Carline Reminders for a Smooth Start

- Please display a visible name card on your visor. These can be purchased through FAPA or may be provided by your child's teacher.
- Practice unbuckling and getting ready before pulling up to the drop-off point to help keep the line moving.
- Students should enter and exit the vehicle from the passenger side for safe and efficient loading and unloading.
- Traffic flows one way during drop-off and pick-up, please follow the

designated pattern.

- Pull all the way up to the posted signs to help maximize space and keep the line moving smoothly.
- And most importantly practice patience! The process will become quicker and more efficient as everyone adjusts.

Thank you for helping us keep carline safe and smooth for all!
