

SLP Collaborative Virtual: Essential AAC Assessment Tools

Course Overview:

Effective assessment is critical for supporting individuals with complex communication needs. This course provides an overview of key Augmentative and Alternative Communication (AAC) assessment tools along with practical guidance on their selection and application. Through case examples and interactive discussions, attendees will strengthen their ability to gather meaningful data that informs clinical decision-making. Equip yourself with the knowledge and skills needed to make a meaningful impact on communication access and participation.

Objectives:

- Identify key AAC assessment tools relevant to evaluating individuals with complex communication needs.
- Analyze clinical case examples to interpret AAC assessment data and determine communication strengths and needs.
- Apply evidence-based decision-making to select appropriate AAC assessment tools.

Presented by:

Iván Campos, MS, CCC-SLP, Program Specialist

Date & Time:

October 15, 2025
1:30 - 3:30 p.m.

Registration begins at 1:00 p.m.
