

Allen Hosts Senior Day for High School Seniors and Juniors

Aybrey Jacobs, Student Reporter

On November 1, 2023, Allen Community College hosted Senior Day. High school seniors and juniors were welcome to attend this event.

This event was meant to demonstrate to high school students what life and academics is like at Allen Community College.

Senior Day kicked off with a presentation given to the students about life at Allen. After that, both high school and Allen students participated in a game of head, shoulders, knees, and cup, as well as rock, paper, scissors.

Soon after, the Allen Jazz Band performed four pieces that they have been working on for the event. Next, the Red Devil Spirit Squad performed their band chant, which had many students yelling, "A-C-C, Let's Go Devils."

Afterwards, the high school students were given tours of the school and were able to talk to different departments. Some seniors even tried out for athletic teams.

It is safe to say that Allen's Senior Day was a success.
