Winship Middle School

Parental Consent & Emergency Care

Dear Parents/Guardians of Prospective Winship Athletes,

Winship Middle School takes appropriate steps to protect your student athlete from injuries. Even so, accidents can and do happen while participating in school sports. Winship Middle School does not provide medical insurance coverage for school-related injuries. This means that you are responsible for any medical bills incurred if your student is injured during a sporting event.

Education Code section 32221.5 - Pupils Insurance for Athletic Teams

“Under state law, school districts are required to ensure that all members of school athletic teams have accidental injury insurance that covers medical and hospital expenses. This insurance requirement can be met by the school district offering insurance of other health benefits that cover medical and hospital expenses.

Some pupils may qualify to enroll in no-cost or low-cost local, state, or federal sponsored health insurance programs. Information about these programs may be obtained by calling 1-800-880-5305.”

As parent/guardian of _____, I understand that the school district does not provide medical insurance for student injuries.
