2025-2026 South Parent & Family Engagement (PFE) Program

What is it?	South Elementary is committed to our vision: Every student matters and serves a purpose. We strive to provide high-quality education individualized for each student by developing and maintaining relationships with families and the community. One way we continue to do this is by participating in the Title I, Part A State Program. This program provides funding for low socioeconomic schools. In return, we promise to meet the expectations laid out for us by the Texas Education Agency and the United States Department of Education.
Funding	Title I funds will be allocated for the implementation of the parent and family engagement program. Such programs, activities and procedures will be planned and implemented with meaningful consultation with parents of participating children. Parents and family members of children receiving Title I, Part A services shall be involved in the decisions regarding how funds reserved for PFE activities are allotted for parental involvement activities.
Review	South Elementary will involve parents, in an organized, ongoing, and timely way, in the planning, review, and improvement of its Title I, Part A programs, including the planning, review, and improvement of the school parent and family engagement policy and the joint development of the campus's schoolwide program plan. The LEA's and campus's Title I, Part A programs are subject to audit by the Texas Education Agency to ensure that Title I, Part A program requirements are being met
