

School Parent and Family Engagement Policy

Parental involvement means the participation of parents in regular, two-way, and meaningful communication involving student academic learning and other school activities, including ensuring—

- Parents play an integral role in assisting their child's learning;
- Parents are encouraged to be actively involved in their child's education at school;
- Parents are full partners in their child's education and are included, as appropriate, in decision-making and on advisory committees to assist in their child's education.

The policy is made available to parents, families, students, and the community on the campus website and is reviewed annually at the initial Title I parent event on the campus.
