

MEET THE SCHOOL NURSE

Mrs. Meyer

welcome!

Hello, my name is Colleen Meyer and I am the school nurse at School One! This will be my seventh year at School One and I am certain it will be another great year! I started my nursing career working in a hospital setting. For many years, I helped care for inpatient pediatric and adult patients. I loved my experience caring for children and that is what led me to school nursing. I look forward to meeting each and every student throughout the school year!

about me

I was born and raised in Cranford, New Jersey. I received my Bachelor's of Science Degree in Nursing from Ramapo College, my school nurse certificate from Rutgers University, and my Masters of Education in Health and Wellness from the American College of Education. My husband and I have two sons Logan and Owen as well as our dog, Boomer. In our spare time, we love to travel especially to Disney World. We also enjoy camping and making s'mores!
