Superintendent's Letter

Mr. Walid Abushakra
Chairman and Superintendent

Congratulations to the AIS community on another year of progress, with AIS students attaining high levels of academic achievement and demonstrating their talents in arts and athletics. We can all take pride in the achievement of our students, which are as much a result of the support of their teachers and parents as of their own effort and dedication.

As the end of the 2024-2025 school year approaches, we're preparing to celebrate the Class of 2025 as they set off on their journey through higher education and adult life. We wish them all the success and happiness they deserve!

The end of the 2024-2025 school year marks an important milestone for AIS as we leave the campus we have called home for the past 20 years and relocate to our new state-of-the-art campus. We look forward to writing the next chapter in the history of AIS together in Uptown Cairo!

Mr. Walid Abushakra

Chairman and Superintendent

Director's Message

Gerald Redd

Dear AIS Community,

Congratulations on the successful completion of another remarkable school year! As we celebrate the achievements of this year, we also look ahead with great excitement to new beginnings—especially our transition to our new campus.

AIS has always been a place of growth, discovery, and transformation. This year, our students have demonstrated resilience, curiosity, and a commitment to excellence across academics, arts, athletics, and community service. You continue to embody our mission to be lifelong learners who contribute positively to an ever-changing world.

Our move to the new campus marks an exciting chapter in our school's journey. This transition represents not just a change in location, but a step forward in expanding opportunities for learning, innovation, and collaboration. It is a testament to our shared vision of providing an inspiring environment where students can thrive. Learning is not just about absorbing knowledge; it's about experiencing, questioning, and doing. Through hands-on exploration, we don't just grow—we thrive."

This year has been filled with joyful learning, meaningful experiences, and lasting memories. I wish you all a restful and rejuvenating summer and look forward to welcoming you to our new home in the fall—ready to embark on this exciting next chapter together!

Principal's Message

Richard Tapajna
Principal

Dear AIS Families,

This has been a fantastic year to learn and grow at the American International School in Egypt, Main Campus.

As we look back on this year, so many fond memories fill my head and heart. At the forefront of all of these, are the students. Their curious questions, their thoughtful comments, and their joyous laughter have filled our campus. Our students have been nurtured to develop the character traits of the AIS Portrait of Graduate by our dedicated faculty of caring professionals. They have been challenged to develop holistically from when they enter our strong early childhood programs to their transition at the bridging ceremony as they venture into their next phase of their education at middle school.

Our students and our staff appreciate the important collaboration and commitment of our parent community at AIS. I have enjoyed seeing our students and parents engaging together in the learning process from planning fun activities like sports day and performances to participating in parent workshops and parent teacher conferences. As partners in teaching and learning, we are able to provide the most meaningful opportunities to make connections between home and school.

As we look forward, we are taking a big step in our learning journey as we hold on to our memories from this campus, and look forward to making more memories at the new campus. I hope you all take the summer to reflect on what we have learned, and continue to foster curiosity and lifelong learning. Most of all, use the summer to recharge and have fun!

We look forward to seeing you at Uptown in the fall!

Principal's Message

Dear Middle School Families,

As we turn the pages of this yearbook, we celebrate not just another incredible year, but a milestone in our school's journey. This marks the final chapter in the story of our time in this beloved building—a place that has seen generations of students learn, grow, and thrive.

For years, these hallways have echoed with laughter, determination, and the curiosity of young minds. This campus has been more than a collection of classrooms; it has been a space where dreams were nurtured, friendships were forged, and character was built. Together, we have created a legacy that will live on in the hearts of all who walked through these doors.

As we prepare to move to our new campus next year, we carry with us not only cherished memories but also the values and traditions that make our school so special. The next chapter of our middle school community will be written in a new setting, but our commitment to excellence, innovation, and community remains steadfast.

To our incredible middle school students: Thank you for your energy, creativity, and resilience. You have left an indelible mark on this campus and on each other. To our dedicated middle school teachers and staff: Your passion and hard work have shaped this school into the extraordinary place it is today. And to our families: Your unwavering support has been the foundation of our success.

Let this yearbook serve as a time capsule—a celebration of the moments that define us and a reminder of the exciting journey ahead. Though we bid farewell to this campus, we do so with gratitude and anticipation, ready to embrace the opportunities that await us at our new home.

Here's to the memories we've made, the challenges we've overcome, and the bright future that lies ahead. Thank you for being part of this remarkable journey.

With heartfelt appreciation,

Principal's Message

David King
Principal

This year has been incredibly special for me, marking my fifth year as a High School administrator at AIS and my ninth year overall. It's been a unique privilege to watch the Class of 2025 grow, as they are the same students I taught in 6th-grade social studies. Similarly, I've had the joy of seeing the Classes of 2026 and 2027, whom I taught in 3rd grade, continue to thrive. It was a pleasure to get to know many students from the Class of 2028.

Being a part of this community has been a true honor, and witnessing our students learn and flourish has brought me immense joy. This year, we really embraced our school's theme: "AIS students make the world a better place." Our commitment to engaging with the world around us has led to some unforgettable experiences—from team-building activities high above the forest floor in Portugal with our seniors to exploring the magical Siwa Oasis under the stars with our 9th graders. These moments have enriched not only our students' lives but also my own.

I am so proud of our dedicated HS staff, our remarkable students, and the supportive parents who make this community what it is. This year has been a tremendous success, filled with achievements and memories that I will cherish forever. While I'm sad to be leaving, I can't imagine a more meaningful year to conclude my journey at AIS. The experiences we've shared and the friendships we've built will always hold a special place in my heart.

As I move forward, I will carry with me the wonderful memories of our students and the beautiful landscapes of Egypt that have touched my life in so many ways. Thank you all for being part of this incredible journey.

“Grateful for the memories and the journey.”

Abdullah Youssef

Thanks to my parents, sister, ChatGPT, and the genius behind copy-paste. You all helped me survive the rollercoaster that was high school. From the highs to the lows, and every procrastinated moment in between, I couldn’t have done it without my friends who kept me sane through the chaos. Thanks for the memories, the laughs, and the caffeine-fueled panic that somehow made it all worth it.

I never thought I'd make it here, and I can't express how happy I am to finally graduate! I wouldn't have achieved this without the most important people in my life (The Doudigz). My mom and dad have always supported me through everything—basketball, school, and life. Without them, I wouldn't be who I am today. And of course, my sister—always there for me. From snitching days to now, we've grown so much closer. Shabab el 3omr—homa ekhwayty w tool hayatko hatkoono fe dahry. GGB—my brothers Yehia and Baheay—always there and truly get me. My time at AIS has been amazing, but it's finally (Alhamdulillah) come to an end. I would like to thank my wonderful parents, who have supported me all these years, and my amazing sisters, Hala and Engy, whom I wouldn't replace for the world. I would also like to thank my entire friend group—you guys have always been there for me, truly my second home. From the bottom of my heart, thank you for this once in a lifetime experience. And for the last time HOUDA OUT!

Malak Elfakharany

It's 2025, and I hope I made you proud. My journey wouldn't be the same without my role models and best friends. To my family, thank you for everything. It's time to actually see someone walk past the AIS stage. My year wouldn't have been the same without the emotional rollercoasters, but those are thanks to my munchkins and mini (my chosen family). AIS has been my "second home" for 14 years, and parting ways doesn't seem real. But it's time to say, last "fikha" out—for good this time.

Malak Yassin

13 years later it's finally my turn to say I am graduating. With a heavy heart, I'm letting go of AIS but forever holding on to its memories. To my friends along the way, as much as I love you , I couldn't be happier to leave you in high school. I wouldn't be who I am today without mommy by my side, pappy's support, and of course dala. Finally my best friend, Farida, I hope you'll be able to do your own assignments in uni. To the greatest years of my life, i love you and take care of Kemo!

Malak Zaghloul

It's crazy to think that AIS, the place where all my best memories were made, won't even be there anymore. Thank you AIS for making these past 14 years unforgettable and for being my comfort zone. Mommy, Papi, and Yasso, my best friends, you keep me going everyday. My girlies, I'm keeping you forever. Of course Mini, I love you guys. AIS you'll truly be missed and as they always say, save the best for last... Mickey outtt!
