Vision

Our vision is to be the benchmark of educational excellence.

Mission

Our mission is to prepare students to contribute to the competitive and changing world in which we live.

Values

Respect
Inclusiveness
Community
Communication
Collaboration
Innovation
Nurturing
Trust
Accountability

NOTIFICATION OF INITIAL RADON TESTING IN WESTERVILLE CITY SCHOOL FACILITIES

Date: December 10, 2024 *(Revised 9/4/25)*
To: Westerville City Schools Website

Westerville City School District will be conducting initial radon testing during the week of winter break at Blendon MS, Minerva Park MS, Walnut Springs MS, Hawthorne ES, McVay ES and Pointview ES. This testing will be conducted per Ohio Department of Health regulations. Results of testing will be posted on the web site. In the event that elevated radon levels are detected, steps will be taken (per appropriate regulations) to correct any problems found. Note that Ohio Department of Health, U.S. EPA, and U.S. Surgeon General also recommend testing of all homes for radon since that is where families spend most of their time and, therefore, where a family can have its greatest exposure.

For additional information, "A Citizen's Guide to Radon" pamphlet can be found at the following website: https://odh.ohio.gov/know-our-programs/radon-education-and-licensing-program/about-radon. For questions, please contact *Bob Letterio, Maintenance & Custodial Coordinator, at 614-797-5977*.
