-The AP test is given in May and college course credit is awarded for scores 3, 4 or 5, based on the guidelines set by that university.

-Does not impact college transcript.

Dual Enrollment

-DE credit is recognized by LA public universities and some private or out of state universities

-DE courses are taught by HHS faculty in conjunction with the university faculty

-DE credit is awarded to 11th and 12th grade students who meet the initial ACT requirement and pass the required in-course tests

-College credit on the permanent college transcript
