

What is it?

Rockdale ISD is committed to our mission: Empower and challenge all students to achieve personal excellence for college and career success. We strive to provide high-quality education individualized for each student by developing and maintaining relationships with families and the community. One way we continue to do this is by participating in the Title I, Part A State Program. This program provides funding for low socioeconomic schools. In return, we promise to meet the expectations laid out for us by the Texas Education Agency and the United States Department of Education.

**Expectations &
Objectives**

Parents and families are a child's first teacher. They imitate you from the moment they are born. Therefore, a mutually beneficial relationship between school and home is in the best interest of every child. The expectation of our PFE Program is to foster communication and decision-making with parents about student performance and to collaboratively support learning. Our objectives are:

- Effective two-way communication between school and home which is linked to a higher completion rate on homework, better attention during instructional tasks, increased participation by all parties, and improved interactions and relationships between parents, teachers, and students.
- If a child's parents are more involved in school experiences, the child is more likely to have higher grades, improved behavior, better attendance, higher social skills, and adaption.
- Learning together leads to better school and home life.
- Being a life-long learner can prevent some health issues that often occur later in life.

**Rockdale ISD
will:**
