Overflow Enrollment List Procedure

The Board of Trustees of Sweetwater County School District Number One, State of Wyoming (“the District”) establishes attendance areas for the various schools of the District. *See Policy JC*. Occasionally, a student will be unable to attend the school within his/her designated attendance area for various reasons. One such reason is if a particular grade level or school has reached pre-established, designated capacity limits set by the District or by law.

If designated capacity limits for a particular grade level or school are reached on the weekday that is seven (7) days prior to the start of school, students whose residence is within the attendance area will be identified on an Overflow Enrollment List based upon their attempted date of first enrollment in the District. The Overflow Enrollment List will also identify those students who are attending childcare before or after school within that attendance area.

Other students seeking out of area admission to that particular grade level or school for childcare will be added to this Overflow Enrollment List based on their date of first enrollment in the District. The Overflow Enrollment List will be maintained throughout the remainder of the school year based upon the date of attempted enrollment or the date of notice to the school that the child is attending childcare before or after school within the attendance area.

When a student is unable to attend the school within the student’s designated attendance area, the District shall use its right of placement to identify the school where the student will be relocated. If the enrollment level at the student’s attendance area school declines and a vacancy is identified, the parent or legal guardian of the student on the Overflow Enrollment List will be contacted based upon the date of the attempted enrollment. The student, in order of succession, will be given the opportunity to return to the attendance area school until the vacancy is filled.

If the parent or legal guardian declines that opportunity to return to the attendance area school, for any reason, the student next in order on the Overflow Enrollment List will be given notice and the opportunity to return to the attendance area school. Only one (1) opportunity to return to the attendance area school will be granted each school year.

Call backs opportunities for class or school vacancies within the designated attendance area normally will take place only during the first quarter of the school year. If the parent or legal guardian declines the opportunity to return to the attendance area school, the student’s seniority on the Overflow Enrollment List remains in the same position for future vacancies for the present school year. If the attendance area school continues to have a vacancy after all students on the Overflow Enrollment List have had the opportunity to return, a new student enrolling in the attendance area school will be identified on the Overflow Enrollment List based upon the student’s date of enrollment. If an immediate opening is available, that student may be assigned to the attendance area school.

At the beginning of the next school year, students on the Overflow Enrollment List will be given priority to return to the attendance area school based upon the date of first-attempted enrollment in the previous school year, provided that the student's residence is within the attendance area. For students attending childcare before or after school, within the attendance area, will be added next to the Overflow Enrollment List using the new school year's date of receipt of a completed Request for Child Care Transfer form. If the parent or legal guardian declines the opportunity to return to the attendance area for a second time, and the District accepts that placement decision and the student's seniority on the Overflow Enrollment List shall be vacated.

Out of Area Transfer Requests

Parents requesting out of area transfer placement, for other than childcare, will be approved only if class size limits within that school and grade permit. If enrollment increases beyond the District's prescribed limits within the designated attendance area school, the out of area students will be returned back to their designated attendance area school. The week day that is seven (7) days prior to the start of school will be the date that all out of area transfer requests will be reviewed by the building administrator. For example, if the first day of school falls on a Wednesday, all out of area transfer requests will be reviewed by the building administrator on the Wednesday of the prior week. Parents will be notified as soon as possible after this date concerning whether the out of area transfer request will be honored. When a student is granted an out of area request and attends that school, he/she will forfeit their original date of enrollment in their attendance area school.

- 1) Telephone the school and ask for the attendance secretary within forty-eight (48) hours of the student's return to school. Explain the reason for the absence. The absence will then be excused IF approved by the school's attendance officer.
- 2) Written Note - Within forty-eight (48) hours of the student's return to school, please provide a written note signed by the legal parent or guardian explaining the reason for the absence. The absence will then be excused IF approved by the school's attendance officer.

- 4) Pre-arranged non-school activity excusal. Parent must provide written request for absence at least 1 week prior to absence; academic eligibility requirements must be met, travel times must be reasonable based on competition time, location and weather.

Tardies Procedures

As per policy m below:

“A tardy occurs when the student fails to be in attendance, at the place designated for the class, within 10 minutes after the final starting time designated for the class, unless the tardy is excused by specific, written permission of an administrator or professional staff member of the District under procedures to be established by each school.”

Students are required to report to class at the bell as per policy. A tardy slip could be issued to the student and the student will be required to present the tardy slip to the classroom teacher. Students will be considered tardy if they are not in the classroom by the time the tardy bell rings but, within the first 10 minutes of class. After ten (10) minutes, a student will be marked "L" to indicate he or she was more than 10 minutes late to class. After missing 80% or more of the class period the student will be marked “SL” to indicate that he or she has missed more than 80% of the period but are present in the building.

Teachers who detain a student from reporting to class on time must give the student a pass to enter the next class. Teachers will honor other staff members' passes. Teachers who need to detain students for more than ten (10) minutes should make prior arrangements with the next class teacher before detaining the student.

Make-Up

- 1) A student will be allowed a minimum of the number of specific class periods/days missed plus one (1) class period of that specific class, following an absence to make up all assignments, before a zero can be entered. A project or test assigned prior to the student's absence will be due on the first day the student returns to class unless other arrangements have been made with the classroom teacher.
- 2) Students assigned out-of-school suspension will be subject to the same make-up procedures as absent students.
- 3)

Late Work Procedure

Late work will be accepted by the end of the unit or grading period in accordance with Building procedure. A zero will not be entered until after the assignment is due. A zero will be entered no later than a week after the assignment is due, however, the student does have the opportunity to complete the assignment to show proficiency up to the end of the unit or grading period, whichever comes first. A zero does not eliminate the possibility for the student to show proficiency (as stated in district grading policy IKA and IKA-R).

In an effort to be prepared for life in the workplace, late points will be applied based upon the due date with a 10% reduction every school day after until 60% has been reached. This percentage is the starting point for fully completed and accurate work. All accommodations for students on individualized plans will follow those specific accommodations and exceptions. Teachers have the ability to work with students in the event of life and emergency situations with administrative approval.

Permission to Leave the Building

A student may leave the building after a legal parent or guardian or administrator grants permission to the attendance secretary, and the student signs-out at the attendance desk immediately before leaving the building.

Remaining in the building after being signed out may result in a truancy. Leaving the building without legal parent or guardian, or administrator permission and not being signed out in the attendance office may result in a truancy. A student may not check out and go to another class, library or other unauthorized area.

Hall Passes

A hall pass must be obtained from the student's classroom teacher. Exceptions may be approved for situations deemed emergency situations by the building administrator or designee. Any abuse of a hall pass may result in disciplinary action.

PERMISSION TO LEAVE SCHOOL GROUNDS

All students must receive permission from legal parent/guardian or an administrator to leave school grounds. Students that have permission to leave the building must be checked out of the attendance office by legal parent/guardian or designee.

If he/she becomes ill at school, they need to get permission from their teacher to report to the office. The student will be dismissed only after a parent or other responsible adult has been notified.
