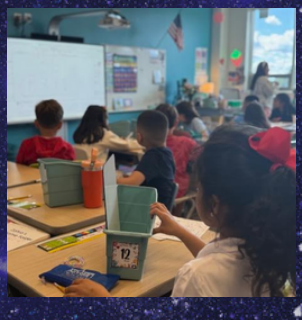
FIRST DAYS OF SCHOOL- EDITION

WELCOME BACK!

Principal's Orbit



We are very excited to have all of our students back! It has been an overall successful week!

The first days and weeks of school are important to get to know our routines, our expectations, and practice working together as a new classroom community. As I make my rounds to each an every student in the school, I remind them that we are always learning and working to be a better version of ourselves. I explained that my role is to help and support students, and to help our teachers develop a wonderful place to learn.

On a related note, a reminder to start bringing in your headphones for work and assessments that are conducted on the Chromebook.
