**RECOVERY:** Administered throughout a unit to students who have failed to demonstrate mastery of the standards. Recovery assessments should cover the standards that the individual student has not mastered

**INCOMPLETE:** An assignment, assessment, and/or task have not been turned in due to a student being absent for an extended period

## RECOVERY

Students in K-12 should be afforded the opportunity to recover all major assessments if they score below a 75% on the assessment. Students are limited to **one recovery attempt per major** assessment that meets the threshold for recovery.

- Recovery of a major assessment should occur before the next major is given
- Students are eligible to earn a replacement grade on a recovery that is no higher than 75%
- Before recovery, the teacher should work with the student to complete missing work and/or ensure delivery of the content through reteaching and relearning.
- If a student's recovery is below the original score, the original score should stand in the grade book.
- The original score should be noted in the comment section of the grade book if a student recovers a major assessment.

# Missing Assignments

## MISSING/LATE WORK

### **Student Misses Work Due to Absence (Excused/Unexcused)**

- Upon return to school, students will have an equal number of days as they were absent to complete any late/missing assignment, assessment, and/or task for full credit
- Teachers may begin deducting points from late/missing assignment, assessment, and/or task (maximum of a 25% deduction), but only after the deadline has not been met. A deadline is typically equal number of days the student was absent
- A zero may be entered in the grade book, if a student fails to turn in a late/missing assignment, assessment, and/or task

### **Student Present but Fails to Turn in Assignment, Assessment, and/or Task**

- Teachers may begin deducting points from a late/missing assignment, assessment, and/or task (maximum 25% deduction)
