COVID-19 Coronavirus Update

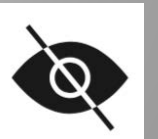

- Precautionary Measures for students, staff, families
- Preventative Measures in our schools
- Being Prepared: Infectious Disease Response Plan
- Monitoring for New Information
- Communication to our Public

Precautionary Measures

- COVID-19 Corona Virus is a flu-like virus
- **Symptoms: high fever, cough, difficulty breathing**
- **Reduce risk of infection by:**
 - Wash hands with soap and warm water
 - Cover your cough or sneeze
 - Avoid touching eyes, nose and mouth with unwashed hands
 - Stay home if you are sick and seek medical care if you have symptoms

Preventative Measures in our Schools

- Extra cleaning of high-use areas (door handles, light switches, bathrooms, keyboards, counter tops, phones) in classrooms/schools
- Buses high-use areas cleaned down after every run (handrails, seat tops, steering wheels, window handles)
- Cleaning solution available in classrooms for staff use to wipe surfaces
- Entire school disinfectant procedures and processes ready to implement if need be

Being Prepared: Infectious Disease Response Plan

The *Infectious Disease Response Plan* (of the EOP) includes:

- Infectious Disease Considerations
- Executive Team Responsibilities and Actions
- Considerations for closing school, schools or the district
- Communication Plan

West Linn-Wilsonville School District 3J
Infectious Disease Response Plan

In the event the Oregon Health Authority or Clackamas County Public Health Department recommends that West Linn-Wilsonville School District take actions to control or eliminate the spread of an infectious disease, the District will refer to this plan in order to manage the response.

I. Initial Contact
Once the Health Department contacts the Superintendent or other administrator that an infectious disease outbreak has occurred in the district, the District Cabinet Team members will be immediately informed and will proceed through their responsibilities as outlined below expeditiously.

II. Infectious Disease Considerations:

- 1) Type of infectious disease, method of transfer and quarantine duration
- 2) Public Health agency consultation to determine level of contagion any safety recommendations
- 3) Disinfection method based on type of virus/infection; safety protocols
- 4) Travel implications (local, regional, international)

III. Executive Team Responsibilities

Person	Action
Superintendent	<ul style="list-style-type: none">• Activates Emergency Operations Center• Informs Health Agencies• Informs School Board• Helps Communications Director draft message to community; use OHA messages, FAQ, resources• Informs OOE and City Officials, First Responders (if necessary)• Monitors incoming messages from OHA• Makes determination to close school(s) and/or activities
Communications Director	<ul style="list-style-type: none">• Sends communication to staff (including work expectations)• Sends communication to families (with translation)• Sends communication to city managers• Posts information on website, Facebook, social media• Manages media requests with Superintendent
Chief of	<ul style="list-style-type: none">• Notify all Operations staff

Ongoing Monitoring

District Safety Leadership Team (which includes the Superintendent) meets regularly to:

- Monitor daily information from Clackamas County Public Health, Oregon Health Authority, CDC
- Communicate with Clackamas ESD, other county school districts and Oregon Department of Education
- Monitor updates and/or announcements from Oregon School Activities Association (OSAA).

District Nursing Team monitors updates daily with Clackamas County Public Health.

Communication

- Currently, communication is being sent to school communities via list serv, website, Facebook.
- Communication was provided to both cities' leaders and city managers.
- Communication could be done through FlashAlert if need be.
