Jason Jaques, Assistant Secretary

Dear Community Partners,

We value the strong relationships we share with our community and the many ways you partner with us to support students and families. Because of that, we want to inform you of an important update regarding the use of our school facilities, specifically the track and field.

Beginning March 1st, 2026, our track and field areas will be under construction as part of an improvement project to enhance student athlete and community use in the future. During this time, we will be unable to rent or schedule activities on these facilities. Construction is expected to continue through July 2026.

We understand that this may cause inconvenience, and we appreciate your patience and understanding as we work to provide upgraded and safe facilities that will benefit both our students and the broader community. Once the project is complete, we look forward to welcoming you back to utilize our improved facilities.

Thank you for your continued partnership and support of our schools. If you have any questions, please contact me directly gsmith@griffith.k12.in.us

Sincerely,
Georgia Smith
Director of Building and Grounds
