Linden Hall Alumnae Discount Policy

To honor and celebrate the lifelong connection between Linden Hall and its graduates, Linden Hall offers a tuition discount to children and grandchildren of alumnae. This discount is available for both the academic year and Linden Hall's summer camp program.

Eligibility

- The applicant must be an immediate family member (child or grandchild) of a Linden Hall alumna who is listed on the student's enrollment agreement or camp registration.
- Proof of alumnae status is required, such as verification from the Linden Hall Alumnae Office or a copy of a Linden Hall diploma.

Discount Details

- **Amount:** The discount will be **15% off the gross tuition** (academic year) or **15% off camp registration fees**. However, in no instance shall a student's combined total discount (including financial aid, scholarships, and other discounts) exceed **50% of the gross tuition**.
- **Duration:** The discount is applicable for the entire duration of the student's enrollment (or camp participation), provided the eligibility criteria continue to be met.
- **Coverage:** The discount applies to tuition or camp registration fees only and does not cover additional fees such as registration processing, technology, books, uniforms, or extracurricular activities.
- The discount is non-transferable and can only be applied to the tuition of the alumna's daughter or granddaughter enrolled at Linden Hall School or in Linden Hall's summer camp.
- If a student or camper withdraws prior to the start of the enrolled program, the alumnae discount becomes null and void.

Submittal Process

To take advantage of the alumnae discount, eligible families are required to provide proof of alumnae status. Acceptable forms of documentation include:

- Verification from the Linden Hall Alumnae Office
- Copy of Linden Hall diploma or transcript

Documentation must be received prior to finalization of the enrollment contract or camp registration for the requested academic year/program.

Annual Renewal

This discount will automatically renew each year, as long as the enrolled student remains in good academic, financial, and social standing.
