Principal's Pen: We made it! We made it through the first month of school, and things went smoothly. Thank you to everyone who helped us by following drop-off and pick-up procedures, working cooperatively with our faculty and staff, and reaching out for help when needed.

Community Coffee Labels: We are collecting proof of purchase labels from Community Coffee again this year. Our school earns money that is used to purchase equipment for PE. Students should bring the labels only to the gym in an envelope with their name on it. PBIS points will be given for every 10 points a student submits. Thank you for helping support our school!

## Readers Are Leaders

Around the House: Build your child's vocabulary and ability to relate words to objects and beginning sounds by playing "I Spy." Younger children: "I spy something that starts with the "rrr" sound, and we use it to help the baby go to sleep." Answer: Rocker. Older Children: "I spy something that starts with a "g" and carries rainwater from the roof to a different location." Answer: Gutter. *This game can be done with anything in or around your house, in the grocery store, on the highway if you are traveling, etc.*

## Math Matters

Deck of Cards: Depending on your child's age and ability, the following can be done with a deck of cards. (1) Pick a card and identify the number. (2) Count the number of diamonds, hearts, spades, or clubs on the card. (3) Pull a card and count that number of Skittles or M & Ms. (4) Pull two cards; add, subtract, multiply, or divide the cards (if possible). (5) Pick four cards; put them in order from least to greatest.
