

3RD GRADE

SEPTEMBER 2025

A note from the teachers:

Hello Parents,
 We have had a great start to our school year and are learning new procedures and routines. One of the focuses this year is learning organizational skills with storage areas and planners. Students have been introduced to new routines that will help them stay organized and keep you informed.
 Please take a minute each day to look at your child's planner and initial each day if possible or just on Fridays. Thank you!

3rd Grade Teachers
