Anthony Rotundo - Expressed concern that the notice for the meeting was not issued until the day prior, therefore there was not time to get a video camera set up by the audience. He also congratulated Ms. Laura Pieratos and welcomed Mr. Nick Cipriano back to the District.

Daniele Defeo - stated that he had previously addressed the Board on June 26th and expressed concern that promises made during prior meetings regarding the Italian program have not been upheld. The speaker urged the Board to ensure transparency with the community regarding the status of the program.

Karen Halle - Inquired, if the Italian program is being reinstated, when students and families would be notified. She noted that the summer is nearly over, and timely communication would be necessary in order to make any necessary adjustments to student schedules.

Superintendent, Mr. Carl Albano, provided an update on the search for a Business Administrator, stating that the process is ongoing, there are interested candidates, and he is hopeful an appointment can be made by the next meeting.

Regarding the Italian program, Mr. Albano stated that he would work with the new principal to review the matter. He noted that the program was not included in the Board- and County-approved budget, making it difficult to reinstate at this time. He emphasized that the approved budget reflects a commitment to the community and cannot be altered without proper authority. Students already enrolled in the program will be able to continue, but new spending cannot be added outside the approved budget. He also noted that if any promises regarding the program were made previously, he had not been informed of them.

Board Secretary, Ms. Grace Lee, confirmed that the notice of the meeting was published by the newspaper and posted on the district website on Thursday, August 7th.

Ms. Soo Chung requested that the District explore options for video recording Board meetings moving forward. She also noted that meeting notices have been difficult to locate in the newspaper over the past several years and suggested that the District work with *The Record* to make the notices easier for the public to find.
