated, the offending employee/student shall be subject to disciplinary action. The District specifically prohibits inappropriate relationships between staff and students. The administration will investigate any such relationship when it becomes aware that a situation might exist between one of its employees and a student and will document the investigation. Evidence supporting that an inappropriate relationship exists include, but is not limited to, the presence of personal emails, telephone calls, instant messages, and text messages between an employee and a student, particularly when such exchanges are not school-related or are only tangentially school related. Personal emails, telephone calls, instant messages, and text messages are not appropriate and are grounds for discipline or employee dismissal. A student must report inappropriate behavior by a staff member or harassing behavior by another student.

To make a complaint, specific steps must be followed in accordance with strict time lines. To start the complaint process, a complaint must be made within 5 days after the occurrence of the alleged sexual harassment by contacting your principal or Title IX Coordinator, P.O. Box 1940, Grenada, MS 38902-1940 or 662-226-1606.

3. Further Information

More detailed information concerning the Sexual Harassment Policy and Complaint Procedure may be found in Board Policies.

STUDENT ACTIVITIES

The Board of Trustees of the Grenada School District recognizes that for the development of a well-rounded individual, academics and extracurricular activities are very important. However, activities related to academic achievement take precedence over all other activities in the District.

In the event of **two (2)** activities taking place at the same time, (only after all scheduling attempts have failed), then:

- (a) National takes precedence over regional
- (b) Regional takes precedence over state

- (c) State takes precedence over district
- (d) District takes precedence over conference
- (e) All of the above take precedence over practice/rehearsal.

The Board of Trustees of the Grenada School District feels very strongly that parental involvement is important to the educational development of a child. The precedence established in the above statements (a-e) gives clear guidelines for the scheduling and arrangement of extracurricular activities in the Grenada School District. After all attempts by District personnel in charge of extracurricular activities to schedule and avoid conflicts, and conflicts do indeed exist (whether it be the fault of the District or some unavoidable circumstance) then the precedence rule as stated in (a-e) above will be in effect. However, if a parent/guardian feels strongly that the conflict that was created by the District concerning the two scheduled events is not in the best interest of his/her child, then the parent/guardian may do the following:

The parent/guardian, upon personally contacting the Superintendent of the Grenada School District may indicate to the superintendent that parent/guardian(s) choice regarding his/her child's participation in the scheduled events. That request by the parent/guardian will be honored by the superintendent and all District personnel involved in these particular activities with the child. If the parent/guardian has ambivalent feelings regarding the conflict that the District has created, or does not choose to personally contact the superintendent of the School District, then the precedence rule as established in (a-e) above remains in effect.

An extracurricular activity in the Grenada School District that has historically had available certain dates in the past for participation will have precedence in scheduling over a new activity that is formed or that is beginning its involvement in the Grenada School District when scheduling conflicts arise regarding the dates in question.

STUDY HABITS

To have a happy, successful school life, students must develop proper study habits. Students will be taught the fundamentals of study as appropriate to each particular subject area. A few general suggestions to improve study are:

- * Have a regular time and place to study each subject.
- * Use your will power to keep at your task.
- * Concentrate on your work.
- * Keep up with your assignments on a daily basis.
- * Keep well physically so you will feel like studying.
- * Eat proper foods.
- * Have your eyes tested if they bother you.
- * Have sufficient materials at hand to use when studying.
- * Realize that learning pays and take pride in being a good student.

TELEPHONE USE

The telephones are for business purposes only. Students will be allowed to use the telephone in the office for emergency situations. If an emergency arises and it is necessary to contact a parent, the call will be made by the office staff.

TEXTBOOKS

Students are allowed to use textbooks locally owned by the Grenada School District. Parents/legal guardians and students have full responsibility for the books at all times. The school keeps a record of issuance of textbooks to each student. Students are responsible for proper care and maintenance of any textbooks issued to them for instructional purposes. Books will be returned at the end of the school year, or at the request of the teacher. Any damages will be assessed at that time, a fine determined and parents will be responsible for restitution. If a book is lost, misplaced or damaged in any way, the parent and student are responsible for paying the assessed value of the book. No student will receive a transcript or credits from the office or will be issued new books until all book fines have been paid.

TRANSFERS

Grenada School District Transfer Policy-JBCD

This transfer policy applies to current and future students and parents who seek admission for a student based on petitioning the school board of residence for release and petitioning the Board of Trustees (the "Board") of the Grenada School District (the "District") for acceptance.

The Board will review a request based on multiple factors in the student's education history, including, but not limited, to the following: academic performance; discipline; cost of education of the student, i.e., whether there is an extra cost for the District to educate the student; parental conflict, i.e. the lack of ability for administration to resolve conflicts with the student's parent(s) or guardian regarding the student; and absenteeism

Absolute authority for accepting, continuing, or rejecting transfers shall rest with the Board of the District. The transfer status of all transfer students who are accepted shall be reviewed yearly. Any transfer approval may be reviewed and withdrawn during the school year if any of the factors listed above or detailed below are present.

Any questions or concerns regarding a student's potential request for transfer under this transfer policy should be directed to the Superintendent's office. Below are additional guidelines and regulations required for attending school on a transfer basis in the district.

All students residing outside the District who wish to attend school in the District are required to pay tuition as established by the Board. Tuition must be paid in total prior to a student enrolling in the District. The parent or guardian of transferring students must provide their student's transportation to school in the District.

Admission screening for out-of-district students will include an analysis of grades, behavior, costs of education, and absenteeism. The student must have and maintain an academic average of "C," make satisfactory progress toward promotion or graduation, and maintain scores at or about grade level on standardized tests in order to transfer to the District. Further, the District will review

parent/guardian relationships with previous schools to determine whether the District can meet the parent's expectations. The Superintendent or his designee will gather information regarding the merits of each student's application prior to the student's petition being presented to the Board.

Once admitted, grades, behavior, absenteeism, costs of education, and parent expectations will be monitored. If a student become involved in a flagrant or serious discipline issue or become repeatedly involved in less serious discipline issues, he/she will lose the privilege of attending school in the District as a tuition student. Should it become apparent to the District administration and staff that the District and the parent/guardian is unsatisfied with the District's efforts to educate the child, the student transfer may be terminated after evaluation by the Board. Additionally, if a student exhibits excessive absenteeism, has grades that fall below a "C" average, fails to satisfactorily progress toward promotion or graduation, or scores below grade level on standardized test scores, he/she may lose the privilege of attending school in the District after evaluation by the Board. Other factors may also be considered by the Board with regard to the continued acceptance of the transfer student.

After approval for admission by the Board, the parent should go to the District's Central Office to pay the out-of-district tuition and receive a receipt. The receipt slip is then brought back to the school office and the admission process is continued.

Please refer to the Grenada School District tuition policy (JBCC) for rules and guidelines for tuition.

The tuition refund policy of the district is to provide a prorated calculation based upon student days of attendance.

TUITION-OUT OF DISTRICT STUDENTS

Individual students living outside the geographic boundaries of the Grenada School District may request a transfer into the Grenada School District upon the written consent granted by the Board of Education/Trustees of the district in which the student resides. The Grenada School District Board of Trustees, may, in its discretion accept the student requesting the transfer. The acceptance of the transferring student must be spread upon the minutes of the board. It is the intention of the Grenada School District Board of Trustees to, at all times, comply with section 37-15-31 of the Miss code of 1972.

The Grenada School District Board of Trustees shall charge an annual tuition at the rate of \$900 per student. If however, a family has two or more students transferring into the Grenada School District, the tuition charged shall be \$600 for the second child and \$400 for each child in excess of two.

The Grenada School District will not accept out of district students who:

- Cause the district an additional outlay of funds beyond that which is typical for all tuition students.
- Require services or programs that the Grenada School District does not have.
- Cause the expansion of a program that would require additional expenditures.
- Cause the district an additional financial or administrative burden.

In the event the sending district does not have an appropriate program for the student, the Grenada School District has an appropriate program with space available; the sending school district shall pay any additional cost associated with educating the child. If the sending district is willing to release the student and contractually agree to pay the additional cost associated with the education of the child, regardless of when those costs are fully understood, that student may be accepted by Grenada School District.

Virtual Learning Admission Criteria Recommendations – May 11, 2023

Initial Admission Requirements:

- A student must have a minimum average of a "C" in all classes or score at least proficient and show growth on all MAAP tests from the previous year for enrollment. The principal and/or committee will have discretion if the student does not meet academic criteria. (ie., A student with a "D" might be admitted into the program due to a documented illness.)
- The parent/guardian and student must complete a Virtual Learning Informational Session.
- The parent/guardian and student must consent to the Grenada School District Virtual Learning Agreement.

- The parent/guardian and student must attend a training session at their respective schools to receive Canvas instruction, student Chromebooks, textbooks, and other resources.

- A teacher, parent/guardian, and student conference is required if a student is placed on academic probation. During this conference, a plan will be developed to assist the student with improving academic standing. Signatures of compliance will be required of the teacher, parent/guardian, and student.

(ie., The parent/guardian provides documentation verifying that a medical condition requires the student to change learning plans.)

Notes:

- Once a student enrolls in a traditional learning plan, he or she must remain in the program for the remainder of the academic year unless the principal or committee determines extenuating circumstances exist. (ie., The parent/guardian provides documentation verifying that a medical condition requires the student to change learning plans.)
- A Flex Option will be available to students in grades 9-12 who have circumstances that prevent them from attending live sessions. This option will allow students to complete assignments outside of school hours with the understanding that enrollment will be evaluated every two weeks. The student must maintain a minimum of a “C” average in all classes to maintain virtual enrollment.

*Offering this virtual learning option is contingent on meeting the attendance requirements set forth from the Mississippi Department of Education.

**As outlined in the MHSAA handbook revised on April 20, 2023, if a school or student chooses to be 100% virtual only - this is considered being homeschooled and no participation will be allowed in athletics or activities.
