

Other School Based Activities Guidelines

Goal #1 Schools will create a total school environment that is conducive to being physically active.

Guidelines:

- After-school programs will encourage physical activity and promote healthy habits.
- Schools will not deny student participation in physical activity as a form of discipline or classroom make-up time.
- Schools will schedule recess for elementary schools before lunch so that children will come to lunch less distracted and ready to eat.(2020-2021)
- Each school's newsletter will provide information about healthy eating and the benefits of physical activity.
