

JONATHAN ELEMENTARY

Eastern Carver County Schools

Points of Pride (2024-2025)

2024-25 accomplishments we are proud to celebrate, because of the impact on learning and teaching for each and every learner.

- Of all the families at Jonathan elementary that were surveyed - **96%** said that their child is seen, valued, and respected for who they are and who they want to be.
- 94% of students surveyed shared that they know at least one adult at school that would talk to them if they had a problem.
- The Parent/Caregiver Partnership is a top priority at Jonathan Elementary, and we celebrate having 96% of families attend our Student Conferences in the fall and spring.
- Our PTO does remarkable work to provide funds to all classrooms for additional resources, field trips and assembly speakers - to support our priority of serving the whole student.
- Recognizing that we are seeing an increase nationwide in young people with increased anxiety - Jonathan Elementary provides students access to resources that decrease anxiety and worry. These include a trained school counselor, access to a therapist (upon parent/caregiver request), all staff are trained with student support strategies, a calm room, activity paths, and also a therapy dog named Diggity.
