Grandview Clubs & Activities 2025-2026

Activities and Leadership Opportunities
Grandview High School is committed to providing a varied and engaging student activities program. In addition, students have multiple opportunities to exercise leadership in both formal and informal venues. We have over 40 clubs and many co-curricular activities. Our activities programs are made possible by a group of dedicated faculty and staff who put in long hours and share a fantastic variety of talents with our students.

Starting a Club
New clubs may be started if a group of (at least 10) students have an interest and an adult sponsor is willing to supervise. Individual competitive sports are not considered clubs. The student leader of the organization needs to come to the Activities Office to pick up a New Club Formation Process Packet.
* **SPECIFIC REQUIREMENTS MUST BE MET FOR MEMBERSHIP**

Activities Council
The Activities Council is an organization made up of representatives from each of the registered clubs here at Grandview. It is a place for student leaders to meet, work together, and to share knowledge. Its primary mission is to promote student awareness of and participation in Grandview Clubs and Activities.

Esports

The Grandview Esports League is open to all students who want to be involved with competitive video-gaming. We offer a unique opportunity for students to compete in a CHSAA recognized sport where gamer athletes have the opportunity to earn scholarships towards higher education. All students who are a part of Grandview Esports are still subject to grade eligibility requirements and are expected to participate in all scheduled games and practices just as a traditional sport. Team members serve as positive role models by displaying outstanding citizenship, good sportsmanship, and quality leadership at all practices, games, and tournaments. There is a $90 athletics fee for participating on a Grandview ESports official team. Additionally, for gamers who aren't ready to make the jump to an official competitive ESports team, we are offering the Grandview ESports Academy option. This option is for students who would like to play recreationally after school and work on their gaming skills. The cost to participate in the Grandview ESports Academy is $30 per semester.

S.O.A.R

Students Organized Against Racism (SOAR) empowers young people of all races to become catalysts for change through meaningful, ongoing conversations in our schools. As students are given a voice and opportunities for equity/anti-racism leadership, they become a more visible voice for change in their schools and build capacity to lead equity work with the support of school staff. Students are selected by principals, focusing on sophomores or juniors who aspire to be anti-racist leaders involved in equity and racial consciousness conversations. Students should plan to participate in the program for two years and attend a virtual Courageous Conversations about Race training and three S.O.A.R seminar sessions.

Sources of Strength

Sources of Strength is a positive messaging program that uses the power of Peer Leaders and social networks to help students find their voice in creating a positive change in their school. The program's goal is to bring awareness to each student's individual strengths. Everyone goes through times of emotional ups and downs. When you know your strengths, you can lean on them when you have feelings of sadness, worry/anxiety, and anger. Sources of Strength Peer Leaders and Adult Leaders/Mentors can help students find their personal strengths.

We The People

AP US Government and Politics-We The People Grades 11-12. This college level course provides students an in-depth examination of the structure of the United States government, how citizens, the media, political parties, and interest groups influence it, and how American politicians gain, keep, and use power. Students spend most of the first semester developing their research, writing, and public speaking skills through the We the People program, which involves Constitutional research and analysis. We the People has been the subject of over 20 studies showing its unique educational achievements. This course will meet Colorado's graduation requirements for Government. Students will take the AP U.S. Government and Politics exam in the spring. Due to the advanced nature of this course, grades will be weighted.
