

SHARPSTOWN HIGH SCHOOL

Petition to Form a Club or Organization

How to Start a New Club

- **Come up with an idea!** Clubs typically have an academic purpose and/or common interest that are beneficial to young adults.
- **Find students interested in joining.** You will need at least 10 students interested in joining.
- **Find a sponsor.** Students wishing to start clubs should discuss their interest with faculty members. Once you have sponsor support, sponsors will need to fill out the Club/Organization Information Survey and agree to the Sponsor Responsibilities and Information.
- **Get approval.** Return this petition to the Office Manager in the Main Office. Please allow 5 days for this to be processed. It will be returned to the sponsor with approval or rejection notice. Do not proceed until your club is approved.
- **Get going and have fun!**
