Enrollment Process

- Starting in January, students and parents will receive directions on applying for AP courses. Applying for a course does not guarantee acceptance into the course.

- Students will scan the QR code posted around the school and apply for each AP course they are interested in taking. It is the STUDENT'S responsibility to request the course by the DEADLINE.

- Acceptance into the course is based on grades and AP Potential (which comes from their PSAT scores).
  - Because we start the process in January, grades considered will be from 1st semester. Please encourage your students to put in their full effort all year long!

Benefits

- Weight – AP courses receive extra weight in a student's GPA.
  - For Zell Miller, a max of .5 is added to the unweighted grade, unless the grade is already an "A" (no course will receive more than a 4.0 for Zell.)
- Zell/HOPE does not add extra weight for Honors Courses.
  - AP Courses are not required to earn the 4 Rigor Courses required for HOPE/Zell. Students can get the 4 rigor courses through our regular college placement courses.
- Weight is not added to the numeric grade students receive. It is factored in when the final GPA is calculated.
- Not all colleges accept all AP scores. You can go to the College Board Website and determine the scores required for each institution.
  - AP Credit Policy Search – AP Students – College Board

AP Exams (May 4-8, May 11-15)

- Each AP course has an OPTIONAL exam which can earn students college credit.
