per day

Where curiosity meets connection — before the bell rings.
Programming Daily 8 a.m. – 9:30a.m. @ SLC, PMS & FAIR Crystal

Looking for a space where your student can have fun, make friends, and grow before school starts? Welcome to Club Connect — a before-school enrichment program designed just for middle schoolers!

We've built Club Connect to be more than just a program — it's a community. A place to explore passions, build confidence, and start the day with purpose and positivity. Whether you're into coding or kickball, painting or pitching in, we've got you covered.

We offer a unique honesty-based fee structure to keep the program accessible for all families. You simply pay what you can — whether that's the full amount, just a portion or a little extra to support a student. Your honesty helps us keep Club Connect open and welcoming to all youth, regardless of income.
